The Arthur Of The French The Arthurian Legend In Medieval French And Occitan Literature:

The Arthur of the French Glyn Sheridan Burgess, Karen Pratt, 2006 This work focuses on the production dissemination and evolution of Arthurian material in French and Occitan from the 12th to the 15th century *The Arthur of the French* Karen Pratt (other adaptation) Glyn Burgess (other adaptation), 2020 **Rewriting Medieval French Literature** Leah Tether, Keith Busby, 2021-07-05 Jane H M Taylor is one of the world's foremost scholars of rewriting or r critique Her focus has been on literature in medieval and Renaissance France but rewriting including continuation translation and adaptation lies at the heart of literary traditions in all vernaculars This book explores both the interdisciplinarity of rewriting and Taylor's remarkable contribution to its study The rewriting and reinterpretation of narratives across chronological social and or linguistic boundaries represents not only a crucial feature of text transmission but also a locus of cultural exchange Taylor has shown that the adaptation of material to conform to the expectations values or literary tastes of a different audience can reveal important information regarding the acculturation and reception of medieval texts In recent years numerous scholars across disciplines have thus turned to this field of enquiry This collection of studies dedicated to the rewriting of medieval French literature from the twelfth to the twenty first centuries by Taylor's friends colleagues and former students offers not only a fitting tribute to Taylor's career but also a timely consolidation of the very latest research in the field which will be vital for all scholars of medieval rewriting With contributions from Jessica Taylor Keith Busby Leah Tether Logan E Whalen Mireille S guy Christine Ferlampin Acher Ad Putter Anne Salamon Patrick Moran Nathalie Koble Bart Besamusca Frank Brandsma Richard Trachsler Carol J Chase Maria Colombo Timelli Laura Chuhan Campbell Joan Tasker Grimbert Jean Claude M hlethaler Michelle Szkilnik Thomas Hinton Elizabeth Archibald

Verbindungen in dieser Zeit The Cambridge Companion to the Arthurian Legend Elizabeth Archibald, Ad Putter, 2009-09-10 For more than a thousand years the adventures of King Arthur and his Knights of the Round Table have been retold across Europe They have inspired some of the most important works of European literature particularly in the medieval period the romances of Chr tien de Troyes Wolfram von Eschenbach s Parzival Sir Gawain and the Green Knight and Malory s Le Morte d Arthur In the nineteenth century interest in the Arthurian legend revived with Tennyson Wagner and Twain This Companion outlines the evolution of the legend from the earliest documentary sources to Spamalot and analyses how some of the major motifs of the legend have been passed down in both medieval and modern texts With a map of Arthur s Britain a chronology of key texts and a guide to further reading this volume itself will contribute to the continuing fascination with the King and his many legends *Handbook of Arthurian Romance* Leah Tether, Johnny McFadyen, 2017-06-26 The renowned and illustrious tales of King Arthur his knights and the Round Table pervade all European vernaculars as well as the Latin tradition Arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the Latin chronicles of historians such as Geoffrey of Monmouth into masterful literary works like the romances of Chr tien de Troyes Evidently a big hit Arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every European vernacular during the thirteenth and fourteenth centuries This Handbook seeks to showcase the European character of Arthurian romance both past and present By working across national philological boundaries which in the past have tended to segregate the study of Arthurian romance according to language as well as by exploring primary texts from different vernaculars and the Latin tradition in conjunction with recent theoretical concepts and approaches this Handbook brings together a pioneering and more complete view of the specifically European context of Arthurian romance and promotes the more connected study of Arthurian literature across the entirety of its European context **Arthurian Literature** Bart Besamusca, Frank Brandsma, Keith Busby, 2007 Essays demonstrating that Arthur belonged to the whole of Europe not just England **The Arthur of the Low Countries** Bart Besamusca, Frank Brandsma, 2021-01-15 There is no book length overview of the Dutch Arthurian tradition in English available at this moment Like the other books in the ALMA series this book will give the state of the art in in this case Dutch Arthurian studies This book provides a comprehensive and informed survey of medieval Arthurian literature in Dutch *Medieval French Literary Culture Abroad* Jane Gilbert, Simon Gaunt, William Burgwinkle, 2020-02-27 The monograph series Oxford Studies in Medieval Literature and Culture showcases the plurilingual and multicultural quality of medieval literature and actively seeks to promote research that not only focuses on the array of subjects medievalists now pursue in literature theology and philosophy in social political jurisprudential and intellectual history the history of art and the history of science but also that combines these subjects productively It offers innovative studies on topics that may include but are not limited to manuscript and book history languages and literatures of

the global Middle Ages race and the post colonial the digital humanities media and performance music medicine the history of affect and the emotions the literature and practices of devotion the theory and history of gender and sexuality ecocriticism and the environment theories of aesthetics medievalism The field of medieval francophone literary culture outside France was for many years a minor and peripheral sub field of medieval French literary studies or in the case of Anglo Norman of English studies The past two decades however have seen a major reassessment of the use of French in England in the Low Countries in Italy and in the eastern Mediterranean and this impacts significantly upon the history of literature in French more generally This book is the first to look at the question overall rather than just at one region It also takes a more sustained theorised approach than other studies drawing particularly on Derrida and on Actor Network Theory It discusses a wide range of texts some of which have hitherto been regarded as marginal to French literary history and makes the case for this material being more central to the literary history of French than was allowed in more traditional approaches focused narrowly on France Many of the arguments in *Medieval French Literary Culture Abroad* are grounded in readings of texts in manuscript rather than in modern critical editions and sustained attention is paid throughout to manuscripts that were produced or travelled outside the kingdom of France

The Late Medieval Image Debate in English and French Literature, 1160-1500 Yun Ni, 2025-11-27 Early modern reformers claimed to reject a superstitious image obsessed medieval past but what if medieval thinkers had already begun to critique sacred images This book reveals how late medieval literature reimagined breaking images as radical creation not destruction Step into the world of Arthurian legends The Romance of the Rose and saints lives where shattered statues and broken relics generate new meaning Explore the writings of Chaucer and Julian of Norwich who grapple with divine truth not by preserving images but by dismantling and remaking them This book uncovers a literary self that is dynamic assertive and subversive centuries before the Renaissance claims to invent it

Arthurian Literature XXXIX Megan G. Leitch, K. S. Whetter, 2024-06-04 Delivers fascinating material across genres periods and theoretical issues TIMES LITERARY SUPPLEMENT This volume is a special issue dedicated to Professor Elizabeth Archibald who has had such an impact on and made so many significant contributions to the field of Arthurian Studies It maintains its tradition of diverse approaches to the Arthurian tradition albeit on this occasion with a particular focus on Malory appropriately reflecting one of Professor Archibald's main interests It starts with the essay awarded this year's D S Brewer Prize for a contribution by an early career scholar which considers the little known debt owed by early modern sailors to Arthurian knighthood and pageantry The essays that follow begin with a wide ranging account of manuscript decorations and annotations in Geoffrey of Monmouth's *Historia* before turning to the Evil Custom trope in Sir Gawain and the Green Knight Further contributions explore the formalities of requests and conditions in Malory's Tale of Gareth emotional excess and magical transformation in several scenes across the *Morte Darthur* tensions between public and private and self and identity in Malory's *Sankgreal* and friction between the external and imposed law and internal and subjective but honourable code of chivalry especially apparent in Malory's final Tales The last article examines the ways in which Mordred's origins in modern Arthurian fiction build on Malory's false or forgotten promise to relate Mordred's upbringing The volume closes with a short tribute to Elizabeth Archibald highlighting her leadership in the field and her encouragement of scholarly collaboration and community

Arthurianism in Early Plantagenet England Christopher Michael Berard,2019 First full scale account of the use of the Arthurian legend in the long twelfth century The precedent of empire and the promise of return lay at the heart of King Arthur's appeal in the Middle Ages Both ideas found fullness of expression in the twelfth century monarchs and magnates sought to recreate an Arthurian golden age that was as wondrous as the biblical and classical worlds but less remote Arthurianism the practice of invoking and emulating the legendary Arthur of post Roman Britain was thus an instance of medieval medievalism This book provides a comprehensive history of the first 150 years of Arthurianism from its beginnings under Henry II of England to a highpoint under Edward I It contends that the Plantagenet kings of England mockingly ascribed a literal understanding of the myth of King Arthur's return to the Brittonic Celts whilst adopting for themselves a figurative and typological interpretation of the myth A central figure in this work is Arthur of Brittany 1187-1203 who for more than a generation was the focus of Arthurian hopes and their disappointment CHRISTOPHER MICHAEL BERARD is a Visiting Assistant Professor of English at Providence College He completed his PhD at the University of Toronto's Centre for Medieval Studies **Marco Polo Research: Past, Present, Future** Hans Ulrich Vogel,Ulrich Theobald,2024-06-26
