Aspects of British Music of the 1990s Peter O'Hagan, 2017-07-05 The 1990s work of six British composers forms the focus of this collection of essays arising from a conference that took place at University of Surrey Roehampton in February 1999. The composers whose music is discussed are James Dillon Thomas Ad Harrison Birtwistle Jonathan Harvey Edwin Roxburgh and Sebastian Forbes. Reflecting the aims of the conference this volume brings together composers and musicologists to discuss significant works from the last decade of the twentieth century and also some of the wider issues surrounding British music. Arnold Whittall and Julian Johnson provide perspectives on the plurality of contemporary British music. Edwin Roxburgh offers a personal account of The Artists Dilemma whilst the essays that follow explore aspects of musical form and structure in a variety of works. The second half of the book comprises interviews with most of the composers whose music is discussed in Part I adding a further dimension to our understanding of the preoccupations of British composition at the end of the twentieth century. **Elements of the Picaresque in Contemporary British Fiction** Ion Piso, Ligia Tomoiagă, 2012-03-15 This study looks back at the picaresque with its Spanish roots and especially with its tradition in English literature then it comes to contemporary times and identifies elements of the picaresque in contemporary novels. The main thesis of the author is that the picaresque has never left the literary scene in Britain being an aesthetic invariant which expresses a natural inclination of the British authors towards the picaresque story. Postcolonial authors also favour this genre as a consequence of their own literary tradition which includes particular variants of the picaresque and as a result of their own situation as immigrant displaced authors which gives them material for stories of displaced characters rogues. The study rigorously identifies the sources of the contemporary protocols of the picaresque as well as a few variants of picaresque stories in a selection of novels the author accounts for theoretically. Wyndham Lewis and British Art Rock Thomas Keller, 2024-02-12 This study connects the idiosyncratic modernism of Wyndham Lewis co-founder of the Vorticist art movement with works of several artists from the British art rock tradition among them Bryan Ferry David Bowie art punk pioneers Wire and electronic pop musician John Foxx. By taking a transdisciplinary and intermedial approach to texts from two fields normally studied in isolation and staking out the elements of a shared modernist ethos the book presents a new perspective on both fields relevant to scholars of literature popular culture and the visual arts alike. While the book rests on sound research from the fields of literary criticism art history and pop theory the structure and writing of the book is fundamentally designed to be accessible and comprehensible to non scholarly readers.

Quinn, 2018-08-20 First published in 1998 this volume considers the subject of arts policy as a subject of public policy making proper in UK and Ireland with a particular focus on theatre as a profession rather than a mere hobby. Previous studies have placed the burden of policy improvements on the arts themselves looking at what the arts can do to be worthy of government funding and

favourable policy and have seen government actions as if they have a uniform effect This study takes the arts out of the abstract and discusses specific ways that diverse activities with even more diverse needs can be best approached with government policy assessing the strengths and weaknesses of government initiatives It is aimed at both political scientists and anyone with an interest in arts and cultural policy     *The Art of Roman Britain* Martin Henig,2002-11 With the help of over 100 illustrations many of them little known Martin Henig shows that the art produced in Britannia rivals that of other provinces and deserves comparison with the art of metropolitan Rome     **Entertainment and the Arts in Great Britain** British Information Services,1950     **The Phaidon Companion to Art and Artists in the British Isles** Michael Jacobs,Malcolm Warner,1980     **Report of the ...
