Asceticism and Its Critics Oliver Freiberger, 2006-10-19 Scholars of religion have always been fascinated by asceticism Some have even regarded this radical way of life the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self mortification as the ultimate form of a true religious quest This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style Scholars have often overlooked however that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically This book is a first attempt of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is

consequences for how we experience everyday life Ascetic Modernism in the Work of T S Eliot and Gustave Flaubert
Henry Michael Gott, 2015-10-06 Gott examines Eliot's *The Waste Land* 1922 in conjunction with Gustave Flaubert's *La Tentation de Saint Antoine* 1874 He provides a highly original reading of both texts and argues that a stylistic affinity exists between the two works Theology as Ascetic Act Nathan G. Jennings, 2010 Nathan G Jennings's captivating study explores the ascetical logic of the various practices that Christians call theology By establishing ascetic practice as coherent within the logic of Christian thought Jennings argues that Christian theology itself as an embodied Christian practice is a type of and participant in Christian asceticism Jennings establishes that the implications of such an understanding of Christian theology can be brought to bear on modern Christian scholarship in profound and transformative ways With engagements and references that span a vast terrain from Patristic authors to modern systematic theologians *Theology as Ascetic Act* Disciplining Christian Discourse is a significant contribution to both modern Christian thought and the study of asceticism

Asceticism Vincent L. Wimbush, Richard Valantasis, 2002-05-23 From meditation and fasting to celibacy and anchoritism the ascetic impulse has been an enduring and complex phenomenon throughout history Offering a sweeping view of this elusive and controversial aspect of religious life and culture *Asceticism* looks at the ascetic impulse from a unique vantage point Cross cultural cross religious and multidisciplinary in nature these essays provide a broad historical and comparative perspective on asceticism a subject rarely studied outside the context of individual religious traditions The work represents the input of more than forty preeminent scholars in a wide range of fields and disciplines and analyzes asceticism from antiquity to the present in European Near Eastern African Asian and North American settings *Asceticism* is organized around four major themes that cut across religious traditions origins and meanings of asceticism which explores the motivations and impulses behind ascetic behaviors hermeneutics of asceticism which looks at texts and rhetorics and their presuppositions aesthetics of asceticism which documents responses evoked by ascetic impulses and practices as well as the arts of ascetic practices themselves and politics of asceticism which analyzes the power dynamics of asceticism especially as regards gender cultural and ethnic differences Critical responses to the major papers ensure the focus upon the themes and unify the discussion Two general addresses on broad philosophical and historical interpretive issues suggest the importance of the subject of asceticism for wide ranging but serious cultural critical discussions An Appendix *Ascetica Miscellanea* includes six short papers on provocative topics not related to the four major themes and a panel discussion on the practices and meanings of asceticism in contemporary religious life and culture A selected bibliography and an index are also included The only comprehensive reference work on asceticism with a multicultural multireligious and multidisciplinary perspective *Asceticism* offers a model not only for an understanding of a most important dimension of religious life but also for future interdisciplinary study in general *Annual Review of the Sociology of Religion. Volume 5 (2014)*, 2014-11-13 In contrast with the growing belief in society that traditional religious institutions are losing credibility there has been renewed interest

in monasteries going beyond what is strictly defined as religious There are for example increasingly numerous requests for cooking and gardening courses as well as guided tours in monasteries the appeal of monastic products and media interest in the subject In parallel with a strong crisis in its recruitment monasticism in the Western world is experiencing a period of innovation and experiments accompanied by unexpected popularity as is evidenced by numerous films and publications We hope that this book will deepen the understanding of the specificity of monastic life in the in the contemporary world in a religious area and from a sociological point of view **Paul against the Nations** Neil Elliott,2023-11-10 In these essays some of them never published before Neil Elliott presents an understanding of Romans at odds with the traditional Protestant understanding a treatise on justification by faith or the New Perspective Paul s argument with Jewish ethnocentrism The letter that emerges here is an urgent response to a historical situation Paul engages what would quickly become the supersessionist norm in gentile Christianity shaped by the Roman construal of subject peoples Gathered here for the first time these studies rely on rhetorical criticism broad attention to Roman imperial ideology and postcolonial criticism to argue for a strikingly new perspective on Romans **Wandering, Begging Monks** Daniel Folger Caner,2020-05-12 An apostolic lifestyle characterized by total material renunciation homelessness and begging was practiced by monks throughout the Roman Empire in the fourth and fifth centuries Such monks often served as spiritual advisors to urban aristocrats whose patronage gave them considerable authority and independence from episcopal control This book is the first comprehensive study of this type of Christian poverty and the challenge it posed for episcopal authority and the promotion of monasticism in late antiquity Focusing on devotional practices Daniel Caner draws together diverse testimony from Egypt Syria Asia Minor and elsewhere including the Pseudo Clementine Letters to Virgins Augustine s On the Work of Monks John Chrysostom s homilies legal codes to reveal gospel inspired patterns of ascetic dependency and teaching from the third to the fifth centuries Throughout his point of departure is social and cultural history especially the urban social history of the late Roman empire He also introduces many charismatic individuals whose struggle to persist against church suppression of their chosen way of imitating Christ was fought with defiant conviction and the book includes the first annotated English translation of the biography of Alexander Akoimetos Alexander the Sleepless Wandering Begging Monks allows us to understand these fascinating figures of early Christianity in the full context of late Roman society **Henry James's New York Edition** David Bruce McWhirter,David McWhirter,1998 Toward the end of James s career Charles Scribner s Sons offered to publish his collected work under the overall title The New York Edition of the Novels and Tales of Henry James This book is the first comprehensive effort to apprehend the full complexity of James s self performance there **Corporeality, Medical Technologies and Contemporary Culture** Francisco Ortega,2013-12-17 Corporeality Medical Technologies and Contemporary Culture engages the confusions and contradictions in current attitudes to and practices of the body **The Oxford Handbook of Victorian Medievalism** Joanne Parker,Corinna Wagner,2020 The Oxford Handbook of Victorian

Medievalism Covers all aspects of medievalism in Victorian Britain Contextualizes the phenomenon historically with chapters looking at earlier centuries Relates Victorian medievalism to medievalism in other countries Book jacket **The Character of Criticism** Geoffrey Galt Harpham, 2013-10-28 Why are some critical texts more compelling memorable or engaging than others Can criticism be judged as a discourse of description explanation and analysis alone or do our evaluations reflect other kinds of investments in it In this book Geoffrey Galt Harpham argues that the most powerful and effective criticism demands to be read as an expression of a distinctive sensibility a way of being in the world it demands in other words to be read as a discourse of character Through a series of detailed and intimate intellectual portraits of leading critics Elaine Scarry Martha Nussbaum Slavoj Žižek and Edward Said Harpham unfolds the complex and indirect ways in which human character is expressed in criticism A final chapter on Criticism in a State of Terror assesses the contemporary situation The Character of Criticism represents not just a snapshot of contemporary criticism but a fresh approach to criticism itself that clarifies the stakes involved for writers and readers of criticism alike It does so not by making difficult thinking easy but by making it stranger more idiosyncratic exotic and singular *The Sex Lives of Saints* Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula The Sex Lives of Saints frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest Lives of Saints mostly dating to the late fourth and early fifth centuries Jerome's Lives of Paul Malchus Hilarion and Paula Gregory of Nyssa's Life of Macrina Augustine's portrait of Monica Sulpicius Severus's Life of Martin and the slightly later Lives of so called harlot saints Queer's m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus's reading promisingly mobile diverse and open ended *Religion and Cultural Studies* Susan L. Mizruchi, 2021-01-12 Americans have never been more religious than they are now at the dawn of the twenty first century By all reports attendance rates at traditional places of worship are high and rising the influx of new immigrant religions has revitalized standard faiths and drawn in those who had strayed from them Popular television shows like The Simpsons feature characters who go to church every Sunday and speak to God special events like the 1998 outdoor mass in Worcester Massachusetts for a comatose girl believed to have miraculous powers attract thousands of people This collection is both part of this ferment and an intellectual reflection upon it Religion and

The Heavenly Trumpet Margaret Mary Mitchell, 2002-01-01 Arguing that all Pauline interpretation depends significantly on the ways in which readers formulate their own images of the apostle Margaret M Mitchell posits that John Chrysostom the most prolific interpreter of the Pauline epistles in the early church exemplifies this phenomenon Mitchell brings together Chrysostom's copious portraits of Paul of his body his soul and his life circumstances and for the first time analyzes them as complex rhetorical compositions built on well known conventions of Greco Roman rhetoric Two appendices offer a fresh translation of Chrysostom's seven homilies de laudibus sancti Pauli and a catalogue of color plates of artistic representations that graphically represent the author exegete dynamic this study explores
