The Asian Church In The New Millennium Reflections On Faith And Life:

The Asian Church in the New Millennium Raúl Fernández-Calienes, 2000 Contributed articles **Religions of Melanesia** Garry Trompf, 2006-09-30 Melanesia boasts over one quarter of the world's distinct religions and presents the most complex religious panorama on earth. The region is famous for its unusual new religious movements that have adapted traditional beliefs to modernity in surprising ways. As the first bibliographical survey to comprehensively cover the entire region, *Religions of Melanesia* is an invaluable research aid for anyone interested in this growing field. Trompf's work is a complete listing of scholarly publications and provides readable and concise descriptions that will clearly guide the researcher toward the most relevant sources. This survey covers 2188 entries organized topically and regionally. Trompf covers such subjects as traditional and modern belief systems and the emergent indigenous Christianity that has taken root. Regional coverage includes Irian Jaya, Papua New Guinea, Solomon Islands, Vanuatu, New Caledonia, and Fiji. *Indian Church History Review*, 2001 **Religious Life in a New Millennium Volume One** Sandra M. Schneiders, I.H.M.,

Asian Contextual Theology for the Third Millennium Paul S. Chung, Veli-Matti Kärkkäinen, Kim Kyoung-Jae, 2007-01-01 In this volume, an attempt is undertaken to highlight the genesis, progress, and transformation of Asian contextual theology of minjung, introducing its historical point of departure, its development, and its transformation in light of younger Korean and Korean American scholars' endeavors. In this regard, the new Asian contextual theology, which is emerging, strives to integrate both minjung and the wisdom of World Religions into its own framework and direction, assuming the character of a public theology and remaining humble and open before God's mystery while featuring its association with minjung in a holistic way.

Asian Synod Peter C. Phan, 2015-02-19 *The Asianization of Christianity* Jonathan D. James, 2024 The Asianization of Christianity is a catalyst to change the mission landscape of Asia by making the Gospel more accessible to Hindus, Buddhists, Muslims, Animists, and others. It is hoped that a new generation of mission leaders will use these culturally specific principles to build bridges from the heart of God to the heart of Asian cultures. *Indian Books in Print*, 2003 **Changing Goals of the American Madura Mission in India, 1830-1916** Mary Schaller Blaufuss, 2003 Mission theory, including motivations, goals, and theology, has always been part of mission activities, but most written history of the Modern Missionary Movement, especially from North America, has neglected its clear articulation. This book addresses that dearth by examining mission goals in the American Madura Mission of the American Board of Commissioners for Foreign Missions between the years 1830 and 1916, noting a change in emphasis from church-centered to society-centered goals during this period. Goals of the AMM in India received shape through the interaction of ABCFM Foreign Corresponding Secretaries articulating official goals of the Boston Board with specific missionaries of the AMM relating their success stories and articulating hopes for their work through letters and journals. Highlighting the work of AMM missionaries William Tracy, William Capron, Frank Van Allen, and Eva Swift and their interaction with Board Secretaries Rufus Anderson, Nathaniel Clark, and James Barton demonstrates the

dynamic process through which goals were forged in the AMM and in ABCFM work in other parts of the world **Church Partnerships in Asia** Michael Nai-Chiu Poon, 2011 *Shaking the Fundamentals* Jan van Lin, 2016-08-09 The issue central to this study can be considered one of the most pressing facing the World Council of Churches today and in the decades to come and is much greater than that which confronted the International Mission Council in the years 1910 to 1938 The question answered in this study is what significance can the theology of religions as it developed between 1910 Edinburgh and 1938 Tambaram have for present day endeavours to develop a more common understanding and vision within the ecumenical movement as regards the theological problem of religious plurality This significance becomes clear in the conclusions and suggestions in the final chapter One of these conclusions is that classic Trinitarian theology and Pneumatology will be incapable of drawing the theology of religions out of the present impasse as long as traditional Christological models continue to exist within them A commemoration of the Edinburgh meeting will undoubtedly be organized in 2010 and in view of this commemoration Dr van Lin suggests considering the possibility of starting a process of reflection on the World Council of Churches theology of religions similar to those on Baptism Eucharist and Ministry and Towards the Common Expression of the Apostolic Faith Today Given the fact that the study of religious plurality shakes the ecumenical movement to its foundations within the foreseeable futures serious thought has to be given to placing the study of the theology of religions on the agenda of Faith and Order within the World Council of Churches *Asian Catholic Women* Thao Nguyen, 2019-11-20 Studying the various movements among women in the Catholic Church in Asia the author argues that the preexisting male dominated church rooted in the colonial era is now being challenged to recentralize itself and exercises an inclusive and participatory ecclesiology in which women should become fuller members of the church and participate in the decision making processes of the church For only when the church in Asia discovers and recognizes the richness of women's potential leadership charisma and vision will it be able to witness to the Gospel values and fulfill its vision of mission in Asia The author shows that Asian Catholic women have played and continue to play a crucial role in designing and carrying out multiple areas of the church's ministries that men failed to do Furthermore the author shows that through the interactions and dialogue with Asian bishops in recent decades Asian Catholic women have gradually influenced the Asian bishops' consciousness of women's issues and concerns *The Identity and Mission of the Korean American Church* Enoch Jinsik Kim, Sebastian Kim, 2024-07-02 This volume interweaves contributions from a group of scholars brought together for the 2022 Korean Studies Center Symposium at Fuller Theological Seminary The collection provides a forum for scholars of Korean American Protestant churches to address key challenges concerning the sociocultural and theological formation of identity and mission as these churches continue to navigate their place in society in relation to others including Korean churches in South Korea mainline churches in the US other ethnic churches and multiethnic churches The chapters address the following issues who the Korean American churches are God's vision for the Korean American churches how to

interpret Korean Americans journey in immigrant church history how heritage sustained them and will keep them what the immigrant church should know in this post pandemic time and the hopes of the next generation *T&T Clark Handbook of Asian American Biblical Hermeneutics* Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities **American Book Publishing Record**, 2002 *Mana Maori and Christianity* Hugh Morrison, Lachy Paterson, Brett Knowles, Murray Rae, 2012-06-01 This book examines encounters between the Christian church and Maori Christian faith among Maori changed from Maori receiving the missionary endeavours of Pakeha settlers to the development of indigenous expressions of Christian faith partnerships between Maori and Pakeha in the mainline churches and the emergence of Destiny Church The book looks at the growth development and adaptation of Christian faith among Maori people and considers how that development has helped shape New Zealand identity and society It explores questions of theology historical development socio cultural influence and change and the outcomes of Pakeha interactions with Maori *The Church in India in the Emerging Third Millennium* Thomas D'Sa, 2005 Contributed papers presented at the seminar organized by NBCLC during Jan 4 9 2005 **Mariology at the Beginning of the Third Millennium** Kevin Wagner, M. Isabell Naumann, Peter John McGregor, Paul Morrissey, 2017-04-24 Since the Second Vatican Council the place of Mary in theology and generally in the life of the Church has been at times muted This is perhaps understandable given the debates concerning Mary's place in the documents of Vatican II In an ecumenical age it was argued the church needed a less triumphalist Mariology and piety with a greater focus on Mary as model disciple In certain respects this has led to a dichotomy between the continued Marian piety of many faithful and truth be told the piety of the post conciliar popes and a theological timidity concerning Mary This collection of chapters seeks to address the current situation of Mariology Taken as a whole these chapters represent a welcome call for renewal and reawakening in Mariology The collection is also delightfully eclectic both in terms of topics covered and in terms of the denominational and academic backgrounds of the authors

Nonviolence for the Third Millennium G. Simon Harak, 2000 *The Missiological Spirit* Amos Yong, 2014-11-10

The field of the theology of mission has developed variously across Christian traditions in the last century. Pentecostal scholars and missiologists also have made their share of contributions to this area. This book brings the insights of pentecostal theologian Amos Yong to the discussion. It delineates the major features of what will be argued as central to a viable vision and praxis for Christian mission in a postmodern, post Christendom, post Enlightenment, post Western and postcolonial world. What emerges will be a distinctively pentecostally and evangelically informed missiological theology, one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural, ethnic, religious and disciplinary discourses and realities. The argument unfolds through dialogical engagements with the work of others, concrete case studies and systematic theological reflection. Yong's pneumatological and missiological imagination proffers a model for Christian theology of mission suitable for the twenty-first century global and pluralistic context, even as it exemplifies how a missiological understanding of theology itself unfolds amidst engagements with contemporary ecclesial practices and academic theological impulses.
