**The Asians** Paul Thomas Welty, 1976      *Asian Heritage Management* Kapila D. Silva, Neel Kamal Chapagain, 2013 The prevalent global heritage discourse has been primarily Euro centric in its origin premise and praxis Diverse cultural historical and geographical contexts such as that of Asia call for more context specific approaches to heritage management This book explores this complexity of managing the cultural heritage in Asia Case studies include sites of Angkor Himeji Castle Kathmandu Valley Luang Prabang Lumbini and Malacca and the book uses these to explore the religious worldviews heritage policies intangible heritage dimensions traditional preservation practices cultural tourism and the notion of cultural landscape that are crucial in understanding the cultural heritage in Asia It critiques the contemporary regulatory frameworks in operation and focuses on the issues of global impact on the local cultures in the region The book goes on to emphasize the need for integrated heritage management approaches that encompass the plurality of heritage conservation concerns in Asian countries Themes are discussed from the vantage point of heritage scholars and practitioners in the South Southeast and East Asia This book thus presents a distinctive Asian perspective which is a valuable source for students and practitioners of heritage within and beyond the Asian context      **Asian and Pacific Islander Americans** Daya Singh Sandhu, 1999 Scholars of psychology education social work and counseling examine such topics as transracial adoption women s issues substance abuse and the racial experiences of 43 different ethnic groups often statistically lumped together Among the specific topics are Asian Indian women s bicultural experience political ethnic identity versus cultural ethnic identity ethnic variations in the adaptation of recent immigrant Asian adolescents regarding and sexual abuse      **The Asians** Paul Thomas Welty, 1972      **Canadian Immigration and South Asian Immigrants** Abdur Rahim, 2014 South Asian immigrants have made a significant contribution to the Canadian mosaic However their trials and tribulations and their successes and failures constitute a story that remains untold To know of their arrivals their struggles to beat the odds as well as their successes is to read a story of hard work of tireless effort to make it of the commitment to belong and of ultimate success This process not only re shaped them from who they were to who they are now but also re shaped Canada that we know today Their influence can be felt in the arts and sciences the humanities and in politics community works and in social services This book is an attempt to understand the what and how of that unfolding process and also to know the real concerns about the conditions of Canada s ethnic minority population South Asian Canadians and their children in particular
