The Assassination Tapes:

The Assassination Tapes George J. A. O'Toole, 1975 THE ASSASSINATION TAPES contain the recorded statements of more than forty persons having direct knowledge of the assassination of President Kennedy The Assassination Tapes George J. A. O'Toole, 1977 From the back cover The Assassination Tapes is an electronic probe into the conspiracy behind the assassination of John F Kennedy and the Dallas cover up utilizing the most amazing electronic development of the decade the Psychological Stress Evaluator *The Kennedy Assassination Tapes* Max Holland, 2004-09-14 A major work of documentary history the brilliantly edited and annotated transcripts most of them never before published of the presidential conversations of Lyndon B Johnson regarding the Kennedy assassination and its aftermath The transition from John F Kennedy to Johnson was arguably the most wrenching and ultimately one of the most bitter in the nation's history As Johnson himself said later I took the oath I became president But for millions of Americans I was still illegitimate a naked man with no presidential covering a pretender to the throne The whole thing was almost unbearable In this book Max Holland a leading authority on the assassination and longtime Washington journalist presents the momentous telephone calls President Johnson made and received as he sought to stabilize the country and keep the government functioning in the wake of November 22 1963 The transcripts begin on the day of the assassination and reveal the often chaotic activity behind the scenes as a nation in shock struggled to come to terms with the momentous events The transcripts illuminate Johnson's relationship with Robert F Kennedy which flared instantly into animosity the genuine warmth of his dealings with Jacqueline Kennedy his contact with the FBI and CIA directors and the advice he sought from friends and mentors as he wrestled with the painful transition We eavesdrop on all the conversations including those with leading journalists that persuaded Johnson to abandon his initial plan to let Texas authorities investigate the assassination Instead we observe how he abruptly established a federal commission headed by a very reluctant chief justice of the Supreme Court Earl Warren We also learn how Johnson cajoled and drafted other prominent men among them Senator Richard Russell who detested Warren Allen Dulles John McCloy and Gerald Ford into serving We see a sudden president under unimaginable pressure contending with media frenzy and speculation on a worldwide scale We witness the flow of inaccurate information some of it from J Edgar Hoover amid rumors and theories about foreign involvement And we glimpse Johnson addressing the mounting criticism of the Warren Commission after it released its still controversial report in September 1964 The conversations rendered here are nearly verbatim and have never been explained so thoroughly No passages have been deleted except when they veered from the subject Brought together with Holland's commentaries they make riveting hugely revelatory reading The Assassination Tapes George J. details the CIA and FBI's involvement in the JFK assassination and shows how events like Watergate the Iran Contra affair and 9 11 are all connected to this behind the scenes web of corruption **Reclaiming History** Vincent Bugliosi, 2007-05-17

For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense Dallas '63 Peter Dale Scott, 2015-09-29 Our most provocative scholar of American power reveals the forces behind the assassination of JFK and their continuing influence over our world David Talbot Salon On November 22 1963 President John F Kennedy was gunned down in Dallas by Lee Harvey Oswald Shortly after Oswald himself was killed These events led many to believe there was a far greater plan at work with a secret cabal of powerful men manipulating the public and shaping US policies both at home and abroad for their own interests But no one could imagine how right they were Beneath the orderly facade of the American government there lies a complex network only partly structural linking Wall Street influence corrupt bureaucracy and the military industrial complex Here lies the true power of the American empire This behind the scenes web is unelected unaccountable and immune to popular resistance Peter Dale Scott calls this entity the deep state and he has made it his life's work to write the history of those who manipulate our government from the shadows Since the aftermath of World War II the deep state's power has grown unchecked and nowhere has it been more

apparent than that day at Dealey Plaza In this landmark volume Scott traces how culpable elements in the CIA and FBI helped prepare for the assassination and how the deep state continues to influence our politics today As timely and important as ever in the current chaotic political climate Dallas 63 is a reality shattering frightening expos not of those who govern us but of those who govern those who govern us

The Passage of Power Robert A. Caro, 2013-05-07 WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD THE LOS ANGELES TIMES BOOK PRIZE THE MARK LYNTON HISTORY PRIZE THE AMERICAN HISTORY BOOK PRIZE One of the New York Times s 100 Best Books of the 21st Century Book Four of Robert A Caro s monumental The Years of Lyndon Johnson displays all the narrative energy and illuminating insight that led the Times of London to acclaim it as one of the truly great political biographies of the modern age A masterpiece The Passage of Power follows Lyndon Johnson through both the most frustrating and the most triumphant periods of his career 1958 to 1964 It is a time that would see him trade the extraordinary power he had created for himself as Senate Majority Leader for what became the wretched powerlessness of a Vice President in an administration that disdained and distrusted him Yet it was as well the time in which the presidency the goal he had always pursued would be thrust upon him in the moment it took an assassin s bullet to reach its mark By 1958 as Johnson began to maneuver for the presidency he was known as one of the most brilliant politicians of his time the greatest Senate Leader in our history But the 1960 nomination would go to the young senator from Massachusetts John F Kennedy Caro gives us an unparalleled account of the machinations behind both the nomination and Kennedy s decision to offer Johnson the vice presidency revealing the extent of Robert Kennedy s efforts to force Johnson off the ticket With the consummate skill of a master storyteller he exposes the savage animosity between Johnson and Kennedy s younger brother portraying one of America s great political feuds Yet Robert Kennedy s overt contempt for Johnson was only part of the burden of humiliation and isolation he bore as Vice President With a singular understanding of Johnson s heart and mind Caro describes what it was like for this mighty politician to find himself altogether powerless in a world in which power is the crucial commodity For the first time in Caro s breathtakingly vivid narrative we see the Kennedy assassination through Lyndon Johnson s eyes We watch Johnson step into the presidency inheriting a staff fiercely loyal to his slain predecessor a Congress determined to retain its power over the executive branch and a nation in shock and mourning We see how within weeks grasping the reins of the presidency with supreme mastery he propels through Congress essential legislation that at the time of Kennedy s death seemed hopelessly logjammed and seizes on a dormant Kennedy program to create the revolutionary War on Poverty Caro makes clear how the political genius with which Johnson had ruled the Senate now enabled him to make the presidency wholly his own This was without doubt Johnson s finest hour before his aspirations and accomplishments were overshadowed and eroded by the trap of Vietnam In its exploration of this pivotal period in Johnson s life and in the life of the nation The Passage of Power is not only the story of how he surmounted unprecedented obstacles in order to fulfill the highest purpose of the presidency but is as well a

revelation of both the pragmatic potential in the presidency and what can be accomplished when the chief executive has the vision and determination to move beyond the pragmatic and initiate programs designed to transform a nation It is an epic story told with a depth of detail possible only through the peerless research that forms the foundation of Robert Caro's work confirming Nicholas von Hoffman's verdict that Caro has changed the art of political biography **Hearings, Reports and Prints of the House Select Committee on Assassinations** United States. Congress. House. Select Committee on Assassinations, 1979 **With Malice** Dale K. Myers, 2013-11-12 DIVDIV The definitive work on the murder of Dallas patrolman J D Tippit killed forty five minutes after President Kennedy and its far reaching implications for the JFK assassination and aftermath divDIV Although considered the Rosetta stone of the case against Lee Harvey Oswald the murder of Dallas police officer J D Tippit killed less than an hour after the assassination of President Kennedy has proven to be one of the most misunderstood largely ignored and often twisted aspects of the Kennedy assassination For five decades a community of doubters has contorted official accounts of the shooting to exonerate Oswald There have been many questions raised about Tippit's death over the past fifty years but few real attempts to find the answers divDIV divDIV Did Oswald murder Tippit Was Tippit a part of the plot to murder President Kennedy What really happened on Tenth Street divDIV divDIV In **With Malice** Dale K Myers brings thirty five years of research to this second by second account of the murder of Officer Tippit and the frantic manhunt that ended in the arrest of Lee Harvey Oswald Filling a major void in Kennedy assassination literature it weaves firsthand accounts newly released documents and previously unpublished photographs into a detailed tapestry of facts that lifts the veil on the mystery surrounding this pivotal moment in American history div div

TREASON, TREACHERY & DECEIT James D. Norvell, J. D., 2014-03 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvell s riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvell s semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes

and done so in a personal manner and over an extended period of time The more you read the more you ll wonder Could this have happened Be careful once you pick it up you won t put it down Dynamite John H Jack Grubbs Ph D Brigadier General Ret U S Army author of Dryline and Bad Intentions Jim Norvell s unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive after all Mr Norvell does not pull any punches and does not sugar coat the assassination story in any way An engaging read Douglas P Horne formerly Chief Analyst for Military Records Assassination Records Review Board B A in History Ohio State University and author of Inside the Assassination Records Review Board Vol I V My classmate from the Naval Academy Jim Norvell has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did it type answer Instead he constructs a list of timed events with key power brokers in 1963 that provides a hard core conspiratorial assassination plot And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible then go very slowly through the chapters that lay down the assassination time lines Point by point bullet by bullet the historical novel unfolds But I assure you that it will not end with a lone event a lone gunman Two additional assassinations follow with the shootings of Martin Luther King Jr and Robert F Kennedy Norvell drives you back in time to the 60 s to piece together for you an entirely different assassination than the one focused on Oswald and defended as such by the Warren Commission This is a very good read for all and especially for those who to this day can remember where we were on November 22 1963 Alexander J Krekich Vice Admiral U S Navy Retired B S U S Naval Academy 1964 M S A George Washington University 1972 U S Army Command and Naval War College 1978 I extend personal thanks to Jim Norvell for his deep insights for connections not uncovered anywhere else and for bringing us nearer to the solution to the most horrific crime in American History horrific for what it did to one man and his family horrific for what it did to America and horrific for the failure of the authorities to mete out justice Barr McClellan B A J D University of Texas author of Blood Money and Power How LBJ Killed JFK and former law partner with LBJ s attorney Ed Clark Jim Norvell s historical novel is a truly remarkable study of a broad range of facts surrounding a single individual What he has carefully developed is almost unthinkable to well adjusted human beings To my knowledge this depiction has not been accomplished before in our time and he should be commended for all the long years of effort that it required I found that his identification of LBJ as a narcissist is quite well founded There is a long and well established history of those traits among world leaders in every field many in very public roles Health care professionals have identified and articulated in textbooks different types of narcissism and their symptomatic traits some of which are incredibly destructive and actually evil Jim s novel acutely and accurately displays the personification of pure evil in LBJ I think he has
