J.G. Ballard Peter Brigg, 1985-01-01 Peter Brigg examines the life and work of British author J G Ballard from his science fiction to his mainstream fiction Starmont Reader s Guide 26 J.G. Ballard's Surrealist Imagination Jeannette Baxter, 2016-12-05 Making the case that J G Ballard s fictional and non fictional writings must be read within the framework of Surrealism Jeannette Baxter argues for a radical revisioning of Ballard that takes account of the political and ethical dimensions of his work Ballard s appropriation of diverse Surrealist aesthetic forms and political writings Baxter suggests are mobilised to contest official narratives of postwar history and culture and offer a series of counter historical and counter cultural critiques Thus Ballard s work must be understood as an exercise in Surrealist historiography that is politically and ethically engaged Placing Ballard s illustrated texts within this critical framework permits Baxter to explore the effects of photographs drawings and other visual symbols on the reading experience and the production of meaning Ballard s textual spectacles raise a variety of questions about the shifting role of the reader and the function of the written text within a predominantly visual culture while acknowledging the visual contexts of Ballard s Surrealist writings allows a very different historical picture of the author and his work to emerge **J.G. Ballard** , 2016-07-18 An innovative volume of interdisciplinary essays on the significant British writer J G Ballard 1930 2009 exploring the physical cultural and intertextual landscapes in several key novels with a central focus on The Atrocity Exhibition 1970 one of the most challenging texts in contemporary literature Contributors include established critics of Ballard alongside newcomers Different spatial concepts underpin the essays from the landscapes of Ballard s youth in Shanghai and his life in suburban London to nuclear testing

spaces and outer space exploration Figurative locations typical of Ballard's work are explored including the beach the motorway the high rise and the shopping mall Textual spaces are explored through Ballard's affiliation with modernist literary forms including surrealist prose writing and collage and poetic romanticism *The Sex Is Out of This World* Sherry Ginn, Michael G. Cornelius, Donald E. Palumbo, 2012-11-08 Science fiction can be translated into real unreality More than a genre like fantasy which creates entirely new realms of possibility science fiction constructs its possibilities from what is real from what is indeed possible or conceivably so This collection then looks to understand and explore the unreal reality to note ways in which our culture's continually changing and evolving mores of sex and sexuality are reflected in dissected by and deconstructed through the genre of science fiction This book is a collection of new essays with the general objective of filling a gap in the literature about sex and science fiction although some work has gone before none of it is recent The essays herein explore the myriad ways in which authors regardless of format print film television etc envision very different beings expressing this most fundamental of human behaviors *J. G. Ballard* Jeannette Baxter, 2009-02-12 J G Ballard is one of the most significant British writers of the contemporary period His award winning novels are widely studied and read yet the appeal of Ballard's idiosyncratic and often controversial imagination is such that his work also enjoys something of a cult status with the reading public The hugely successful cinematic adaptations of *Empire of the Sun* Spielberg 1987 and *Crash* Cronenberg 1996 further confirm Ballard's unique place within the literary cultural and popular imaginations This guide includes new critical perspectives on Ballard's major novels as well as his short stories and journalistic writing covering issues of form narrative and experimentation Whilst offering fresh readings of dominant and recurring themes in Ballard's writing including history sexuality violence consumer capitalism and urban space the contributors also explore Ballard's contribution to major contemporary debates including those surrounding post 9 11 politics terrorism neo imperialism science morality and ethics **The Empire's of J. G. Ballard** David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world *The Empires of J G Ballard* is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime *The Empires of J G Ballard* offers a fresh perspective on the fiction of J G Ballard *The Empires of J G Ballard An Imagined Geography* offers a sustained and highly convincing analysis of the imperial and post imperial

histories and networks that shape and energise Ballard's fictional and non-fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post-war science fictions when they are opened up to the language and logics of post-colonialism And what creative and critical roles do the spectres of empire play in Ballard's visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who'd witnessed extremes of human experience and remained the outsider observing life from his home in Shepperton 1930s Shanghai Paris of the East was a mix of international sophistication and violence unfettered capitalism and acute poverty American cars martinis and Coca Cola a place marked by death and war It had a profound influence on my father and his imagination Dr Paddy's fascinating book explores my father's fiction within an international context and offers a profound reading of a man who always kept his eyes and mind open to the world Fay Ballard
