## INTRODUCTION

The Auditing Standards Committee of the Auditing Section of the American Accounting Association is pleased to provide comments on the *PCAOB Rulemaking Docket Matter No. 026: Proposed Auditing Standards Related to the Auditor's Assessment of and Response to Risk and Conforming Amendments to PCAOB Standards*. (Please see [http://www.pcaobus.org/Rules/Docket\\_026/2008-10-21\\_Release\\_No\\_2008-006.pdf](http://www.pcaobus.org/Rules/Docket_026/2008-10-21_Release_No_2008-006.pdf) for the full text of PCAOB Release No. 2008–006.) We very much appreciate the opportunity to provide input.

The views expressed below are those of the members of the Auditing Standards Committee and do not reflect an official position of the American Accounting Association. In addition, the comments reflect the overall consensus view of the Committee, not necessarily the views of every individual member. We hope that the following comments and suggestions are helpful and will assist in finalizing the proposed guidance.

## GENERAL COMMENTS

The Committee commends the PCAOB ("the Board") for generally maintaining consistency with International Standards on Auditing (ISAs) in developing these risk assessment standards. We believe that convergence with international standards is desirable. It would be preferable to have one set of primary standards based on ISAs, with PCAOB auditing standards for requirements unique to U.S. registered securities. Until this level of convergence is possible, the approach taken in these standards appears to be the best option. The Committee also believes that the focus on the iterative nature of the audit and the continued recognition of differences in approach that depend on the size and complexity of the client and the engagement are positive

Issued directly from the AICPA, this authoritative guidance is essential to fully understand the requirements associated with an audit. This edition includes the following new standards: SAS No. 134, Auditor Reporting and Amendments Including Amendments Addressing Disclosures in the Audit of Financial Statements; SAS No. 135, Omnibus Statement on Auditing Standards 2019; SAS No. 134 is a suite of auditor reporting standards that includes a new AU-C section 701, Communicating Key Audit Matters in the Independent Auditor's Report, and replaces AU-C sections 700, 705, and 706. SAS No. 134, which also amends various other AU-C sections, addresses the auditor's responsibility to form an opinion on the financial statements and the form and content of the auditor's report issued because of an audit of financial statements. It also addresses the auditor's responsibilities and the form and content of the auditor's report when the auditor concludes that a modification to the auditor's opinion on the financial statements is necessary and when additional communications are necessary in the auditor's report. SAS No. 135 is intended to more closely align ASB guidance with the PCAOB's standards by primarily amending AU-C section 260, Communications With Those Charged With Governance; AU-C section 550, Related Parties; and AU-C section 240, Consideration of Fraud in a Financial Statement Audit. This codification is fully indexed and arranged by subject. The codified standards and related interpretations are vital to practitioners performing audits.
