**Australian Slang** David Tuffley, 2012-05-22 Aussie Slang is a richly textured often ribald world of understatement and laconic humour This guide aims to do three things a to help the traveller decipher what they hear around them in everyday Australian life b give the casual reader some insight into informal Australian culture and c make a record of some old Australian expressions that are slipping into disuse now that English has become a global language Readers will recognize both British and American terms in this list Australian English has absorbed much from these two great languages For depth of knowledge of their own language no body beats the British Its their language after all A thousand years in the making the English language is embedded deep in the DNA of the British No one uses their language more skilfully than they do On the other hand American English has a creative power that recognizes no boundaries Americans have taken a very good all purpose language and extended it in all kinds of directions with new words describing the world as it is today They do not generally cling to old forms out of respect for tradition As Winston Churchill observed Britain and America two great nations divided by the same language Australian English sits comfortably in the space between the two Australian English began in the early days of settlement as English English with a healthy dash of Celtic influence from the many Scots Irish and Welsh settlers who came to Australia Large numbers of German settlers also came in the 1800 s and their influence on the language is also clearly evident For over a hundred years Australia developed in splendid isolation its unique blend of English tempered by the hardships of heat and cold deluge and drought bushfires and cyclones The harsh environment united people in a common struggle to survive People helped each other Strong communitarian loyalties were engendered It is from this that the egalitarian character of Australia evolved There is a strong emphasis on building a feeling of solidarity with others Strangers will call each other mate or luv in a tone of voice ordinarily reserved for close friends and family in other parts of the world Everyone was from somewhere else and no one was better than anyone else A strong anti authoritarian attitude became deeply embedded in Australian English This was mainly directed towards their British overlords who still ran the country as a profitable colony The Australian sense of humour is

generally understated delivered with a straight face and is often self deprecating in nature No one wants to appear to be up themselves Harsh or otherwise adverse conditions had to be met without complaint so when discussing such conditions it was necessary to do so with laconic understated humour Anyone not doing so was deemed a whinger win jer Following World War II the American influence came increasingly to influence Australian culture and therefore the language No one is better at selling their popular culture to the world than the United States of America Their pop culture is a beguiling instrument of foreign policy so pervasive and persuasive it is Young Australians enthusiastically embraced American culture and since the 1940 s the old established British language and customs have become blended with the American If Australian English has a remarkable quality it is the absence of regional dialects It is spoken with relative uniformity across the entire nation Brisbane on the East coast is a 4 300 kilometre 2 700 mile drive from Perth on the West coast yet there is little discernible linguistic difference between the two places compared with the difference for example between Boston and San Francisco in the US Nowhere else in the world do we see such linguistic uniformity across large distances

**The Concise New Partridge Dictionary of Slang and Unconventional English** Tom Dalzell, Terry Victor, 2014-11-27 The Concise New Partridge Dictionary of Slang and Unconventional English presents all the slang terms from The New Partridge Dictionary of Slang and Unconventional English in a single volume Containing over 60 000 entries this concise new edition of the authoritative work details the slang and unconventional English of from around the English speaking world since 1945 and through the first decade of the new millennium with the same thorough intense and lively scholarship that characterized Partridge s own work Unique exciting and at times hilariously shocking key features include unprecedented coverage of World English with equal prominence given to American and British English slang and entries included from Australia New Zealand Canada India South Africa Ireland and the Caribbean emphasis on post World War II slang and unconventional English dating information for each headword in the tradition of Partridge commentary on the term s origins and meaning New to this second edition a new preface noting slang trends of the last eight years over 1 000 new entries from the US UK and Australia reflecting important developments in language and culture new terms from the language of social networking from a range of digital communities including texting blogs Facebook Twitter and online forums many entries now revised to include new dating and new glosses ensuring maximum accuracy of content The Concise New Partridge Dictionary of Slang and Unconventional English is a spectacular resource infused with humour and learning it s rude it s delightful and it s a prize for anyone with a love of language

[The New Partridge Dictionary of Slang and Unconventional English: A-I](#) Eric Partridge, 2006 Entry includes attestations of the head word s or phrase s usage usually in the form of a quotation Annotation 2006 Book News Inc Portland OR booknews com

**Austral English** Edward Ellis Morris, 1898

*Austral English* Edward Ellis Morris, 2019-11-21 In *Austral English* Edward Ellis Morris embarks on a rigorous exploration of the unique linguistic landscape of Australia meticulously documenting the evolution of English as it

has been shaped by indigenous languages and the diverse immigrant cultures The text is a striking amalgamation of scholarly analysis and a celebration of colloquial speech showcasing Morris s keen ear for dialectical variations and his commitment to preserving the rich tapestry of Australian vernacular The book is notable for its blend of linguistic theory and cultural commentary situating itself within the broader context of post colonial studies and the investigation of identity through language Edward Ellis Morris was a prominent figure in the late 19th and early 20th centuries an era marked by the burgeoning awareness of Australian identity His background in linguistics and interest in the social dynamics of language likely informed his ambition to document the distinctiveness of Australian English Morris s passion for connecting language to cultural identity resonates throughout his work reflecting his deep understanding of the interplay between geography history and communication *Austral English* is essential reading for linguists cultural historians and anyone intrigued by the complexities of language in a multicultural society Morris s work not only preserves a significant aspect of Australian heritage but also invites readers to appreciate the nuances of language as a living evolving medium of expression

**The Vulgar Tongue** Jonathon Green,2015 A riveting history and impassioned defense of slang      *Austral English, a dictionary of Australasian words, phrases and usages* Edward Ellis Morris,1898
