The Authorized Left Behind Handbook Tim LaHaye, Jerry B. Jenkins, Sandi Swanson, 2005 A wonderful companion book for avid Left Behind readers this complete guide covers the events people technologies and meanings of names and numbers that have driven speculation and conversation since 1995

The Regime Tim LaHaye, Jerry B. Jenkins, 2013-02-08 Dynamic Romanian multimillionaire Nicolae Carpathia's sphere of influence steadily grows as he parlays his looks charm charisma and intellectual brilliance into success in business and politics But is it mere coincidence that those who oppose or offend him suffer to the point of death Meanwhile a young Buck Williams begins his journalistic career Pilot Rayford Steele gains more responsibility at work and at home Scientist Chaim Rosenzweig begins work on a secret formula that could change the world All three go about their daily lives unaware of each other or of the powerful young man from Romania Around the world the stage is being set for the cataclysmic event that will change the world forever

The Rising Tim LaHaye, Jerry B. Jenkins, 2013-02-08 The Rising begins a new Left Behind series that will give you a glimpse into the lives of your favorite characters before the Rapture Have you ever wondered what life was like before the Rapture for Rayford Irene and Chloe Steele Bruce Barnes Buck Williams and TSION Ben Judah Plus see why Viv Ivins plays such a pivotal role in Nicolae Carpathia's life What were the events surrounding Nicolae's sudden rise to power How did he become filled with evil You will find all these answers and more in this exciting new series In The Rising Marilena Carpathia has only one dream to be a mother So when a mysterious clairvoyant promises the fulfillment of this dream Marilena does not hesitate Through genetic engineering and the power of the prince of darkness himself Marilena is about to become a chosen vessel one who will unknowingly give birth to the greatest evil the world has ever known Halfway around the world God's plans are subtly being carried out too Young Ray Steele is determined to avoid one day taking over the family business Instead Ray sets his heart on becoming a pilot Soon Carpathia's and Steele's lives will intersect And good and evil will clash in an explosion that will shake the world The eternal battle for souls has come to earth The world hurtles toward the countdown to the Rapture

Thumpin' It Jacques Berlinerblau, Plotting Apocalypse Jennie Chapman, 2013-09-13 It is the not too distant future and the rapture has occurred Every born again Christian on the planet has without prior warning been snatched from the earth to meet Christ in the heavens while all those without the requisite faith have been left behind to suffer the wrath of the Antichrist as the earth enters into its final days This is the premise that animates the enormously popular cultural phenomenon that is the Left Behind series of prophecy novels co written by Tim LaHaye and Jerry Jenkins and published between 1995 and 2007 But these books are more than fiction it is the sincere belief of many evangelicals that these events actually will occur soon Plotting Apocalypse delves into the world of rapture prophecy and tribulation in order to account for the extraordinary cultural salience of these books and the impact of the world they project Through penetrating readings of the novels Chapman shows how the series offers a new model of evangelical agency for its readership The novels teach that although

believers are incapable of changing the course of a future that has been preordained by God they can become empowered by learning to read the prophetic books of the Bible and the signs of the times correctly Reading and interpretation become key indices of agency in the world that Left Behind limns Plotting Apocalypse reveals the significant cultural work that Left Behind performs in developing a counter narrative to the passivity and fatalism that can characterize evangelical prophecy belief Chapman s arguments may bear profound implications for the future of American evangelicalism and its interactions with culture society and politics

The Anointed Randall J. Stephens,Karl W. Giberson,2012-07-09 Why do so many evangelicals follow leaders with dubious credentials when they have other options in their own faith Exploring intellectual authority within evangelicalism the authors reveal how the concept of anointing being chosen by God to speak for him established a conservative evangelical leadership isolated from secular arts and sciences

Apocalypse Unleashed Mel Odom,2008-10-29 In this a much anticipated conclusion to the Apocalypse series First Sergeant Goose Gander of the United States Army Rangers is in over his head and he knows it Trapped by the Rapture in the carnage of Middle Eastern war far from his wife and kid back home he s living every day on the edge afraid each moment might be his last terrified that he ll never see the people he loves again The war on the Syrian Turkish border is heating up and the opposition armies and the local warlords are skirmishing for power in a no man s land filled with innocent victims that Goose hopes to protect Goose soon discovers elements within his own forces fearful of his leadership are determined to bring him down With everybody gunning for him Goose is going to need a miracle to pull off his mission Even as he struggles to believe in the God of miracles Goose is about to discover the power of redemption and the bulwark of pure faith And as the Hand of God closes over him and he accepts salvation Goose Gander will finally find the peace he seeks even as the war torn land around him explodes in violence

Born Again Jennifer S. Butler,2006-08-20 The Christian Right wields massive political power in the United States and beyond This is the first book to reveal the growing influence of the Christian Right within the United Nations This book reveals how Christian conservative groups are able to shape policy in every corner of the world Drawing on interviews with religious leaders it reveals how today s most powerful Christian Right organisations are building interfaith coalitions connecting Catholic Mormon and Muslim allies to advance a conservative agenda The US under Bush Jr has given them a significant voice in shaping US policy on issues including women s rights reproductive health human cloning children s rights and AIDS In short the Christian Right is globalising a phenomenon that promises to challenge progressive social policy on a world wide scale as well as transform the Christian Right itself

Lobbying for Zionism on Both Sides of the Atlantic Ilan Pappé,2024-06-11 In 1896 a Jewish state was a pipe dream Today the overwhelming majority of Jews identify as Zionists How did this happen Ilan Pappé unveils how over a century of aggressive lobbying changed the map of the Middle East Pro Israel lobbies convinced British and American policymakers to condone Israel s flagrant breaches of international law grant Israel unprecedented military aid and deny Palestinians rights Anyone who questioned unconditional support for Israel even

in the mildest terms became the target of relentless smear campaigns Lobbying for Zionism on Both Sides of the Atlantic shows us how an unassailable consensus was built and how it might be dismantled **Mass Market Medieval** David W. Marshall, 2007-04-11 Beginning in 1976 with the first issue of the journal *Studies in Medievalism* all things medieval and the concept of medievalism became a hot topic in culture studies Medievalism examines how different groups individuals or eras use and shape the image of the Middle Ages differentiating between historical knowledge of the Middle Ages and what we have made the period out to be The 13 essays in this book explore the medieval invasion of today's media and consider the various ways from film and print to websites and video games that the Middle Ages have been packaged for consumption Essays encompass diverse theoretical perspectives and are grouped loosely around distinct functions of medievalism including the exposure of recent social concerns the use of medieval images in modern political contexts and the medieval's influence on products of today's popular culture The legitimization of the study of medievalism and the effect of medievalism on the more traditional subject of medieval studies are also discussed Instructors considering this book for use in a course may request an examination copy here *Writing the Rapture* Crawford Gribben, 2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music *Writing the Rapture* is an indispensable guide to this flourishing yet little understood body of literature *The Left Behind Fantasy* William Powell Tuck, 2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence

in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense

Rebels Without a Cause? Gerd Hurm, Ann Marie Fallon, 2007 The figure of the rebel of the 1950s shaped the imagination of the American post war generation Yet the notoriety of the rebel resides uneasily beside that of the conformist ironically one of the other central figures of the decade This collection of essays which originated at an international conference in Trier Germany in 2005 sets out to explain the multiple representations of rebellion and affirmation in 1950s American culture It explores the ways in which rebellion was contained and also disruptive during this pivotal decade of American ascendance on the global scene In a series of essays written by prominent American Studies scholars in the United States and Germany the collection explores the meaning of rebellion in the 1950s and its role in shaping theological literary and cultural discourses

American Political Fictions Peter Swirski, 2015-06-03 Through a discussion of diverse art and media such as apocalyptic thrillers rap and television Swirski debunks the American political system sieving out fact from a sea of bipartisan untruths Engaging with close analysis and multiple case studies this book forges a more accurate picture of contemporary American culture and of America itself

The Quest for the Historical Satan Miguel A. De La Torre, Albert Hernández, For centuries the figure of Satan has incarnated absolute evil Existing alongside more intellectualist interpretations of evil Satan has figured largely in Christian practices devotions popular notions of the afterlife and fears of retribution in the beyond Satan remains an influential reality today in many Christian traditions and in popular culture But how should Satan be understood today The Quest for the Historical Satan excavates cultural historical religious and morally constructed productions of evil within Christianity from myth and legend to the complex ways people conjure the embodiment of evil and harm De La Torre and Hernández are engaging sleuths as they carefully examine Satan s conception and his presence in modernity and through the ages The wrestle with the spiritual notions of Good and Evil and justice and injustice Cheryl A Kirk Duggan Professor of Theology and Women s Studies Shaw University Divinity School

Finally Home John Wayne Gaylord, 2019-12-13 Do you want to know what the future holds Not from a fortune teller standpoint but

as to what God says is coming down the pike whether we like it or not His predictions are 100% accurate 100% of the time Why do we seldom hear sermons from the Book of Revelation Because most preachers and teachers prefer to avoid controversy And since there are a number of interpretations they say it is best to ignore them all But think about this one fourth of the New Testament is composed of prophecy Does God want us to ignore one fourth of the New Testament No As the book Finally Home explains taking a literal interpretation of Scripture clears up virtually all of the controversy In other words God knows how to communicate and He lays out clearly His master plan for the end of the age For unbelievers many of the scenes are painful but for the Christian you are missing out if you are not looking for the outstanding times that await you Finally Home tells you what to expect in the end times It shows you the big picture so that as world politics change you will not be taken unawares It will give you the encouragement to stand firm as the world continues to grow dark knowing that your faithfulness and perseverance will deliver you Finally Home The Church and Literature Ecclesiastical History Society. Summer Meeting, Ecclesiastical History Society. Winter Meeting, 2012 A wide ranging and impressive collection which illuminates the enduring relationship between the Church and literary creation Transfiguring Transcendence in Harry Potter, His Dark Materials and Left Behind Mike Gray, 2013-10-23 Three recent and commercially successful series of novels employ and adapt the resources of popular fantasy fiction to create visions of religious identity J K Rowling s Harry Potter books Phillip Pullman s Dark Materials and Tim LaHaye and Jerry Jenkins Left Behind series The act of creating fantasy counter worlds naturally involves all three stories in the creation of what Mike Gray terms transfigurations of transcendence hopeful albeit paradoxical encodings of the ambiguous non observable reality whose primary locus in modern society is the societally extra systemic human individual Popular fantasy fiction turns out to involve acts of world creation that are inherently religious and inherently paradoxical A substantive examination shows that all three are involved in more or less intentional re narrations of traditional Christian beliefs and narratives The atheist His Dark Materials series does not deny but re imagines the Christian visions of selfhood the traditionalist Left Behind series does not simply replicate but modifies its own declared values the apparent secularity of the Harry Potter series is shaped by its creative reception of Christian patterns and narratives While the stories visions of selfhood clearly clash the basic paradoxes involved in their struggle to articulate transcendence expose significant parallels and a productive conversation with the Christian tradition It is not simply that popular fantasy fiction is theologically relevant the Christian Heilsgeschichte too proves to be highly relevant in popular culture However while far from obsolescent models of religious identity in contemporary society require criticism and creativity and as evinced most powerfully in the Harry Potter stories a flair for constructive engagement with paradox US Healthcare Sector - Organization, Management and Payment Systems Handbook Volume 1 Strategic Information, Developments, Reforms IBP, Inc., 2015-09-30 United States Healthcare Sector Organization Management and Payment Systems Handbook Strategic Information Programs and Regulations
