relationship with the body At what point has it connected to the mind How it started to take same as the body How can get rid of the body like as well as the mind Knowledge of all this is called how spiritualism Instructions on how to navigate through each of these layers and how to recognize where we are on our spiritual journey are included with every step of the way along with the common physical emotional and spiritual symptoms that can be experienced Coping with post awakening states unity dark nights of the soul ego death near death and severe illness psychic abilities addictions dietary changes the divine self personal and collective shadow and psychosis against the awakening we understand the experiences we can go through as we struggle with spiritual awakenings This hands on book opens up new insights into how to live in the world through the sky and focus while going through an awakening process to have a physical body with physical sensory and emotional experiences We must live in the world and also be a part of it as fully awakened people This guide offers a look at the possibility of leading a life of work family friends and other grounded and earthbound experiences in an awakened state
