Complementary and Alternative Medicine for PTSD David M. Benedek, Gary H. Wynn, 2016

The number of individuals diagnosed with posttraumatic stress disorder has increased in the past decade not only in the military and veteran population but within the civilian population as well. Traditional treatments such as pharmacotherapy and psychotherapy have provided less than ideal results, proving to be less effective when used alone to treat the disorder. In *Complementary and Alternative Medicine for PTSD*, COL David Benedek and LTC Gary Wynn offer insight into the future of complementary and alternative medicine, shining a light onto how these techniques fit into clinical practice to create the most beneficial treatments for the patient. This book is both an essential resource and practical guide to everyday clinical interactions. It is a necessary addition to the medical library for students and senior clinicians alike. ***Integrative Health Promotion*** Susan Leddy, 2006. *Integrative Health Promotion: Conceptual Bases for Nursing Practice* is a comprehensive textbook that integrates the conceptual and theoretical bases of lifestyle approaches to health promotion and holistic approaches to healing. Health belief systems, models, and theories are emphasized. Additionally, the text stimulates thought and foundations for practice through the exploration of the theoretical and evidence bases for a variety of noninvasive therapeutic interventions. ***Complementary, Alternative, and Integrative Health*** Helda Pinzon-Perez, Miguel A. Pérez, 2016-06-17. *Complementary Alternative and Integrative Health: A Multicultural Perspective* provides a critical analysis of non-allopathic healing practices, including their uses, limitations, and scientific basis. The evidence-based discussion explores complementary, alternative, and integrative health (CAIH) across various cultural and ethnic groups, both in the U.S. and internationally, to give you a greater understanding of the different modalities, including a literature-backed examination of proven methods and questionable practices within a cross-cultural framework. Each chapter highlights the scientific analysis of the practices relevant to each group and guides you toward independent analysis of the risks and benefits of the practices discussed. Emphasizing the student as a future health professional, this book includes case studies, examples, questions, and discussion problems that underscore the role of health educators in educating consumers about CAIH practices. ***Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954*** United States. Internal Revenue Service, 1997. ***Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986***, 1996. ***Complementary Therapies for Older People in Care*** Sharon Tay, 2013-09-21. An invaluable companion to practice for novice complementary and beauty therapists working with older people in care, this book offers unique practical advice on issues that are often overlooked in training. It offers guidance on tackling common pitfalls and difficulties, as well as a wealth of practical tips and techniques for practice. ***Nutritional Supplements and Health Products*** Aadinath Pothuvaal, 2025-01-24. Nutraceuticals have emerged as a powerful bridge between nutrition and medicine, offering significant health and therapeutic benefits. With increasing consumer interest in natural remedies, the market for functional foods and health supplements continues to grow, providing alternatives to conventional pharmaceutical solutions for various diseases, including cancer and diabetes.
