The Back Door:

The Backdoor Billionaire's Bride Roz Lee,2016-04-06 Ford Adams had led a charmed life but if he doesn't figure out how to make the equivalent of a silk purse out of a sow's ear and sell a boat load of them he and his mother might find themselves flipping burgers. Determined not to let that happen he'll need all the help he can get especially from his sexy new business partner. If he can get her to take a chance on his crazy new idea then maybe he can convince her to take a chance on him. Becky Jean Parker's life has been anything but what she'd imagined it would be but she'd been content until a recent turn of events once again left her no choice. Unless she wants to wallow in bankruptcy for the rest of her life she'll have to go along with her new business partner's insane plan and pray he knows what he's talking about. The only thing more insane than Ford's plan to sell sex toys is her attraction to him. Typical of her life she'd had no choice but to fall for the one man she can't have.

Learning at the Back Door Charles A. Wedemeyer,2010-06-01 Wedemeyer stresses that learning is a natural idiosyncratic and continually renewable human trait and survival resource. It is not dependent upon teaching, schooling, or special environments, although properly used, these resources enhance learning. There is a powerful subculture of independent learners who are responsible for much of the real progress that has been made in most areas of endeavor. This book attempts to explain this kind of learning and relate it to schooling, suggesting ways in which all learning, whether traditional or non-traditional, can be encouraged and improved through new kinds of educational institutions and processes.

The Backdoor to Enlightenment Za Rinpoche, Ashley Nebelsieck,2008-02-19 Everyone dreams of a better life. All the things you've ever wanted: happiness, loving relationships, well-being, abundance, and peace of mind are all qualities of enlightenment, a way of embracing our fullest potential that seemed unavailable to us until now. For thousands of years the secret to enlightenment has remained hidden in the distant reaches of the Himalayas, deep in wisdom impenetrable to all but the most dedicated seekers. For the first time in history *The Backdoor to Enlightenment* burns the rules and barriers that have hindered our understanding and reveals the keys to immediate profound realization to the rest of the world. Blending centuries-old texts with contemporary wisdom, readers of any faith can bypass the traps and limitations of modern life and achieve lasting peace every day. More than just a heartfelt story of mystery and discovery, this revolutionary work stands out as a smart, clear guide showing step by step how you can use these astonishing truths to transform every aspect of your life. There might not be a shortcut to your dreams, but there is a Backdoor.
