Phillips, 2025-08-05 This book is the first of two which covers the history of the Great Eastern Railway and its predecessors from the first proposal for a railway in the eastern counties in 1811 for a railway from Islington to Wallasea Island and Mucking to its absorption into the London and North Eastern Railway under the 1923 Grouping of Railways This volume covers the period from 1811 up to the formation of the Great Eastern Railway in 1862 The history is the first history of the GER since Cecil J Allen's history of the railway which was first published in 1955 and which has long been out of print The book makes use of both previously published works on the GER and its predecessors but also contemporary documents such as the Directors reports to shareholders of the Eastern Counties Railway timetables reports in local and national newspapers as well as extracts from selected peoples diaries Some of which were not easily available to Allen when he wrote his history of the GER Incorporating these other sources means the book sheds new light on the Railway's history The book is intended
