Goncharenko, 2014-09-03 Just as the government structure of Russia differs from that of the United States and both differ from that of Great Britain so it is with church government Yet as the institution governed by God s written word the church must find and defend its governing structures using that word the Bible In this book Dr Simon Goncharenko argues that it is in fact possible to identify a specific preferred model of church polity within the Bible and to model our current church structure after Scriptural precedent **Servantship** Graham Joseph Hill, 2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship Servantship is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from

forgetfulness to transforming memory Servanthip recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many *Transforming Pastoral Leadership* Quentin P.

Kinnison,2016-05-20 For many congregations change creates discomfort Pastoral leaders are often expected to be experts who manage and control realities beyond their expertise experience and ability That expectation a product of modern approaches to leadership views the pastor as responsible for maintaining the status quo Transforming Pastoral Leadership responds to this context by challenging readers to rediscover key biblical themes around the shepherding metaphor as well as key theological themes steeped in our historical faith narratives Readers are challenged to consider the origins of our dominant leadership practices and to reconsider how Christ s preeminence as the leader of his church requires us to reconstruct leadership practices that are faithful to his preeminence To assist congregations Transforming Pastoral Leadership suggests two processes that might help congregations discern God s missional promptings as they move forward into God s future and experience conflict as opportunities for transformation **Sermon Listening** Enoh Šeba,2021-06-30

Preaching is an integral part of every church service and its purpose has always been to edify encourage and to emphasize the positive effects of coming together as a people of God Yet there remains an inconsistency between the intended goals of preaching and the subjective perception of the listeners In this homiletical study Dr Enoh eba provides fresh insight into the turn to the listener model and offers a theologically sustainable warrant mandate for the transformation of the preaching practice through a stronger involvement of the congregation While grounding the research in the experience of Croatian Baptists Dr eba highlights practical suggestions for both listeners and preachers that are transferrable across contexts This important work reveals that preaching can and should be transformed into a truly congregational practice that will affirmatively affect the dynamics of ecclesial life This book will spark conversations and induce small scale changes on a variety of levels while bridging the gap between preachers and their listeners **Encyclopedia of Christianity in the**
