Hernando, 2015-04-07 In the twenty first century the word vigilante usually conjures up images of cinematic heroes like Batman Zorro the Lone Ranger or Clint Eastwood in just about any film he s ever been in But in the nineteenth century vigilantes roamed the country long before they ever made their way onto the silver screen In Faces Like Devils Matthew J Hernando closely examines one of the most famous of these vigilante groups the Bald Knobbers Hernando sifts through the folklore and myth surrounding the Bald Knobbers to produce an authentic history of the rise and fall of Missouri s most famous vigilantes He details the differences between the modernizing Bald Knobbers of Taney County and the anti progressive Bald Knobbers of Christian County while also stressing the importance of Civil War era violence with respect to the foundation of these vigilante groups Despite being one of America s largest and most famous vigilante groups during the nineteenth century the Bald Knobbers have not previously been examined in depth Hernando s exhaustive research which includes a plethora of state and federal court records newspaper articles and firsthand accounts remedies that lack This account of the Bald Knobbers is vital to anyone not wanting to miss out on a major part of Missouri s history **The Four Pillars of Politics** James T. Kitchens, Larry Powell, 2015-06-03 The Four Pillars of Politics provides a uniform foundation for evaluating political campaign strategies The four pillars identified in this book fear national narcissism consumerism and religion serve as attitudinal anchors that American voters use in making their voting decisions The dominant pillar may change from election to election leading to situations in which a candidate who wins in one election may be defeated four years later Kitchens and Powell examine how political communication is understood by combining these four pillars with the related matrix of attitudes beliefs and values that are integral components of the American culture The Four Pillars of Politics will appeal to scholars of political science communication studies and journalism **God—or Gorilla** Constance A.

Clark,2008-08-04 Engagingly written and deftly argued *God or Gorilla* offers original insights into the role of images in communicating and miscommunicating scientific ideas to the lay public

An Evaluative Template for Peer-to-peer Models of Evangelism Applied to the "3Story" Model John James Eitel

,2009 This ministry focus paper examines the 3Story evangelism model through an evaluative template to establish if the model considers the theological historical developmental and environmental factors of the task of peer to peer evangelism While the language and methodology of evangelism seem to have remained unaltered within Christendom the surrounding culture continues to change Expectations and techniques that existed in the past now are being placed on an adolescent culture that neither understands nor connects with them The result of this evaluation will be a greater awareness of the issues facing both models and practitioners when approaching the task of adolescent peer to peer evangelism This study will be divided into four sections The first section will examine the historical approaches to evangelism in North America and the efforts made to adapt these strategies for the task of adolescent peer to peer evangelism This information will create evaluation markers for the evaluative template The second section will explore the theology of peer to peer evangelism along with the dynamic of human relationships in both the Old and New Testament the dynamics of how Jesus His disciples and the early Church shared the Good News in an interpersonal context and the role of the Church This information will create evaluation markers for the theological measure of the evaluative template The third section will explore the psychosocial development spiritual development and environmental issues of peer relationships and their implication to the task of peer to peer evangelism in a North American context This information will create additional markers for the evaluative template Finally the last section will examine the 3Story model through the template presented It will discuss if the model is a viable strategy for adolescent peer to peer evangelism

Inks ,1996 **The Art of Ill Will** Donald Dewey,2008-10 Featuring over 200 illustrations this book tells the story of American political cartoons From the colonial period to contemporary cartoonists like Pat Oliphant and Jimmy Margulies this title highlights these artists uncanny ability to encapsulate the essence of a situation and to steer the public mood with a single drawing

Drawn to Extremes Chris Lamb,2004 In 2006 a cartoon in a Danish newspaper depicted the Prophet Mohammed wearing a bomb in his turban The cartoon created an international incident with offended Muslims attacking Danish embassies and threatening the life of the cartoonist Editorial cartoons have been called the most extreme form of criticism society will allow but not all cartoons are tolerated Unrestricted by journalistic standards of objectivity editorial cartoonists wield ire and irony to reveal the naked truths about presidents celebrities business leaders and other public figures Indeed since the founding of the republic cartoonists have made important contributions to and offered critical commentary on our society Today however many syndicated cartoons are relatively generic and gag related reflecting a weakening of the newspaper industry s traditional watchdog function Chris Lamb offers a richly illustrated and engaging history of a still vibrant medium that forces us to take a look at ourselves for what we are and not what we want to be The 150 drawings in Drawn to Extremes have left readers howling sometimes in laughter but often in protest
