Tyranny Through Public Education - Revised Edition William F. Jr Cox, 2004-04 This book documents the inherently flawed nature of America's public school system as currently structured Contemporary recommendations for correcting the system invariably treat symptoms rather than the inherent problem of government control over parental and religious rights The book documents that education is a religious endeavor and that freedom of religion is guaranteed in the United States parents have an inalienable right to raise their children free from government constraints on education civil government is to protect and not deprive citizens of their inalienable rights the educational history of our country affirms that education has always had a religious function recent interpretations of the First and Fourteenth Amendments are both misguided and opposite from their original meanings federal control of education and education taxation is outside the legitimate authority of the U S Constitution and government control of education at federal state and local levels is inherently tyrannical Addressed in separate chapters the above mentioned issues individually and collectively build a compelling case for the disestablishment of government control and the return of parental control to education To quote James Madison government should relate to education in the same way as it does to religion not to intermeddle with it *Betrayed* Laurie H. Rogers, 2011-01-16 In America more money is spent from all sources on K 12 education than on the U S Department of Defense Why then are so many children suffering what amounts to educational malpractice Why are they crippled for life

with a substandard education and a life altering vision of themselves as incapable Betrayed is a passionate well researched and frank accounting of how a failing public education system continues to be forced on teachers and students despite its nearly complete lack of supporting research or successful student outcomes Betrayed roots out the self styled stakeholders whose personal professional and financial interests are served by this failing system It sympathizes with teachers many of whom aren t allowed to do their jobs yet are constantly threatened with removal for ineffectiveness or insubordination Betrayed is an expose but it s also a beacon of commonsense and hope Through the Square of Effective Learning Betrayed offers practical methods for teachers parents advocates and legislators to stand up against this broken system to effect positive change and to ensure a good quality education for all of our children *Connectivity, the Answer to Ending Ignorance and Separation* Judy Breck,2004 This book contains parallel discussions of how network connectivity is fundamentally diminishing terrorism transforming business enterprises becoming a new artistic expressive medium and providing a new and different locus for human knowledge Connectivity the Answer to Ending Ignorance and Separation is written for every educator eager to learn more about networks BOOK JACKET *Elementary and Secondary Education Act of 1966, Hearings Before the Subcommittee on Education* United States. Congress. Senate. Committee on Labor and Public Welfare,1966 **The Trump Effect** L. Rowand Archer,2022-11-03 With the election of Donald Trump on November 8 2016 Americans experienced a sense of relief and joy knowing they could again participate in a vibrant business environment that offers them the power of self determination and the freedom to pursue their life goals and live according to their faith unencumbered by political correctness and the stifling ideology of creeping socialism For the last fifty or so years the dark side left have though academia the entertainment industry deep state bureaucrats and the liberal big media successfully been undoing the centuries old institutions of free market economies which has created unprecedented wealth the world over In its place the dark side left have been molding these institutions to reflect their warped ideology of a new socialist world order with no boarder and based on a Marxist progressive left utopia an oxymoron if there ever is one The long term strategy for achieving their transition relies on undermining the economic engine by enacting burdensome big government regulations by imposing political correctness and identity politics into our daily conversations social interactions and norms and finally by attacking one s religious faith and values The dark side left s long march through the culture has resulted in the indoctrination of each new generation using the direct influence of academia movies and television programs the daily news coverage and government policy Miraculously as if by divine intervention after just one year of his presidency Donald Trump has managed to force into the open this sinister plot by the dark side left with the world now acutely aware of the serious bias of the liberal big media the corruption present at the senior levels of the intelligence branches left behind by the Obama administration the serious extent of liberal bias in academia and their effort to restrict free speech and the self interest of lawmakers seeking self enrichment from Washington s swamp dwelling domestic and foreign lobbyists With his

unwavering commitment to work on behalf of the American people Trump has almost single handedly inflicted journalists and the political elites with varying degrees of Trump derangement syndrome and exposing their warped self serving values resulting in them becoming almost totally incapable of providing unbiased insightful political arguments on current issues for their audience Because of President Trump the world is witnessing the excruciating collapse of the dark side left and the Washington swamp His ability to navigate through the minefields laid by the bipartisan swamp and the liberal big media can only be answered through our faith in God who in all his wisdom has chosen this man to save free market countries and its people from the evils of the dark side left and their elitist minions Elementary and Secondary Education Act of 1966
