Indicators of Children's Well-Being Robert M. Hauser, Brett V.

Brown, William R. Prosser, 1997-12-04 The search for reliable information on the well being of America's young is vital to designing programs to improve their lives Yet social scientists are concerned that many measurements of children's physical and emotional health are inadequate misleading or outdated leaving policymakers ill informed Indicators of Children's Well Being is an ambitious inquiry into current efforts to monitor children from the prenatal period through adolescence Working with the most up to date statistical sources experts from multiple disciplines assess how data on physical development education economic security family and neighborhood conditions and social behavior are collected and analyzed what findings they reveal and what improvements are needed to create a more comprehensive and policy relevant system of measurement Today's climate of welfare reform has opened new possibilities for program innovation and experimentation but it has also intensified the need for a clearly defined and wide ranging empirical framework to pinpoint where help is needed and what interventions will succeed Indicators of Children's Well Being emphasizes the importance of accurate studies that address real problems Essays on children's material well being show why income data must be supplemented with assessments of housing medical care household expenditure food consumption and education Other contributors urge refinements to existing survey instruments such as the Census and the Current Population Survey The usefulness of records from human service agencies child welfare records and juvenile court statistics is also evaluated

Socioeconomic Status, Parenting, and Child Development Marc H. Bornstein, Robert H. Bradley, 2014-04-04 Socioeconomic Status Parenting and Child Development presents cutting edge thinking and research on linkages among socioeconomic status parenting and child development The contributors represent an array of different disciplines and approach the issues from a variety of perspectives Accordingly their take on how SES matters in the lives of children varies This volume is divided into two parts Part I concerns the constructs and measurement of SES and Part II discusses the functions and effects of SES Each part presents four substantive chapters on the topic followed by an interpretive and constructively critical commentary The chapters considered as a whole attest to the value of systematically examining the components of SES and how each flows through an array of specific parenting practices and resources both within and outside the home environment to help shape the course of child development The result is a more fully delineated picture of how SES impacts the lives of children in the 21st century a picture that contains a road map for the next generation of studies of SES and its role in the rapidly evolving ecology of family life
