The Egnatian Way:

The Egnatian Way Firmin O'Sullivan, 1972 **The Book of Acts in Its Graeco-Roman Setting** David W. J. Gill, 1994-05 The Book of Acts in Its Graeco Roman Setting locates the Book of Acts within various regional and cultural settings in the eastern Mediterranean These studies draw on recent archaeological fieldwork and epigraphic discoveries to describe the key cities and provinces within the Roman Empire The relevant societal aspects of these regions such as the Roman legal system Roman religion and the problem of transport and travel all help contextualize the book of Acts **The General History of the Highways, in All Parts of the World, More Particularly in Great Britain: ...** Nicolas Bergier, 1712 **Istanbul** Bettany Hughes, 2017-09-19 Istanbul has long been a place where stories and histories collide where perception is as potent as fact From the Koran to Shakespeare this city with three names Byzantium Constantinople Istanbul resonates as an idea and a place real and imagined Standing as the gateway between East and West North and South it has been the capital city of the Roman Byzantine and Ottoman Empires For much of its history it was the very center of the world known simply as The City but as Bettany Hughes reveals Istanbul is not just a city but a global story In this epic new biography Hughes takes us on a dazzling historical journey from the Neolithic to the present through the many incarnations of one of the world's greatest cities exploring the ways that Istanbul's influence has spun out to shape the wider world Hughes investigates what it takes to make a city and tells the story not just of emperors viziers caliphs and sultans but of the poor and the voiceless of the women and men whose aspirations and dreams have continuously reinvented Istanbul Written with energy and animation award winning historian Bettany Hughes deftly guides readers through Istanbul's rich layers of history Based on meticulous research and new archaeological evidence this captivating portrait of the momentous life of Istanbul is visceral immediate and authoritative narrative history at its finest **Paul, Apostle to the Nations** Walter F. Taylor, 2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Paul's thought on gender and sexuality *Scripture and Its Interpretation* Michael J. Gorman, 2017-06-06 Top notch biblical scholars from around the world and from various Christian traditions offer a fulsome yet readable introduction to the Bible and its interpretation The book concisely introduces the Old and New Testaments and related topics and examines a wide variety of historical and contemporary interpretive approaches including African American Asian and Latino streams Contributors include N T Wright M Daniel Carroll R Stephen Fowl Joel Green Michael Holmes Edith Humphrey Christopher Rowland and K K Yeo among others Questions for reflection and discussion an annotated bibliography and a glossary are included *Scripture* Michael J. Gorman, 2005-09-01 Most Bible introductions are the product of a single person or present only one perspective Written by and for people from a variety of faith traditions this distinctive introduction represents the

work of fifteen Protestant and Catholic scholars all members of the same theological faculty but representing a diversity of backgrounds and approaches Part I introduces the Bible itself its library like character its geography history and archaeology the books of each Testament important noncanonical books the Bible s various Jewish and Christian forms and its transmission and translation Part II covers the interpretation of the Bible at various times in various traditions and for various reasons in the premodern period and in the modern and postmodern eras including recent critical theological and ideological approaches in Protestant Catholic Orthodox and African American churches and for spiritual growth social justice and Christian unity Offering helpful insight into how Christians and others have agreed and disagreed in their approaches to the Bible it provides students with a clear succinct introduction to Scripture as divine and human word

The Letters to the Thessalonians GENE L GREEN,2020-05-21 In this commentary Gene Green reads Paul s two letters to the Thessalonians in light of the canon of Scripture and of new knowledge about the first century world of Thessalonica This fruitful approach helps illuminate the impact of the gospel on its original readers and in turn shows how potent a force it can be for the church and society today The book begins with an in depth study of the Thessalonians themselves their history land socioeconomic conditions and religious environment This fascinating discussion gives the necessary context for fully appreciating the circumstances surrounding the founding of the city s first church and the subsequent struggles of the Thessalonian believers to live out their Christian faith The main body of the book provides informed verse by verse commentary on 1 2 Thessalonians that extracts the fullest possible meaning from these important New Testament texts As Green s exposition shows the Thessalonian scriptures are especially valuable as letters of friendship and for showing Paul s pastoral concern for the many areas in which the Thessalonians needed guidance Some of Paul s purposes are to thank the new believers for their steadfastness amid suffering to encourage them in their trials to urge them not to neglect their daily work and no less important to teach them about the future of believers who die before Christ returns Indeed the matter of the last things and the second coming of Christ so permeates these texts that they are often called Paul s eschatological letters Filled with new information about ancient society this commentary will fast become a standard reference work for Bible study By carefully bridging the biblical and modern worlds Green shows with clarity and warmth the continuing relevance of 1 2 Thessalonians for contemporary readers

No Stone Left Unturned Roy and Evelyn Turkington,2021-12-15 This book is designed to introduce the reader to many of the major narratives of the Bible beginning with Abraham and other patriarchs Israel s Judges and Prophets Jesus Christ Paul and John s Seven Churches in Revelation This covers considerable geography from Iran biblical Persia and Iraq in the east through Jordan Egypt Syria Israel and Lebanon to Turkey Greece and Italy in the west It is not a theological text but mostly the Turkington s travel logs from 1991 2004 when they had the opportunity to visit almost all known Bible sites Often their experiences were funny exciting frustrating sometimes daring and on occasion a little dangerous Together with their two children they drove through fields along tracks through fruit groves and shallow rivers

and into some quite intimidating areas They were pummeled by stones several times robbed three times stopped by police or army five times and had many exciting border crossings including one where they were within seconds of being shot by Israeli border guards and they had one car accident this all to experience these Bible lands *A Mind for what Matters* Frederick Fyvie Bruce,1990 Anybody who has published more than forty books and nearly 2 000 articles and who has been called the greatest evangelical scholar of our time is a figure to be reckoned with Such is F F Bruce who towers like a giant over the field of contemporary biblical scholarship *Caesar's Lord (Constantine's Empire Book #3)* Bryan Litfin,2022-11-01 After more than a decade of tumult Roman warrior Rex and his aristocratic wife Flavia are thankful to the God they serve for the peaceful life they are living in the city of Alexandria But with the Empire in flux it cannot last When Rex is called away to serve Constantine in his fight against Licinius Flavia s loneliness and longing for a baby lead her down the road of temptation Perhaps one of Egypt s gods will grant her conception As battles rage both within and without Rex and Flavia will have to rely on God s forgiveness and protection if they are to survive the trials to come Their adventures sweep them into the great events of the ancient church including the forging of the Nicene Creed terrible murders within the imperial family the quest for the true cross of Christ in Jerusalem and the end of pagan Rome as a new Christian empire dawns Bryan Litfin brings his epic Constantine s Empire series to a thrilling close with this dramatic tale of struggle and redemption 1 & 2 Thessalonians & Philemon Tyndale House Publishers,1999 The popular Life Application Bible Studies are now available in the New Living Translation Each study provides an in depth examination of a particular Bible book using the New Living Translation text and notes from the Life Application Study Bible Charts maps and thirteen lessons complete with questions and notes are sure to challenge all who enjoy an application oriented approach to Bible study A history of ancient geography among the Greeks and Romans sir Edward Herbert Bunbury (9th bart.),1879 A History of Ancient Geography Among the Greeks and Romans Edward Herbert Bunbury,1879 History of Ancient Geography, Volume 2 E.
