Mazer,2013-10-24 All four figures in this volume have been canonized as central to stage centred Shakespearean scholarship and stage practice From William Poel s reproductions of early modern stages in the late nineteenth century to Sam Wanamaker s reconstruction of the Globe on London s South Bank they all viewed Shakespeare s plays as being enmeshed in the social and historical dynamics of theatremaking and theatregoing The volume considers how their attempts to recapture early modern performance conditions can be considered progressive **Great Shakespeareans Set IV** Adrian Poole,Peter Holland,2014-09-11 Great Shakespeareans presents a systematic account of those figures who have had the greatest influence on the interpretation understanding and cultural reception of Shakespeare both nationally and internationally This major project offers an unprecedented scholarly analysis of the contribution made by the most important Shakespearean critics editors actors and directors as well as novelists poets composers and thinkers from the seventeenth to the twentieth century An essential resource for students and scholars in Shakespeare studies *King Alfred the Great, his Hagiographers and his Cult* Tomás Mario Kalmar,2025-10-01 This book situates Alfred the Great in his hagiographic context For 150 years the fables told in the ninth century about Alfred s childhood have posed interlocking disciplinary challenges to historians committed to evicting romance from history Blending current Hagiography Studies with historical literary and biblical hermeneutics can help us

forgo the anti hagiographic commitments which motivated the scholars who purified the Victorian cult of Alfred by expunging his legends and salvaging his historicity The book focusses on the typological functions of three Alfredian fables from the Old English Chronicle the Old English Boethius and Asser's Vita Alfredi analyses the plot common to all three critiques the psychological conjecture that Alfred's childhood memory was their common source and shows that synoptically they can help us see how Alfred shaped the curve of his own life's destiny and how he engaged in the formation of his own cult to last a thousand years

Extraordinary Aesthetes Joseph Bristow, 2023-04-14 The fin de siècle not only designated the end of the Victorian epoch but also marked a significant turn towards modernism Extraordinary Aesthetes critically examines literary and visual artists from England Ireland and Scotland whose careers in poetry fiction and illustration flourished during the concluding years of the nineteenth century This collection draws special attention to the exceptional contributions that artists poets and novelists made to the cultural world of the late 1880s and 1890s The essays illuminate a range of established increasingly acknowledged and lesser known figures whose contributions to this brief but remarkably intense cultural period warrant close attention Such figures include the critically neglected Mabel Dearmer whose stunning illustrations appear in Evelyn Sharp's radical fairy tales for children Equally noteworthy is the uncompromising short fiction of Ella D Arcy who played a pivotal role in editing the most famous journal of the 1890s The Yellow Book The discussion extends to a range of legendary writers including Max Beerbohm Oscar Wilde and W B Yeats whose works are placed in dialogue with authors who gained prominence during this period Bringing women's writing to the fore Extraordinary Aesthetes rebalances the achievements of artists and writers during the rapidly transforming cultural world of the fin de siècle
