our own paths Yet within the depths of family bonds we can also find solace support and the strength to heal old wounds Throughout our journey we encounter characters who embody the triumph of the human spirit Despite the challenges they face they find the strength to forgive to love and to hope They remind us that even in the darkest of times the human heart has the capacity to heal to grow and to find redemption The Greedy Heart is a powerful and moving exploration of the human condition It is a book that will stay with you long after you finish reading it challenging you to confront your own heart and to embrace the transformative power of love and compassion If you like this book write a review Heart's Safe Passage Laurie Alice Eakes,2012-02 A colonial midwife is spirited away by an English agent will she make it home again with her heart intact The Heart's Code Paul P. creation animates what Meillassoux has described as the absolute necessity of the contingency of everything. In working to avoid the formational and structural linearities of a series of numbered consecutive chapters, the book is constructed in and around the movements of the always actualising capaciousness of Acts. In offering engagements with education research and pedagogy and always sensitive to the dynamics of multiplicity, each Act emanates from and feeds into other enactments in the unfolding emergence of the book. Hence, in agencement, the book offers multiple points of entry and departure. Deleuze has said that a creator is someone who creates their own impossibilities and thereby creates possibilities; it's by banging your head on the wall that you find a way through. Therefore, the writing of this book writes to the writing pedagogic and qualitative research practices of those in education and the humanities who are writing to the creation of such impossibilities.
