studies this is a comprehensive and accessible encyclopedia to the youngest of the world religions Regarded as the second most widespread faith after Christianity with adherents in almost every country around the globe the Baha i faith is nevertheless unfamiliar to many here Dr Smith traces the origins and development of the religion from 19th century Iran to the modern day introducing its central figures and major historical events combining breadth with a readable yet concise style he provides a balanced overview of Baha i scriptures doctrines and practices social teachings and organization This reference work presents a clear and knowledgeable view of a fascinating new religion

The World's Religions in Figures Todd M. Johnson, Brian J. Grim, 2013-03-25 Created by two of the field's leading experts this unique introduction to international religious demography outlines the challenges in interpreting data on religious adherence and presents a contemporary portrait of global religious belief Offers the first comprehensive overview of the field of international religious demography detailing what we know about religious adherents around the world and how we know it Examines religious freedom and diversity including agnostics and atheists on a global scale highlighting trends over the past 100 years and projecting estimates for the year 2050 Outlines the issues and challenges related to definitions taxonomies sources analyses and other techniques in interpreting data on religious adherence Considers data from religious communities censuses surveys and scholarly research along with several in depth case studies on the global Muslim population religion in China and the religious demography of recently created Sudan and South Sudan Argues against the belief that the twentieth century was a secular period by putting forward new evidence to the contrary Provides resources for measuring both qualitatively and quantitatively important data on the world's religious situation in the twenty first century

Religion, Theory, Critique Richard King, 2017-07-18 Religion Theory Critique is an essential tool for learning about theory and method in the study of religion Leading experts engage with contemporary and classical theories as well as non Western cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis

World History and

the Eonic Effect John C. Landon, 2010-04-27 At a time when theories of evolution are undergoing renewed controversy the study of the Eonic Effect can break the deadlock by looking at world history in the light of evolution The assumption that evolution occurs at random is the crux of the dispute and one confused with issues of religion and secularism We can detect a non random pattern in the record of civilization itself to see evolution in action on a stupendous scale We live in the first generations with enough data to detect this phenomenon In the confusion of evolutionary theories the unexpected discovery of deep level structure can allow us to deconstruct fl at history and assess claims of directionality in evolution In the process the theory of natural selection applied to human evolution is seen to fail a photo finish test The book provides a new model for the study of the overlap of history and evolution and a critique of current views of the descent of man **World**

Religions in America, Fourth Edition Jacob Neusner, 2009-10-07 The fourth edition of *World Religions in America* continues its lauded tradition of providing students with reliable and nuanced information about America s religious diversity while also reflecting new developments and ideas Each chapter was updated to reflect important changes and events and current statistics and information New features include a timeline of key events and people for each tradition sidebars on major movements or controversies personal stories from members of various faiths a theme based organization of subjects more subheads three new chapters exploring America s increasing religious diversity and suggestions for further study

Robertson, 2016-02-05 The *World Religions Paradigm* has been the subject of critique and controversy in Religious Studies for many years *After World Religions* provides a rationale for overhauling the *World Religions* curriculum as well as a roadmap for doing so The volume offers concise and practical introductions to cutting edge Religious Studies method and theory introducing a wide range of pedagogical situations and innovative solutions An international team of scholars addresses the challenges presented in their different departmental institutional and geographical contexts Instructors developing syllabi will find supplementary reading lists and specific suggestions to help guide their teaching Students at all levels will find the book an invaluable entry point into an area of ongoing scholarly debate The Oxford Handbook of the Sociology of Religion Peter Clarke, 2011-02-04 The *Oxford Handbook of the Sociology of Religion* draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific

research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline

Dynamics in the History of Religions between Asia and Europe, 2011-11-25 This first volume of the series Dynamics in the History of Religions reviews the opening conference of the K te Hamburger Kolleg at the Ruhr University Bochum The first section concentrates on the formation of what later come to be termed world religions through inter religious contact the second part focuses on the significance of interreligious contacts also during their expansive phase Methodological problems of multi perspective research and especially the lack of a general religious terminology are discussed in the third chapter while the final papers outline various aspects of secularization and re sacralisation in the age of globalisation as an effect of multicultural contacts in a world wide web of religious interferences Contributors include Marion Steinicke Volkhard Krech Peter Wick Victor H Mair Heiner Roetz Patrick Olivelle Jens Schlieter Guy Stroumsa Sarah Stroumsa Nikolas Jaspert Michael Lecker John Tolan Eun jeung Lee Michael Lackner Stephen C Berkwitz Sven Bretfeld Lucian H Ischer Jan Assmann Robert Ford Campamy Russell McCutcheon Tim H Barrett Francesca Tarocco Ronald M Davidson Markus Zehnder Aslam Syed Marion Eggert Peter Schalk Peter Beyer Ian Reader Jos Casanova Heinz Georg Held

The World's Religions Peter B. Clarke, Peter Beyer, 2009-05-07 This comprehensive volume focuses on the world's religions and the changes they have undergone as they become more global and diverse in form It explores the religions of the world not only in the regions with which they have been historically associated but also looks at the new cultural and religious contexts in which they are developing It considers the role of migration in the spread of religions by examining the issues raised for modern societies by the increasing interaction of different religions The volume also addresses such central questions as the dynamics of religious innovation which is evidenced in the rise and impact of new religious and new spirituality movements in every continent

The Religion of Goethe Friedrich Otto Schrader, 1914

The Encyclopedia of World Religions Robert S. Ellwood, 2008 Contains nearly 600 brief entries on the world's religious traditions

The Churches and the Development Debate Ignatius Swart, 2006-05-01 This book newly addresses the question about the Christian churches participation in development The innovative element of this reflection is the way in which the author finds meaning and significance particularly in the concept of a fourth generation approach to strategic development engagement The book's essential argument is that a fourth generation strategy an approach that makes the contemporary social or people's movements the primary subjects of its development action and theory holds the greatest prospect for authentic participation by the Christian churches in development
