The enchanted castle of the title is a country estate in the West Country, seen through the eyes of three children: Gerald, James, and Kathleen, who discover it while exploring during the school holidays. The lake, groves, and marble statues with white towers and turrets in the distance make a fairy tale setting, and then in the middle of the maze in the rose garden, they find a sleeping fairy tale princess. The princess tells them that the castle is full of magic, and they almost believe her. She shows them the treasures of the castle, including a magic ring she says is a ring of invisibility, but when it actually turns her invisible, she panics and admits that she is the housekeeper's niece, Mabel, and was just play-acting. The children soon discover that the ring has other magical powers. The Enchanted Castle was written for both children and adults. It combines descriptions of the imaginative play of children, reminiscent of *The Story of the Treasure Seekers*, with a magic more muted than in her major fantasies, such as *The Story of the Amulet*. **The Enchanted Castle 1 - Black Magic** Peter Gotthardt, 2018-10-15.
