is to perform an Internet search Here there is an abundance of information and misinformation and anecdotes of the pregnancy and childbirth experiences of other parents including those that are unusually good or unusually disappointing Sometimes search results are informative but too often they can be confusing and lead to further anxiety about our own experience On the following pages we have aimed to provide the balanced advice and support you need at one of the most important times of your life We have covered every stage pre conception the pregnancy labour birth and even the first three months of your baby s life We have arranged the chapters by theme and question helping you to find the answers you are seeking as well as other related subjects you might want to know about A timetable of antenatal care is outlined and expert advice is given on what is likely to occur during your pregnancy from procedures and scans to birth plans and labour techniques You will learn about nutrition and exercise and how to keep healthy as well as the biological changes taking place in your body and your baby s There are also sections on clothes to buy to accommodate your increasingly large bump and also what to buy to prepare for your new arrival You ll find guidance on all concerns from common complaints during the first trimester to caring for your newborn Where you should be taking advice from a midwife or obstetrician we have asked you to do so The story of the beginnings of your baby s life is told in a visually beautiful easy to read and factually accurate account Throughout in depth medical information and authoritative advice will enable you to feel
