Serial Killers Around the World Dirk C. Gibson,2014-11-28 Serial Killers Around the World The Global Dimensions of Serial Murder compiles serial murder case studies from several countries from Australia to Great Britain and from Japan to Pakistan The author has covered accounts on a wide array of serial killers including some well known felons namely Jack the Ripper The Butcher of Mons Martin Marie Dumollard as well as some of the lesser known serial slayers such as Daisy DeMelker Yoshio Kodaira Javed Iqbal and many more The book highlights six dimensions of each case the killer s the serial murders other crimes communication the investigation and trial and punishment of the accused Readers both general and aspiring criminologists alike will find Serial Killers Around the World an interesting resource for critical information on serial murders committed in nations around the world [The Big Book of Serial Killers](#) Jack Rosewood,Rebecca Lo,2019 Murderers or monsters normal people turned bad or people born with the desire to kill it doesn t matter where they come from serial killers strike dread into our hearts with a single mention of their names Hunting in broad daylight or stalking from the shadows we are their prey and their hunt is never done until they are caught or killed With a worrying number of

them living in our communities working alongside us at our places of employment and sharing the same spaces where we spend time with our families serial killers are typically just another neighbor that we barely think about A worrying thought to be honest Legends, Monsters, or Serial Murderers? Dirk C. Gibson, 2012-02-14 Covering figures ranging from Catherine Monvoisin to Vlad the Impaler and describing murders committed in ancient aristocracies to those attributed to vampires witches and werewolves this book documents the historic reality of serial murder The majority of serial murder studies support the consensus that serial murder is essentially an American crime a flawed assumption as the United States has existed for less than 250 years What is far more likely is that the perverse urge to repeatedly and intentionally kill has existed throughout human history and that a substantial percentage of serial murders throughout ancient times the middle ages and the pre modern era were attributed to imaginative surrogate explanations dragons demons vampires werewolves and witches Legends Monsters or Serial Murderers The Real Story Behind an Ancient Crime dispels the interrelated misconceptions that serial murder is an American crime and a relatively recent phenomenon making the novel argument that serial murder is a historic reality an unrecognized fact in ancient times Noted serial murderers such as the Roman Locuta The Poisoner Gilles De Rais of France a prolific serial killer of children Andres Bichel of Bavaria and Chinese aristocratic serial killer T zu Hsi are spotlighted This book provides a unique perspective that integrates supernatural interpretations of serial killing with the history of true crime reanimating mythic entities of horror stories and presenting them as real criminals
