The End Of The World A Theological Interpretation:

The End of the World Ulrich H. J. Körtner, 1995-01-01 In this book Ulrich Kortner addresses the issue of apocalyptic anxiety by offering a theological and philosophical evaluation of the apocalyptic In particular Kortner looks at how theology responding in pastoral sensitivity should deal with apocalyptic fears and anxieties Kortner concludes that real meaning and hope for the world is possible only after the world s inhabitants deal constructively with the stark reality of the world s end

The Apocalyptic Dimensions of Climate Change Jan Alber, 2021-09-07 Climate change and the apocalypse are frequently associated in the popular imagination of the twenty first century This collection of essays brings together climatologists theologians historians literary scholars and philosophers to address and critically assess this association The contributing authors are concerned among other things with the relation between cultural and scientific discourses on climate change the role of apocalyptic images and narratives in representing environmental issues and the tension between reality and fiction in apocalyptic representations of catastrophes By focusing on how figures in fictional texts interact with their environment and deal with the consequences of climate change this volume foregrounds the broader social and cultural function of apocalyptic narratives of climate change By evoking a sense of collective human destiny in the face of the ultimate catastrophe apocalyptic narratives have both cautionary and inspirational functions Determining the extent to which such narratives square with scientific knowledge of climate change is one of the main aims of this book *Dictionary for Theological Interpretation of the Bible* Kevin J. Vanhoozer, 2005-11 This groundbreaking reference tool introduces key names theories and concepts for interpreting Scripture [Handbook on Postconservative Theological Interpretation](#) Ronald T. Michener, Mark A. Lamport, 2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation **Theological Interpretation of the New Testament** Kevin J. Vanhoozer, 2008-11 Utilizes material from the award winning *Dictionary for Theological Interpretation of the Bible* to introduce theological interpretation through a book by book survey of the New Testament *Theological Interpretation of the Old Testament* , 2008-11-01 The

The Interface of Science, Theology, and Religion Dennis Ngien, 2019-03-07 In celebration of Alister E McGrath's sixty fifth birthday in 2018 this Festschrift aims to highlight him as a lauded scholar who exemplifies an interface of science theology and religion It comprises works by McGrath's theological allies and colleagues from diverse ecclesial homes including Graham Ward Oliver Crisp Tony Lane Sung Wook Chung Randall Zachman Veli Matti K rkk inen Jonathan Wilson Jeffrey P Greenman Robert Kolb Sister Benedicta Ward Michael Lloyd Bethany Sollereder and Patrick Franklin Critical but appreciative is the posture with which these contributors engage the wide range of McGrath's own scholarly pursuits and publications This volume edited by Dennis Ngien covers these themes that are central to the life and witness of the church atonement Christology Trinity eschatology mission Reformation science nature culture evangelism and theodicy there is much to ponder and reap here Readers will join with the contributors and pay tribute to McGrath who has risen to a life of significance as a scientist turned theologian professor author Christian apologist and churchman

The Strategic Smorgasbord of Postmodernity Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in

existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will raise much interest and provoke a good deal of constructive debate Susan VanZanten Gallagher Professor of English Director Center for Scholarship and Faculty Development Seattle Pacific University **God and the Scientist** Fraser

Watts,2016-04-22 This book presents a celebration survey and critique of the theological work of arguably the most important and most widely read contributor to the modern dialogue between science and theology John Polkinghorne Including a major survey by Polkinghorne himself of his life s work in theology this book draws together contributors from among the most important voices in the science theology dialogue today to focus on key aspects of Polkinghorne s work with Polkinghorne providing responses Anybody exploring contemporary aspects of the science religion debate will find this book invaluable *Theological Interpretation of Culture in Post-Communist Context* Ivana Noble,2016-12-05 Twenty years after the fall of Communism in Central and East Europe is an occasion to reevaluate the cultural and theological contribution from that region to the secularization post secularization debate Czech theologian Ivana Noble develops a Trinitarian theology through a close dialogue with literature music and film which formed not only alternatives to totalitarian ideologies but also followed the loss and reappearance of belief in God Noble explains that by listening to the artists the churches and theologians can deal with questions about the nature of the world memory and ultimate fulfilment in a more nuanced way Then as partakers in the search undertaken by their secular and post secular contemporaries theologians can penetrate a new depth of meaning sending out shoots from the stump of Christian symbolism Drawing on the rich cultures of Central and East Europe and both Western and Eastern theological traditions this book presents a theological reading of contemporary culture which is important not just for post Communist countries but for all who are engaged in the debate on the boundaries between theology politics and arts **The Apocalypse of John and Liberation Theology in Africa** Humphrey Mwangi

Waweru,2023-12-06 The older ways of understanding the Apocalypse of John even the experience of the prophecy itself no longer work The Apocalypse of John and Liberation Theology in Africa offers a new paradigm for interpreting the apocalypse in Africa This book makes it clear that the Bible has been a strong force in legitimatizing colonization as it constructed a self validating world in which domination appeared normal and permanent While the Bible in the hands of Africans is reducible to a sociological current it cannot be read in isolation from the African context The Bible has championed the control of African culture so Africans have come up with ways and means of recontrolling a text so zealously read and taught in the region This book explores those new ways of reading for the liberation of the African continent **Spirit-Word-Community** Amos Yong,2017-11-22 This title was first published in 2002 How does one go about doing Christian theology Yong explores this question by proposing a pneumatological trinitarian hermeneutic Its thesis is that interpretation and theological method is an ongoing tri logue of Spirit Word Community of interpretive subjects as imaginative obligated and relational agents of the

horizons of the interpreter the biblical and ecclesial traditions and the world and of founding historical and ongoing communities of faith and inquiry Ecumenical perspectives on the topics of pneumatology the doctrine of the Spirit metaphysics foundational pneumatology epistemology the pneumatological imagination and trinitarian theology converge in this book to move forward the present discussion of theological method **Systematic Theology** Augustus Hopkins

Strong,1907 **Analytic Christology and the Theological Interpretation of the New Testament** Thomas H. McCall,2021 This study draws upon the resources of both contemporary analytic theology and the theological interpretation of the New Testament in order to investigate a set of important issues in Christology It is the first work in analytic Christology to draw upon both recent scholarship in biblical studies and recent contributions to analytic philosophy and theology Thomas H McCall explores the themes of union with Christ and the faith of Christ as these are developed by the apocalyptic and New Perspective interpreters of Pauline theology The volume offers a careful analysis of recent dogmatic proposals about the identity of Christ and the doctrine of election and provides an examination of debates over the subordination of the Son in Hebrews It also probes the relationship of the incarnate Son to his Father in Johannine theology McCall presents an exegetically grounded theological engagement with recent work on the place of logic in the doctrine of the incarnation **The People's New Testament Commentary** M. Eugene Boring,Fred B. Craddock,2010-01-01 M Eugene

Boring and Fred B Craddock present this new one volume commentary on the New Testament Writing from the fundamental conviction that the New Testament is the people s book Boring and Craddock examine the theological themes and messages of Scripture that speak to the life of discipleship Their work clarifies matters of history culture geography literature and translation enabling people to listen more carefully to the text This unique commentary is the perfect resource for clergy and church school teachers who seek a reference tool midway between a study Bible and a multivolume commentary on the Bible

Lawrence Durrell, Postmodernism and the Ethics of Alterity Stefan Herbrechter,1999 This book is of interest for any reader wishing to explore the interface between literature and critical and cultural theory It investigates the notions of alterity which underlie the work of Lawrence Durrell and postmodernist theory Grass Irmgard Elsner Hunt **The Pacific Unitarian** ,1905 *The End of Time* Josef Pieper,1999 This is a work of rare prophetic brilliance by Josef Pieper one of this century s most profound and lucid expositors of the thought of St Thomas Aquinas This book was written to throw light on an ancient question that has vexed and tormented many What is the nature of The End toward which even now the world and men are moving No writer of our time is better equipped to answer that question than Pieper He provides the most rigorous and sustained philosophical analysis anchored to the primeval rock of theological pronouncement in order precisely to understand the finalities of time and history *A Theology of Justice in Exodus* Nathan Bills,2021-03-03 This book traces the theme of justice throughout the narrative of Exodus in order to explicate how yhwh s reclamation of Israel for service worship reveals a distinct theological ethic of justice grounded in yhwh s character and Israel s calling within yhwh s

creational agenda Adopting a synchronic text immanent interpretive strategy that focuses on canonical and inner biblical connections Nathan Bills identifies two overlapping motifs that illuminate the theme of justice in Exodus First Bills considers the importance of Israel s creation traditions for grounding Exodus s theology of justice Reading Exodus against the backdrop of creation theology and as a continuation of the plot of Genesis Bills shows that the ethical disposition of justice imprinted on Israel in Exodus is an application of yhwh s creational agenda of justice Second Bills identifies an educational agenda woven throughout the text The narrative gives heightened attention to the way yhwh catechizes Israel in what it means to be the particular beneficiary and creational emissary of yhwh s justice These interpretative lenses of creation theology and pedagogy help to explain why Israel s salvation and shaping embody a programmatic applicability of yhwh s justice for the wider world This volume will be of substantial interest to divinity students and religious professionals interested in the themes of exodus exile and return

The Character of Christian Scripture (Studies in Theological Interpretation) Christopher R. Seitz, 2011-10-01 The early church received the Scriptures of Israel as Christian Scriptures and did not change them The older testament was received as a witness to God and when a newer testament emerged the older was not dismissed harmonized or edited Rather the church moved forward with a two testament witness Christopher Seitz an internationally renowned expert in canonical interpretation illuminates the two testament character of Scripture and its significance for the contemporary church He interacts critically with current interest in the New Testament s use of the Old Testament and addresses an issue of perennial concern how to hear both testaments as Christian witness
