Halsted, 2024-02-07 Thinking about the end times isn't supposed to terrify you Christians rightly turn to the Bible to make sense of our times But so often we get the wrong answers because we ask the wrong questions In *The End of the World as You Know It* Matthew L Halsted challenges common end times assumptions and points us back to Scripture Each chapter reevaluates a popular question in light of the Bible's own concerns Will Christians be raptured What is the mark of the beast When we let Scripture direct our questions we get better and more hopeful answers The Bible was written for us but not to us We must bridge the gap between Scripture's ancient context and our own Reading end times texts in their ancient context helps us understand our present and future And when we do we find that God's word brings peace not fear and confusion [It's the End of the Church As We Know It](#) Marc Lawson, 2011-07-28 Speaking in favor of the power of God and against the traditions of men author Marc Lawson believes that signs and wonders miracles and demonstrations of God's power are desperately needed to defeat the onslaught of darkness our culture is accepting and endorsing more and more each day It's the End of Church as We Know It reflects a growing dissatisfaction with the current state of the church saying there must be more God has for Christians outside of the box Lawson is concerned that new believers are not only being catered to with faddish trends but they are not being invited to experience a supernatural God Only the power of the Holy Spirit and the manifestation of His gifts says Lawson will fulfill God's destiny for His church **Transitions** David N. Mosser, 2011-04-04 Preacher and teacher David Mosser offers practical and spiritual guidance for pastors struggling to manage and respond to changes in the economy changes in their neighborhoods changes in their denominations changes in the congregation changes in culture and the life changes present in every parishioner's life Wise words from authors such as Alyce McKenzie David Buttrick Joanna Adams and Thomas Long all contribute to this most timely and helpful book **Earthly Things** Karen Bray, Whitney Bauman, 2023-10-03 Globalization and climate weirding are two of the leading phenomena that challenge and change the way we need to think and act within the planetary community Modern Western understandings of human beings animals and the rest of the natural world and the subsequent technologies built on those understandings have thrown us into an array of social and ecological crises with planetary implications *Earthly Things* Immanence New Materialisms and Planetary Thinking argues that more immanent or planetary ways of thinking and acting have great potential for rethinking human technology animal Earth relationships and for addressing problems of global climate weirding and other forms of ecological degradation Older and often marginalized forms of thought from animisms shamanisms and other religious traditions are joined by more recent forms of thinking with immanence such as the universe story process thought emergence theory the new materialisms NM's object oriented ontologies OOO's affect theory and queer theory This book maps out some of the connections and differences between immanent frameworks to provide some eco intellectual commons for thinking within the planetary

community with a particular emphasis on making connections between more recent theories and older ideas of immanence found in many of the world's religious traditions. The authors in this volume met and worked together over five years so the resulting volume reveals sustained and multifaceted perspectives on thinking and acting with the planet.
