Williams Nubia Queen of the Amazons *The Endless Summer* Morgan L. Booth, 2014-04-20 A great drought has enveloped the lions land a plague known as the Endless Summer As the animals leave and the lions refuse to follow they face starvation on the plains Their only hope is for the Pantheraseer to lead them to the promised land where green grasses flourish and prey abound But will the lions be able to accept the Pantheraseer as their leader In the absence of the legend the cats have grown hostile Their desperation for food and water has made them prejudiced against members of their own kind They trust no one Before they can ever hope to be saved by Panthera they must learn to accept each other and the Pantheraseer and he must learn as well what it means to lead **Identity and Myth in Sports Documentaries** Zachary Ingle, David M.

Sutera, 2013 Nonfiction films about sports have been around for decades yet few scholarly articles have been published on these works In *Identity and Myth in Sports Documentaries* editors Zachary Ingle and David M Sutera have assembled a collection of essays that show how myth and identity national religious ethnic and racial are constructed perpetuated or questioned in documentaries produced in the United States France Australia Germany and Japan This collection is divided into three sections American Identity and Myth contains essays on consumerism religion in sports and post 9 11 America Race and Ethnicity examines the ways in which African American Mexican American and Jewish identity are portrayed in the documentaries under discussion Global Perspectives features films and TV series produced outside of the United States or those that provide perspectives on the international sport scene Spanning several decades the landmark documentaries discussed in this volume include *Hoop Dreams* *The Endless Summer* *The Life and Times of Hank Greenberg* *Olympia* and *Tokyo Olympiad* and address such subjects as baseball football basketball boxing soccer surfing and the Olympics The essays pose such questions as How are notions of the American dream involved in athletes aspirations How do media texts from Australia or France construct Australian and French identity respectively and How did filmmakers such as Leni Riefenstahl Kon Ichikawa and Bud Greenspan infuse their Olympic documentaries with national ideology despite being intended for an international audience By tackling these subjects *Identity and Myth in Sports Documentaries* is an intriguing read for scholars students and the general public alike *Empire in Waves* Scott Laderman, 2014-03-03 Surfing today evokes many things thundering waves warm beaches bikinis and lifeguards and carefree pleasure But is the story of surfing really as simple as popular culture suggests In this first international political history of the sport Scott Laderman shows that while wave riding is indeed capable of stimulating tremendous pleasure its globalization went hand in hand with the blood and repression of the long twentieth century Emerging as an imperial instrument in post annexation Hawaii spawning a form of tourism that conquered the littoral Third World tracing the struggle against South African apartheid and employed as a diplomatic weapon in America s Cold War arsenal the saga of modern surfing is only partially captured by *Gidget the Beach Boys* and the film *Blue Crush* From nineteenth century American empire building in the Pacific to the low wage labor of the surf industry today Laderman argues that surfing in fact closely mirrored American foreign relations Yet despite its less than

golden past the sport continues to captivate people worldwide Whether in El Salvador or Indonesia or points between the modern history of this cherished pastime is hardly an uncomplicated story of beachside bliss Sometimes messy occasionally contentious but never dull surfing offers us a whole new way of viewing our globalized world **Hollywood Surf and Beach Movies**
