Balancing God, Science, and Technology in the End Times Juanita Werrett, 2021-04-19 It is critical in this day of discovery and augmented scientific knowledge that we come to an accurate balance of understanding between foundational science and foundational religion We are facing a technology that is moving at enormous speed We need to understand the precarious status of humans as we enter and live through the future technology era that is upon us Humanity could be negatively affected by technology either unintentionally or by design As we move forward ethical and moral decisions will be confronted as to how we manage AI artificial intelligence robots avatars and the huge data gathering process associated with the tech industries being formulated at this moment Controversy will rage but solutions will percolate The truth is you and I are the product in the new global technology paradigm and our information will feed AI the data eating beast Pandora s box

is open Science and technology are leapfrogging forward at an exponential pace There is no mechanism to stop it except God God s children are weighted and wired for spiritual success True doctrines and ordinances of the Gospel of Christ fortify faith and give Christians hope in His return Spiritual development and power comes to those who are prepared and willing to stand with Christ The fuller blessings may be ours in spite of the underlying challenges Perhaps it is fortunate that we live in the fullness of time and the fast approaching premillennial era The righteous will be saved in life or death Some may be blessed to witness the glorious Second Coming of the Savior *Birth Pangs of the End Times* Maj Tom, DMin, 2024-12-25
