The Gruenfeld Defence Mikhail Moiseevich Botvinnik, I_A_kov Estrin, Jakov Borisovič Estrin, 1980 The Grünfeld Valentin Bogdanov, 2009-02-19 Chess Explained books provide an understanding of an opening and the middlegames to which it leads enabling you to find the right moves and plans in your own games It is as if you were sitting at the board with a chess coach answering your questions about the plans for both sides the ideas behind particular moves and what specific knowledge you need to have The Gr nfeld Defence is one of the most aggressive openings at Black s disposal He creates immediate imbalance and plans to strike at White s centre with all available resources An insipid response from White may not even retain equality so in the main lines he takes up the gauntlet he creates a large pawn centre and puts this to use to launch an attack While the theory of these lines has been extensively developed there is a coherent logical thread running through them the Gr nfeld is essentially an opening of grand ideas which need to be understood well in order to get to grips with the theory and handle the resulting positions This book provides a discussion of all major lines and a special
