The Guggenheims:

The Guggenheims John H. Davis, 1989-12 This definitive portrait of one of America's wealthiest most influential dynasties traces their dynamic and often tragic lives The Guggenheims Meyer Guggenheim the penniless immigrant whose genius for business and penchant for taking risks made the family fortune Solomon Guggenheim the pioneer art patron who commissioned Frank Lloyd Wright to build the revolutionary piece of modern architecture The Guggenheim Museum opening the doors of contemporary art to America Peggy Guggenheim self styled first liberated woman who built a Venetian palace for her art but lost both her daughter and her lover to suicide Daniel Roger W Straus Jr grandson of Daniel Guggenheim who became America's foremost literary publisher bringing numerous Nobel Prize Winning authors to the world's bookshelves Updated with the latest from the heirs to the Guggenheim dynasty and illustrated throughout with rare family photos John Davis has chronicled the saga of one of America's first families of philanthropy **The Guggenheims** Irwin Unger, Debi Unger, 2005-01-18 This Pulitzer Prize winning historian and his wife have penned a portrait of a great American dynasty and its legacy in business technology the arts and philanthropy *The Guggenheim Clan: A 20th Century American Dynasty* Pasquale De Marco, 2025-08-10 The Guggenheim Clan A 20th Century American Dynasty tells the story of the Guggenheims one of the most famous and influential families in American history The Guggenheims made their fortune in mining and smelting and they used their wealth to support the arts education and philanthropy The Guggenheims have been involved in some of the most important events of the 20th century and their legacy continues to shape American society today The Guggenheim Clan A 20th Century American Dynasty is a comprehensive and authoritative account of the Guggenheim family The book draws on a wide range of sources including archival research interviews with family members and associates and the Guggenheims own writings The book tells the story of the Guggenheims rise from humble beginnings to their status as one of the most powerful and influential families in America The Guggenheim Clan A 20th Century American Dynasty is a fascinating and informative read for anyone interested in American history business or philanthropy The book is also a valuable resource for scholars and researchers Pasquale De Marco is a historian and author who has written extensively about the Guggenheims He has access to a wide range of sources and he has interviewed many of the Guggenheims family members and associates Pasquale De Marco is the perfect person to tell the story of the Guggenheims and he has written a book that is both authoritative and engaging The Guggenheim Clan A 20th Century American Dynasty is a must read for anyone interested in the Guggenheims or American history The book is well written and informative and it provides a fascinating glimpse into the lives of one of America's most famous families If you like this book write a review **The Guggenheims** Irwin Unger, 2009-08 A portrait of a great American dynasty founded by Meyer Guggenheim and its legacy in business technology the arts and philanthropy In the early years Meyer's seven sons worked as one to expand their growing mining and smelting empire In the third generation the family was a force in aviation publishing and horse racing A

successor wasn't found and the great Guggenheim business enterprise crumbled. Meanwhile in the mid 20th cent the Guggenheims became the agents of modernism in the visual arts. After their generation the family has produced many accomplished members such as publisher Roger Straus II and archaeologist Iris Love. A unique and remarkable epic story of one family's amazing rise to prominence. Photos *The Guggenheims* Harvey O'Connor, 1937. Chiefly the life story of successful entrepreneur and business magnate Meyer Guggenheim including his genealogy and family history as well as the history of his multiple business enterprises. The son of Simon Guggenheim Meyer was born in 1828 in Ober Lengnau Canton of Aargau Switzerland. Fleeing religious persecution and oppression in Switzerland the Simon Guggenheim family along with family friend Rachel Myers and her family emigrated in 1847 via Hamburg to America landing in Philadelphia Pennsylvania. Soon after arriving in America Father Simon Guggenheim 1792-1869 married widow Rachel Myers. In about 1852 in Philadelphia Meyer Guggenheim took his stepsister Barbara Myers 1834-1900 to be his bride. In the coming years young Meyer Guggenheim was to become an important influence in mining and financial circles in the United States and throughout the world. Barbara Myers Guggenheim died 20 March 1900 in New York City New York. She was laid away in the big Mausoleum in Salem Fields Jamaica Long Island P 157. Meyer Guggenheim died 15 March 1905 at Palm Beach Florida. He was laid to rest by his wife in Salem Fields. Descendants and relatives lived in Pennsylvania New York New England and elsewhere. *The Guggenheims and the American Dream* Edwin Palmer Hoyt, 1967. *The Guggenheim* Francesco Dal Co, 2017-01-01. The captivating tale of the plans and personalities behind one of New York City's most radical and recognizable buildings. Considered the crowning achievement of Frank Lloyd Wright 1867-1959 the Solomon R Guggenheim Museum in Manhattan is often called iconic. But it is in fact iconoclastic standing in stark contrast to the surrounding metropolis and setting a new standard for the postwar art museum. Commissioned to design the building in 1943 by the museum's founding curator Baroness Hilla von Rebay Wright established residence in the Plaza Hotel in order to oversee the project. Over the next 17 years Wright continuously clashed with his clients over the cost and the design a conflict that extended to the city of New York and its cultural establishment. Against all odds Wright held fast to his radical design concept of an inverted ziggurat and spiraling ramp built with a continuous beam a shape recalling the form of an hourglass. Construction was only completed in 1959 six months after Wright's death. The building's initial critical response ultimately gave way to near universal admiration as it came to be seen as an architectural masterpiece. This essential text offering a behind the scenes story of the Guggenheim along with a careful reading of its architecture is beautifully illustrated with more than 150 images including plans drawings and rare photographs of the building under construction. **Hampton's Magazine**, 1910. *The Hampton Magazine*, 1910. **Mining Tycoons in the Age of Empire, 1870-1945** Raymond E. Dumett, 2016-12-05. The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and

imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for extravagant displays of wealth among the world s rich Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals their business interests the technologies they employed and the national and international political considerations under which they operated Furthermore this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked particularly the often long lasting impact on indigenous populations the environment transport links and economic development By approaching the subject matter through this stimulating mix of cultural social economic business and colonial history many intriguing and thought provoking conclusions are reached that will reward any scholars with an interest late nineteenth and early twentieth century history
