Secured Transactions Law in Asia Louise Gullifer,Dora Neo,2021-03-25 This collection of essays offers a unique insight and overview of the secured transactions law in many of the most important countries in Asia as well as reflections on the need for benefits of and challenges for reform in this area of the law The book provides a mixture of general reflections on the history successes and challenges of secured transaction law reform and critical discussion of the law in a number of Asian countries In some of the countries the law has already been reformed or reform is under way and here the reforms are considered critically with recommendations for

future work In other countries the law is not yet reformed and the existing law is analysed so as to determine what reform is desirable and whether it is likely to take place First this book will enable those engaging with the law in Asia to understand better the contours of the law in both civil and common law jurisdictions Second it provides analytical insights into why secured transactions law reform happens or does not happen the different methods by which reform takes place the benefits of reform and the difficulties that need to be overcome for successful reform Third it discusses the need for reform where none has yet taken place and critically assesses the reforms which have already been enacted or are being considered In addition to providing a forum for discussion in relation to the countries in question this book is also a timely contribution to the wider debate on secured transactions law reform which is taking place around the world A Practical Guide to Financial Services Lien Luu,Jonquil Lowe,Patrick Ring,Amandeep Sahota,2021-12-26 Financial services are an ever increasing part of the infrastructure of everyday life From banking to credit insurance to investment and mortgages to advice we all consume financial services and many millions globally work in the sector Moreover the way we consume them is changing with the growing dominance of fintech and Big Data Yet the part of financial services that we engage with as consumers is just the tip of a vast network of markets institutions and regulators and fraudsters too Many books about financial services are designed to serve corporate finance education focusing on capital structures maximising shareholder value regulatory compliance and other business oriented topics A Practical Guide to Financial Services Knowledge Opportunities and Inclusion is different it swings the perspective towards the end user the customer the essential but often overlooked participant without whom retail financial services markets would not exist While still introducing all the key areas of financial services it explores how the sector serves or sometimes fails to serve consumers why consumers need protection in some areas and what form that protection takes and how consumers can best navigate the risks and uncertainties that are inherent in financial products and services For consumers a greater understanding of how the financial system works is a prerequisite of ensuring that the system works for their benefit For students of financial services those aspiring to or those already working in the sector understanding the consumer perspective is an essential part of becoming an effective holistically informed and ethical member of the financial services community A Practical Guide to Financial Services Knowledge Opportunities and Inclusion will equip you for both these roles The editors and authors of A Practical Guide to Financial Services Knowledge Opportunities and Inclusion combine a wealth of financial services educational and consumer oriented practitioner experience The Routledge Handbook of FinTech K. Thomas Liaw,2021-06-14 The Routledge Handbook of FinTech offers comprehensive coverage of the opportunities challenges and future trends of financial technology This handbook is a unique and in depth reference work It is organised in six thematic parts The first part outlines the development funding and the future trends The second focuses on blockchain technology applications and various aspects of cryptocurrencies The next covers FinTech in banking A significant element of FinTech mobile payments and online

lending is included in the fourth part The fifth continues with several chapters covering other financial services while the last discusses ethics and regulatory issues These six parts represent the most significant and overarching themes of FinTech innovations This handbook will appeal to students established researchers seeking a single repository on the subject as well as policy makers and market professionals seeking convenient access to a one stop guide *Asia Small and Medium-Sized Enterprise Monitor 2020: Volume I* Asian Development Bank,2020-10-01 The development of micro small and medium sized enterprises MSMEs remains key to promoting inclusive growth in developing economies in Asia and the Pacific The Asia Small and Medium Sized Enterprise Monitor ASM provides data and analysis as a resource for evidence based policy design on MSME development The ASM 2020 focuses on Southeast Asia and this first volume reviews the financial and non financial conditions of MSMEs at country and regional level In future years the ASM will expand its country coverage to other regions
