

A scenic landscape at sunset or sunrise. The sky is filled with soft, pinkish-orange clouds. In the foreground, a calm lake reflects the sky and the surrounding mountains. A small figure of a person is visible in the distance, standing on a narrow strip of land or a small boat, possibly fishing. The overall mood is peaceful and serene.

Our story is the  
happiest one I know.

**Kierkegaard's Instant** David J. Kangas, 2007-05-31 In Kierkegaard's Instant David J. Kangas reads Kierkegaard to reveal his radical thinking about temporality For Kierkegaard the instant of becoming in which everything changes in the blink of an eye eludes recollection and anticipation It constitutes a beginning always already at work As Kangas shows Kierkegaard's retrieval of the sudden quality of temporality allows him to stage a deep critique of the idealist projects of Fichte Schelling and Hegel By linking Kierkegaard's thought to the tradition of Meister Eckhart Kangas formulates the central problem of these early texts and puts them into contemporary light can thinking hold itself open to the challenges of temporality *The Wisest One in the Room* Thomas Gilovich, Lee Ross, 2015-12-01 Renowned psychologists describe the five most useful insights from social psychology that will help make you wise wise about why we behave the way we do and wise about how to use that knowledge to understand others and change ourselves for the better When faced with a challenge we often turn to those we trust for words of wisdom Friends relatives and colleagues someone with the best advice about how to boost sales the most useful insights into raising children or the sharpest take on a political issue In *The Wisest One in the Room* renowned social psychologists Thomas Gilovich and Lee Ross ask Why What do these people know What are the foundations of their wisdom And as professors and researchers who specialize in the study of human behavior they wonder What general principles of human psychology are they drawing on to reach these conclusions They find that wisdom unlike intelligence demands some insight into people their hopes fears passions and drives It's true for the executive running a Fortune 500 company the candidate seeking public office the artist trying to create work that will speak to the ages or the single parent trying to get a child through the tumultuous adolescent years To be wise they discover one must be psych wise when dealing with everyday challenges In *The Wisest One in the Room* Gilovich and Ross show that to answer any kind of behavioral question it is essential to understand the details especially the hidden and subtle details of the situational forces acting upon us Understanding these forces is the key to becoming wiser in the way we understand the people and events we encounter and wiser in the way we deal with the challenges that are sure to come our way With the lessons gleaned here you can learn the key to becoming the wisest one in the room **Modern Buddhism: Buddha's Ancient Teachings For The Modern Person** Deveen Chase, 2021-03-20 To understand the words of the Buddha they must be explained by one who has experienced his path From the very first chapter we begin to dispel the misunderstandings that have surrounded the words of the Buddha We come to understand the origins of unhappiness that have taken root in the body Freeing ourselves from these roots we are able to find peace Although the words on the Buddha are easily mistaken Deveen gives us an extraordinary explanation for the modern person The essence of the Buddha's path to enlightenment suited for the plights of the modern world Modern Buddhism is unlike other Buddhist books While others theorize and argue over the meaning of the words academically Deveen provides you with the meaning behind the words *Games for Actors and Non-actors* Augusto Boal, 2002 This is the

**Socratic Ignorance and Platonic Knowledge in the Dialogues of Plato** Sara Ahbel-Rappe, 2018-04-25 In this highly original and provocative book Sara Ahbel Rappe argues that the Platonic dialogues contain an esoteric Socrates who signifies a profound commitment to self knowledge and whose appearances in the dialogues are meant to foster the practice of self inquiry According to Ahbel Rappe the elenchus or inner examination and the thesis that virtue is knowledge are tools for a contemplative practice that teaches us how to investigate the mind and its objects directly In other words the Socratic persona of the dialogues represents wisdom which is distinct from and serves as the larger space in which Platonic knowledge ethics epistemology and metaphysics is constructed Ahbel Rappe offers complete readings of the Apology Charmides Alcibiades I Euthyphro Lysis Phaedrus Theaetetus and Parmenides as well as parts of the Republic Her interpretation challenges two common approaches to the figure of Socrates the thesis that the dialogues represent an early Plato who later disavows his reliance on Socratic wisdom and the thesis that Socratic ethics can best be expressed by the construct of eudaimonism or egoism
