**Blood Brotherhoods** John Dickie,2014-04-22 MAFIA CAMORRA NDRANGHETA The Sicilian mafia known as Cosa Nostra is far from being Italy s only dangerous criminal fraternity The country hosts two other major mafias the camorra from Naples and from the poor and isolated region of Calabria the mysterious ndrangheta which has now risen to become the most powerful mob group active today Since they emerged the mafias have all corrupted Italy s institutions drastically curtailed the life chances of its citizens evaded justice and set up their own self interested meddling as an alternative to the courts Yet each of these brotherhoods has its own methods its own dark rituals its own style of ferocity Each is uniquely adapted to corrupt and exploit its own specific environment as it collaborates with learns from and goes to war with the other mafias Today the shadow of organized crime hangs over a country racked by debt political paralysis and widespread corruption The ndrangheta controls much of Europe s wholesale cocaine trade and by some estimates 3 percent of Italy s total GDP Blood Brotherhoods traces the origins of this national malaise back to Italy s roots as a united country in the nineteenth century and shows how political violence incubated underworld sects among the lemon groves of Palermo the fetid slums of Naples and the harsh mountain villages of Calabria Blood Brotherhoods is a book of breathtaking ambition tracing for the first time the interlocking story of all three mafias from their origins to the present day John Dickie is recognized in Italy as one of the foremost historians of organized crime In these pages he blends archival detective work passionate narrative and shrewd analysis to bring a unique criminal ecosystem and the three terrifying criminal brotherhoods that have evolved within it to life on the page Congressional Record United States. large and small and their more recent moves into illegal activities such as drug trafficking human smuggling and gambling Contrary to the popular belief that Hong Kong triads are replacing the Italian Mafia as the most powerful criminal organization in the world this book argues that Hong Kong triads may be declining as other ethnic Chinese crime gangs emerge as powerful crime groups in Western societies Based on interviews with ex triad members and victims of the triads police from Hong Kong mainland China and Europe as well as documentary evidence The Triads as Business gives a vivid and compelling picture of the triads as part of a wider society

**Confessions of an Undercover Agent** Charlie Spillers,2016-03-24 This true story of an ex Marine who fought crime as an undercover cop a narcotics agent and finally a federal prosecutor spans a decade of crime fighting and narrow escapes Charlie Spillers dealt with a remarkable variety of career criminals including heroin traffickers safecrackers burglars auto thieves and members of Mafia and Mexican drug smuggling operations In this riveting tale the author recounts fascinating experiences and the creative methods he used to succeed and survive in a difficult and sometimes extremely dangerous underworld life As a young officer with the Baton Rouge Police Department ex Marine Charlie Spillers first went undercover to infiltrate criminal groups to gather intelligence Working alone and often unarmed he constantly attempted to walk the thin line between triumph and disaster When on the hunt his closest associates were safecrackers prostitutes and burglars His abilities propelled him into years of undercover work inside drug trafficking rings But the longer he worked the greater the risks His final and perhaps most significant action in Baton Rouge was leading a battle against corruption in the police department itself After Baton Rouge he joined the Mississippi Bureau of Narcotics and for the next five years continued working undercover from the Gulf Coast to Memphis and from New Orleans to Houston Texas He capped off a unique career by becoming a federal prosecutor and the justice attach for Iraq In this book he shares his most intriguing exploits and exciting undercover stings putting readers in the middle of the action

and the tension that accompanies such changes are also central themes in the book Few other places are so conducive to such historical exploration as is San Antonio Street ignobility in the barrio no doubt mirrors processes found in other Chicano communities in Texas and the Southwest The gang contexts in major Chicano population centers have lengthy historical bases rooted in weak opportunity structures oppression and discrimination This work shows that participation in street violence drug selling and other parts of the informal economy are functional adaptations to the social structure the forces propelling the formation of barrio gangs are not temporary social phenomena      **The Global Connection: Hearings, July 28 and August 5, 1976** United States.
