## **The Art Of Selfpublishing:**

**The Art and Science of Self-Publishing** Doug Purcell, 2018-03-18 Freedom That's the name of the game when you're a self publisher. With the rapid revolution of the self publishing industry, writers can finally control their destiny. Writers are no longer disenfranchised when a Big 5 Book Publisher flat out rejects their manuscript. Now writers globally are empowered with the tools and resources to write, self-publish, and market their books. Never in history have there been so many marvelous opportunities for authors to speedily transform their ideas into a book. The multi-billion dollar Godzilla in Amazon allows authors to easily publish ebooks through Amazon Kindle Direct Publishing (KDP) and create a paperback edition with CreateSpace print on demand. With self publishing, you don't need any special connections or to be an elite insider in order to gain pivotal book contracts. All you need is in-depth education, which *The Art Science of Self Publishing* will reveal in a mind-opening way. Are you an arts and photography aficionado who wants to write a book about their hobby? Perhaps you had a distinguished career and want to write a memoir based on your experiences. Maybe you're a home chef that wants to share your sizzling recipes in a cookbook. The options are limitless with self publishing. As a self publisher, your fate is in your hands. You have the final word, you keep 100% royalties, you own the rights, you create intellectual property that can be passed down to your children for an everlasting legacy. Self publishing books is worth it. You can create extra income, add to your arsenal of skills, and advance your profession with speaking gigs. *The Art Science of Self Publishing* is your compass for how to write a book the independent author way. Write it. Publish it. Promote it. The birth of your book is on the horizon.

**The art of Self Publishing and Website creation** Premyogi vajra, 2021-01-02 This book is a compilation of Premyogi vajra's blog posts that he has created for demystifyingkundalini.com. Premyogi vajra is a self-aware and mysterious person. With his Kundalini awakening, there was a flood of high mentality in his brain. Impressed by that, he created many books and the above website. Regarding his experiences related to book publishing and website making, he made them known as his blog posts. A separate chapter has been created for each article. Readers will surely find this e-book interesting, informative, and comfortable to read. Knowledge sharing is a fundamental tool to grow a society. Experience gained without subsequent sharing is of little value. It remains confined to a single man and gets perished with him. Therefore, to be able to properly and easily share one's experiences, one must know at least basics of self publishing and website creation for these are basic modern tools of sharing knowledge. Writer had to deal with great deal of hassle while learning self publishing and website creation. He took many years to learn their basic tips. So that people do not get suffered like himself, he compiled all tips he got while learning these in form of this book. Hope that people will find this book brief, practical, and easy. Friends, if the art of sharing experiences with everyone is not learned, then those experiences would not have special significance. Those experiences remain confined to that single man and perish with him. In today's times, websites and e-books are the most important means of sharing experiences. Therefore, it is important for everyone to have basic knowledge of website creation and self publication. This book
