Stradivari's Genius Toby Faber, 2012-05-09 Tis God gives skill but not without men's hands He could not make Antonio Stradivari's violins without Antonio George Eliot Antonio Stradivari 1644-1737 was a perfectionist whose single minded pursuit of excellence changed the world of music In the course of his long career in the northern Italian city of Cremona he created more than a thousand stringed instruments approximately six hundred survive In this fascinating book Toby Faber traces the rich multilayered stories of six of these peerless instruments five violins and a cello and the one towering artist who brought them into being Blending history biography meticulous detective work and an abiding passion for music Faber embarks on an absorbing journey as he follows some of the most prized instruments of all time Mysteries and unanswered questions proliferate from the outset starting with the enigma of Antonio Stradivari himself What made this apparently unsophisticated craftsman so special Why were his techniques not maintained by his successors How is it that even two and a half centuries after his death no one has succeeded in matching the purity depth and delicacy of a Stradivarius In Faber's illuminating narrative each of the six fabled instruments becomes a character in its own right a living entity cherished by artists bought and sold by princes and plutocrats coveted collected hidden lost copied and occasionally played by a musician whose skill matches its maker's Here is the fabulous Viotti named for the virtuoso who enchanted all Paris in the 1780s only to fall foul of the French Revolution Paganini supposedly made a pact with the devil to transform the art of the violin and by the end of his life he owned eleven Strads Then there's the Davidov cello fashioned in 1712 and lovingly handed down through a succession of celebrated artists until in the 1980s it passed into the capable hands of Yo Yo Ma From the salons of Vienna to the concert halls of New York from the breakthroughs of Beethoven's last quartets to the first phonographic recordings Faber unfolds a narrative magnificent in its range and brilliant in its detail A great violin is alive said Yehudi Menuhin of his own Stradivarius In the pages of this book Faber invites us to share the life the passion the intrigue and the incomparable beauty of the world's most marvelous stringed instruments

A Cultural History of the Violin in Nineteenth-Century London Tom Wilder, 2025-03-18 Examines the violin's evolution as not just instrument but valued objet d'art through the eyes of musicians collectors makers dealers connoisseurs journalists auctioneers and traders The nineteenth century saw developments in the composition performance and reception of classical music that led to an unprecedented shift in how the violin was appreciated from humble craft object to one of art A utilitarian tool defined in 1800 by its tonal properties became by century's end an expensive objet d'art classified almost exclusively in terms of physical visible properties In London's vibrant musical life Cremonese violins acquired special significance and in turn helped shape the beliefs knowledge and behaviour of the disparate actors connected to the instrument musicians collectors makers dealers connoisseurs journalists auctioneers and

traders By 1880 London had supplanted Paris as the centre of the international violin trade One firm in particular W E Hill Sons emerged as a major presence in both the local musical community and the global violin market The Hills were makers restorers dealers and connoisseurs They were also writers collectors and melomaniacs deeply implicated in London s instrument auction and exhibition scene The mutually reinforcing nature of these activities which they consciously turned to account for commercial reasons bear witness to events and developments earlier in the century Their story illuminates this first study of the violin s nineteenth century journey from simple musical instrument to mystified work of art **The DVD-laser Disc Newsletter** ,2001 **The Saturday Review of Politics, Literature, Science and Art** ,1885 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1885 **Argonaut** ,1943 **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 **Art of Violin Making** Chris Johnson,Roy Courttnall,1999-02-01 The Art of Violin Making is the major work for the craftsman bringing into one volume a summary of essential information for the violin maker and player as well as providing a historical reference Part One The Violin Makers is devoted to separate chapters on the life and work of some of the greatest of all violin makers the families of Amati Stradivari and Guarneri and the unique genius of Jacob Stainer These chapters include superb colour photographs of examples of their work Also included is a chapter covering the work of some leading contemporary violin makers Part Two The Workshop Tools and Materials provides essential information on the tools working environment and material needed by violin makers Part Three Violin Construction comprises a detailed step by step guide to the traditional method of violin making based closely on the teaching system employed at the world famous Newark School of Violin Making in England **The Art of Violin Making** Chris Johnson,Roy Courttnall,2005 The Art of the Violin Pierre Baillot,1991-06-01 Never before available in English this classic work is a major contribution to the art and technique of violin playing and an important document in the history of performance practice A contemporary of Kreutzer and Rode Pierre Marie Francois de Sales Baillot provides in his treatise many insights into the style of nineteenth century fingering bowing ornamentation and expressiveness that are not apparent from the directions and markings found in scores of that time Such information will be invaluable for performers interested in understanding the intentions of composers such as Viotti Haydn Mozart Beethoven and Mendelssohn This complete unabridged translation which includes an extensive introduction by the translator Louise Goldberg and a foreword by Zvi Zeitlin will be indispensable for musicologists performers and lovers of eighteenth and nineteenth century classical music
