## **The Assassination:**

*The Assassination of William McKinley* Cary Federman, 2017-12-06 This book is an examination of the assassination of President William McKinley by Leon Czolgosz an American born purported anarchist This work offers a new and different way to approach historical crime stories Rather than accepting the idea that Czolgosz was inherently dangerous because of his ethnic background or his obscure political statements Federman argues rather that political relations historical events and the developing discourses in the natural and social sciences toward normal and pathological behaviors structured the meaning of the assassination Federman proposes there are six ways to view an assassin each corresponding to a social science Consequently each chapter of this manuscript examines a social science and its relation to the assassination Overall there are three purposes to this work One is to examine the rise of the social sciences at the time of the assassination The second is to explore the historical and political understanding of political violence and the third is to examine the meaning of legal responsibility

**Investigation of the Assassination of President John F. Kennedy** United States. Congress. House. Select Committee on Assassinations, 1978 *Investigation of the Assassination of Martin Luther King, Jr* United States. Congress. House. Select Committee on Assassinations, 1979 Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic
