## **The Autobiography Of Pat Robertson:**

**Pat Robertson** David Edwin Harrell, 2010-04 The fascinating authoritative biography of an often controversial American leader Pat Robertson *A Life and Legacy* is the first sweeping overview of the remarkable life and the vast international empire led by Marion Gordon Pat Robertson 1930 one of the consummate and most controversial American visionaries of the twentieth century Based on thousands of documents from the files of the Christian Broadcasting Network and the private correspondence of Robertson himself this meticulously researched book will become the definitive account of Pat Robertson's life and legacy As part of his scholarly research distinguished historian David Edwin Harrell Jr has conducted more than 100 hours of interviews with 75 people in seven countries including extensive conversations with the Robertson family Covering everything from Robertson's unique position of influence to the truth behind the caricature often painted of him Harrell weaves all these resources together in this utterly captivating story I have studied and written about the charismatic movement of which Pat Robertson has been an important part for forty years and I have come to know well many of his good friends who were leaders in that movement I have always been struck by the juxtaposition of the gracious professional atmosphere at the lovely campus of CBN and Regent University in Virginia Beach and the popular perception that the organizations founded by Robertson are sinister to the core led by the most dangerous man in America a wacko fascist extremist This seemed to me to be an irony worth exploring How could a man so respected indeed revered by seemingly bright and reasonable people around the world who know him well be perceived by so many critics as an inconsequential buffoon from the preface *I Have Walked with the Living God Large Print* Pat Robertson, 2021-11-23 In this heartwarming honest account Robertson gives you an inside look at his life and legacy and shares about the power that dwells behind what's visible Packed with explosive truths about the reality of God *I Have Walked With the Living God* lays bare Robertson's deepest feelings about a God who brings miracles into the daily lives of those who trust Him Discover what God can do when one hard headed businessman meets the supernatural **Pat Robertson** David John Marley, 2007 A portrait of the 700 Club host and co founder of the Christian Coalition considers his role as a reviled figure in the secular world and a formidable role model among Christian fundamentalists in a profile that lauds his achievements while questioning some of his decisions **Pat Robertson** John B. Donovan, 1988 The only authorized biography of Robertson this book will show how the graduate of Yale Law School born to one of America's most distinguished families has created an influential broadcasting network with an audience of two million people and is also a Presidential candidate for the 1988 election Satellite Ministries Febe Armanios, 2025 In 1981 a satellite television station called Star of Hope began broadcasting from Israeli occupied South Lebanon Backed by American missionaries Israeli politicians and Lebanese Catholic leaders the channel aired Western entertainment and Christian content using a repurposed ABC Monday Night Football truck situated on the Israel Lebanon border Later renamed Middle East Television METV its programming included American

soap operas sports and evangelical content alongside innovative Arabic Christian televangelism It was a station of enormous consequence METV spurred the growth of competing Christian broadcasters and reshaped the Middle East s media and religious landscape over the next four decades Yet it was of course controversial its foreign imperialist and proselytizing approach to media was a source of curiosity and consternation in the region and occasionally around the world Through extensive fieldwork and archival research Febe Armanios explores how Western evangelicals and indigenous Christians harnessed terrestrial and satellite technologies to promote Christian television in the Middle East The fifteen channels analyzed in this study fall into three main categories Western backed conservative outlets with a charismatic and apocalyptic outlook middle ground channels that sought to balance their international sponsors expectations with local interests and grassroots initiatives rooted in ancient church traditions The histories and programming strategies of primarily Arabic but also Turkish and Persian Christian channels reveal how media producers forged unexpected political alliances pursued sectarian objectives and navigated various transnational influences Satellite Ministries explores how modern expressions of faith technology and political power intersected and clashed across the Global South and beyond In this groundbreaking work Armanios presents a crucial examination of this unique and little known media landscape

Covenant Brothers Daniel G. Hummel, 2019-06-07 Weaving together the stories of activists American Jewish leaders and Israeli officials in the wake of the establishment of the state of Israel in 1948 Covenant Brothers portrays the dramatic rise of evangelical Christian Zionism as it gained prominence in American politics Israeli

diplomacy and international relations after World War II According to Daniel G Hummel conventional depictions of the Christian Zionist movement the organized political and religious effort by conservative Protestants to support the state of Israel focus too much on American evangelical apocalyptic fascination with the Jewish people Hummel emphasizes instead the institutional international interreligious and intergenerational efforts on the part of Christians and Jews to mobilize evangelical support for Israel From missionary churches in Israel to Holy Land tourism from the Israeli government to the American Jewish Committee and from Billy Graham s influence on Richard Nixon to John Hagee s courting of Donald Trump Hummel reveals modern Christian Zionism to be an evolving and deepening collaboration between Christians and the state of Israel He shows how influential officials in the Israeli Ministry of Religious Affairs and Foreign Ministry tasked with pursuing a religious diplomacy that would enhance Israel s standing in the Christian world combined forces with evangelical Christians to create and organize the vast global network of Christian Zionism that exists today He also explores evangelicalism s embrace of Jewish concepts motifs and practices and its profound consequences on worshippers political priorities and their relationship to Israel Drawing on religious and government archives in the United States and Israel Covenant Brothers reveals how an unlikely mix of Christian and Jewish leaders state support and transnational networks of institutions combined religion politics and international relations to influence U S foreign policy and eventually global geopolitics

from his wife Jan a good joke a bowl of butter pecan ice cream As you enter into his story you ll find yourself doing the same noticing how the most ordinary things shimmer with a new and unexpected beauty *Stealing Jesus* Bruce Bawer,1998-10-20 From the author of the widely acclaimed *A Place at the Table* this is a major work passionately outspoken and cogently reasoned that exposes the great danger posed to Christianity today by fundamentalism The time is past says Bruce Bawer when denominational names and other traditional labels provided an accurate reflection of Christian America s religious beliefs and practices The meaningful distinction today is not between Protestant and Catholic or Baptist and Episcopalian but rather between legalistic and nonlegalistic religion between the Church of Law and the Church of Love On one side is the fundamentalist right which draws a sharp distinction between saved and unsaved and worships a God of wrath and judgment on the other are more mainstream Christians who view all humankind as children of a loving God who calls them to break down barriers of hate prejudice and distrust Pointing out that the supposedly traditional beliefs of American fundamentalism about which most mainstream Christians clergy included know shockingly little are in fact of relatively recent origin are distinctively American in many ways and are dramatically at odds with the values that Jesus actually spread Bawer fascinatingly demonstrates the way in which these beliefs have increasingly come to supplant genuinely fundamental Christian tenets in the American church and to become synonymous with Christianity in the minds of many people *Stealing Jesus* is the ringing testament of a man who is equally disturbed by the notion of an America without Christianity and the notion of an American Christianity without love and compassion **Hippies of the Religious Right** Preston Shires,2007 This volume demonstrates that the Christian Right has a surprising past Historical analysis reveals that the countercultural movements and evangelicalism share a common heritage Shires warns that political operatives in both parties need to heed this fact if they hope to either in the case of the Republican Party retain their evangelical constituency or in the case of the Democratic Party recruit new evangelical voters **From Billy Graham to Sarah Palin** D. G. Hart,2011-07-07 Examining key evangelical political figures from Jerry Falwell and Pat Robertson to Billy Graham and Chuck Colson to Tony Campolo and Jim Wallis D G Hart argues that American evangelicalism from the right as much as the left is and always has been a bad fit with classic political conservatism and its insistence on the limited role of government from publisher description And with All Your Mind Steven H. Propp,2010-12-21 Its 1971 and Silas Baker is a high school senior in California whose main interests are basketball and weekend parties But his life takes a dramatic turn when he encounters a group of committed Christians who soberly inform him that Jesus is coming soon They enroll at Riverstent Bible College Its an exciting time as leading Bible teachers have predicted that Jesus will return to Rapture his Church within one generation of the 1948 formation of the State of Israel Popular movies further inflame this passion as the eager students study Apologetics and Biblical Archaeology aberrant theologies such as the Death of God movement and even conflicting interpretations of the End Times An activist spirit develops within evangelicalism culminating in the so called Christian Right as the evangelical world is

rocked in the aftermath of the televangelist scandals Confronted by world views such as Calvinism and Christian Reconstruction the characters passionately debate controversies such as Biblical Inerrancy and the age of the cosmos in addition to challenging evangelicals who deny traditional doctrines such as that of endless punishment in Hell or who promote an Open yet limited concept of God himself As society evolves so does evangelicalism seeker sensitive megachurches appear while Postmodernism and the Emergent Church become realities Theologians wrestle with the question of divorce and remarriage and the role of women in the church as well as the divisive issue of homosexuality As they struggle with life's realities they ultimately must also respond to nonchristians who are alienated indifferent or engaged in active opposition to Christianity while searching for the meaning of Christian faith in the modern world **The Hope**
