Talbot, 2007-01-01

The Search for a Common Identity explores the process by which Scottish Baptists came to recognize the need for a union of Baptist churches in Scotland prior to 1869 This book identifies the major leaders in each of the three main Baptist streams in the early nineteenth century and shows how they came to the conviction that it was important for them to establish a common identity At the heart of their unity was an enthusiasm for evangelism The Baptist Home Missionary Society was formed in 1827 Its early successes demonstrated the wisdom of cooperation between the different Baptist agencies in Scotland There had been three attempts to form a union of churches that failed because differences of perspective could not be reconciled The principal achievement of the 1869 Baptist Union was in enabling Baptists with different theological opinions to come together to promote common practical objectives In short a shared sense of purpose led to the growth and establishment of the Baptist Union of Scotland

Interfaces Baptists and Others David Bebbington, 2014-07-08 The book is a collection of twenty one essays discussing how Baptists throughout the world have related to other Christians and to other institutions and movements over the centuries The theme of this collection of twenty one essays Baptists and Others includes relations with other Christians and with other institutions and movements What the authors ask has been the Baptist experience of engaging with different groups and developments The theme has been explored by means of case studies some of which are very specific in time and place while others cover long periods and more than one country In the first half the contents are arranged by period The first section examines early Baptists the second nineteenth century Baptists in Britain and America and the third Baptists in the twentieth century The second half turns to various parts of the world There is a section on Australia another on New Zealand and a third on Asia and Africa The overall picture is one of a complicated series of relationships as Baptists defined themselves as different from other bodies and yet especially in the twentieth century tried to co operate in mission and ecumenical endeavour Baptists are often regarded as enthusiastic separatists and unenthusiastic ecumenists These essays based on hard evidence rather than passing impressions are a necessary correction to superficial prejudices and show the reality to be much more complex and nuanced as well as varied over time and place The book is a smorgasbord of delights Yet readers should avoid the temptation to pick and choose from the menu ensuring rather that each offering is digested so they enjoy a balance and nutritious meal Derek Tidball
