The Economic Development Of The Ussr

Zbigniew M. Fallenbuchl

The Economic Development Of The Ussr:

The Economic Development of the USSR Roger Munting, 2023-06-14 The Economic Development of the USSR 1982 examines the economic advances the Soviet Union made as the first major economy to adopt full scale socialist planning It argues that the Soviet experience demonstrates that remarkable quantitative economic progress can be achieved but at a price which Western democracies would not tolerate Moreover while the planning and control mechanism of the USSR produced striking results in the case of agriculture it often failed to produce satisfactory results The book provides an impartial assessment of the merits and defects of the Soviet planning system which also served as a model for many other Communist countries

An Economic History of the U.S.S.R. Alec Nove, 1969 Study in historical perspective of developments in economic policy in the USSR covers economic structures and economic administration prior to and during the 1st world war the position during the 50 years of the communist regime political leadership of the country the collective economy industrialization political problems economic growth etc Bibliography pp 389 to 391 and statistical tables

Soviet Economic Development from Lenin to Khrushchev Robert William Davies, 1998-03-28 This book provides a comprehensive survey of Soviet economic development from 1917 to 1965 in the context of the pre revolutionary economy In these years the Soviet Union negotiated the first stages of modern industrialisation and then after the defeat of Nazi Germany and its allies emerged as one of the two world superpowers This was also the first attempt to construct a planned socialist order These developments resulted in great economic achievements at great human cost Using the results of recent Russian and Western research Professor Davies discusses the inherent faults and strengths of the system and pays particular attention to the major controversies Was the Russian Revolution doomed to failure from the outset Could the mixed economy of the 1920s have led to a democratic socialist economy What was the influence of Soviet economic development on the rest of the world

An Economic History of the USSR, 1917-1991 Alec Nove, 1992 Traces the economic development of the Soviet Union from war communism through the five year plans and collectivization to the beginning of the Gorbachev reforms and the final disintegration

Law And Economic Development In The Soviet Union Peter B. Maggs, 2019-03-04 In the past Soviet policymakers planners and jurists in their enthusiasm for economic and technological development devoted little attention to the often negative consequences of modernization New concerns however have become apparent in recent literature statutes and decrees In this book political scientists and experts on Soviet law address many of those concerns analyzing the legal issues associated with economic modernization in the USSR The central themes of the book are the increasingly centralized nature of the policymaking process in the USSR and Eastern Europe and the marked tendency to rely on law as a principal mechanism for managing the undesirable consequences of scientific and technological progress The authors also assess the impact of the scientific technical revolution on Soviet East European relations and East West relations emphasizing the foreign policy consequences of increased financial and technological

interdependence The study does not deal with narrow legalistic issues of technical progress rather its focus on policy questions reflects the inclination of Soviet and Eastern European governments to view those questions in terms of law and legislative activity and to see law as an instrument of social engineering The Development of the Soviet Economic System Alexander Baykov,1947 Study of the development of the collective economy system in the USSR with particular reference to economic planning experience during the period from 1917 to 1939 covers economic policy economic development extensive industrialization rural cooperative and state farms labour force problems the marketing of consumer goods reconstruction of the trade network changes in the economic structure national budgeting etc Bibliography pp 480 to 495 and statistical tables

Soviet Asia Leslie Dienes,2019-07-11 This work examines the geographic position of soviet Asia in the overall economy of the USSR and analyzes the impact of major national policy issues on its development and prospects The Asian USSR constitutes three fourths of the country s territory an area exceeding the size of Brazil and Australia combined Its acquisition was the result of Russian expansion and conquest in the past 499 years This vast territory is still hinterland to the European USSR weakly and unevenly integrated into the country s economic and societal mainstream Moreover the Asian USSR is hardly unifonn culturally or otherwise Its regions play very different roles in the Soviet spatial system and are affected by different policy choices on the national level On the one hand there are striking contrasts between Moslem Central Asia and Siberia including the Far East On the other hand the Siberian regions are also assigned different economic and strategic roles according to their resource endovnnent their links to the economic power centers in the European USSR partly a function of their east west and north south positions and their strategic vulnerability or importance **Target Figures for**

,1982 *Soviet Geography* N. Mikhaylov,2023-06-14 Soviet Geography 1935 presents a comprehensive account of the economic development of the USSR as it stood at the time It deals with the main changes in the distribution of the productive forces of the country and discusses their significance It examines industry agriculture material resources forestry energy generation and much more **The Economic Transformation of the Soviet Union, 1913-1945** R.
