

Current Politics and Economics of South and Central America

The Economics Of Central America

Donald E Schulz, Douglas H Graham

The Economics Of Central America:

Studies in the Economics of Central America V. Bulmer-Thomas, 1988-06-18 A study explaining how the social upheavals which led to the Nicaraguan revolution and the civil wars in El Salvador and Guatemala were rooted in the export led model followed in the region The author also explores their efforts to achieve regional co operation in the economic sphere

The Economies of Central America John Weeks, 1985 The Political Economy of Central America since 1920 Victor Bulmer-Thomas, 1987-12-10 In this book Victor Bulmer Thomas uses his previously unpublished estimates of the national accounts to explore economic and social development in the five Central American republics from 1920 He examines in detail variations in economic policy between countries which help to account for differences in performance The major political developments are woven into the analysis and linked to changes in internal and external conditions Growth under liberal oligarchic rule in the 1920s heavily dependent on exports of coffee and bananas was accompanied by modest reform programmes The 1929 depression which hit the region hard undermined most of the reforms and ushered in a period of dictatorial rule in all republics except Costa Rica The Second World War particularly after the entry of the United States at first strengthened the dictatorships but ultimately produced challenges to rule by authoritarian caudillos The social upheavals accompanying the post war export led boom forced governments in each republic to address the question of economic social and political reform

"The" Economics of Central America John Weeks, 1985 Economic Maladjustment in Central America Wim Pelupessy, John Weeks, 1992-12-18 Central America George Irvin, 2019-04-09 This book addresses selected aspects of reconstructing Central American s industrial and trading system Special attention is given to the role of the European Community in regional reconstruction and integration and analyzes the economic legacy of the 1980s and the impact of adjustment policy

History and Society in Central America Edelberto Torres Rivas, 2014-11-06 First published in Chile in 1969 as Interpretaci n del desarrollo social centroamericano this classic is now available in English The first attempt at an integrated analysis of modern Central America s socioeconomic structure Torres Rivas s work traces the social development of Central America from independence 1871 up to the 1960s Using a dependency framework but not limited by it Torres Rivas describes the various divisions of Central American society and their evolution within the liberal development model that has been so much a part of the past century of Central American economic history The book is compelling in its explanation of the relationship between foreign and native elements in the social development of the region Torres Rivas describes and analyzes the resulting long term problems this development has posed for Central America With a new chapter added for the English edition *History and Society in Central America* remains vital for readers interested in the region

The Five Republics of Central America Dana Gardner Munro, 1918 The Economic Landscape in Central America and the Dominican Republic Arnaldo López Marmolejo, Marta Ruiz Arranz, Osmel Manzano, Jennifer Linares, André Martínez, José Solorzano, Carlos Garcimartín, Jhonatan Astudillo, Carolina Pagliacci, Elizabeth Ochoa, 2019-02-14 This report

describes the current situation of the region of Central America and the Dominican Republic and its outlook for 2019 It also analyzes the recent reduction in the food price pattern and its relationship with the expected increase in international prices and the local production Finally it examines the channels through which the reduction of global liquidity could be transferred to the region including the banking sector the financial markets and the foreign direct investment inflows It is worth noting that to date there have been no substantial effects in the region However it is important to continue monitoring the performance of the various transmission channels while strengthening the foundations to be better prepared for global events that increase risk aversion

The Five Republics of Central America Dana Gardner Munro,1918 *The Communist International in Central America, 1920-36* Rodolfo Cerdaz-Cruz,1993-06-18 A report on the activities of the Komintern in the Isthmus in a crucial period of time Cerdas Cruz discusses the debates reports and resolutions adopted by that organization on such issues as the revolution and its character and the Party and its nature South America, Central America and the Caribbean 2003 Europa Publications,2002 Introductory surveys cover topics of regional importance individual country chapters include analysis statistics and directory information plus information on regional organizations

The Economic History of Latin America Since Independence V. Bulmer-Thomas,2003-08-04 A comprehensive balanced portrait of the factors affecting economic development in Latin America first published in 2003 **Economic Development**

in Central America: Structural reform Felipe Larraín B.,2001 **The Politics of Modern Central America** Fabrice Lehoucq,2012-08-27 This book analyzes the origins and consequences of civil war in Central America Fabrice Lehoucq argues that the inability of autocracies to reform themselves led to protest and rebellion throughout the twentieth century and that civil war triggered unexpected transitions to non military rule by the 1990s He explains how armed conflict led to economic stagnation and why weak states limit democratization outcomes that unaccountable party systems have done little to change This book also uses comparisons among Central American cases both between them and other parts of the developing world to shed light on core debates in comparative politics and comparative political economy This book suggests that the most progress has been made in understanding the persistence of inequality and the nature of political market failures while drawing lessons from the Central American cases to improve explanations of regime change and the outbreak of civil war

The Economies of Latin America Cesar Rodriguez,W. Charles Sawyer,2021-09-20 While Latin America accounts for approximately 7 percent of the world economy easily accessible information on the economies of the region is not always easy to find The existing literature on Latin American economics usually assumes some previous familiarity with the region and is focused on government policy choices The Economies of Latin America is a book for the general reader needing a quick introduction to the economics of the region The book is composed of three parts the first explains Latin America s economic history and a description of the central economic challenges of the region The second offers country specific details The final part deals with the economic future of the region where the authors put forth a Latin American

version of success This book is a useful in depth introduction for students of Latin American economics as well as the general reader

Perspectives on the Agro-Export Economy in Central America Wim Pelupessy,1991-06-18 This volume focuses on the issues and debates surrounding the agricultural export economy of Central America Perspectives on traditional exports and the international markets and labour problems are provided as well as a comparative study of the Salvadorean and Nicaraguan cotton sectors

Revolution And Counterrevolution In Central America And The Caribbean Donald E Schulz,Douglas H Graham,2019-07-09 A detailed examination of the roots of revolution and counterrevolution in Central America and the Caribbean this book draws on the research of an interdisciplinary team of noted scholars The authors give special attention to the institutional and structural causes of stability and instability in particular the traditional role of the United States the current economic crisis the changing role of the Roman Catholic church the influence of the military and security forces the oligarchy and the business sector the problems of instituting socioeconomic reform the politics of subsistence and the revolutionary opposition Following the thematic chapters a country by country focus is employed to assess the situations in El Salvador Guatemala Nicaragua Honduras Costa Rica and Jamaica and a section devoted to the international dimensions of the crisis looks at Mexican Soviet Cuban and U S policies toward the region The editors concluding chapter explores prospects for the future of this troubled area

Central America Roger D. Hansen,1967 Study of the economic integration and economic development of the countries of Central America covers characteristics of the economies the SIECA the response of various sectors e g Private enterprise foreign investment etc to integration the process of economic integration rural development agricultural policy political stability economic policy trade etc
