**Transforming Political Leadership in Local Government** R. Berg, N. Rao, 2005-11-10 Local governments throughout the west are undergoing a transformation of their leadership styles and structures Some countries have abandoned traditional systems of collective or committee based decision making in favour of Cabinet models or more radically a directly elected executive mayor while others have strengthened existing mayoral systems There are a few exceptions to this trend Based on original research in eleven countries the book assesses these changes in terms of their implications for political accountability the role of lay politicians political recruitment the professionalization of leadership and relations with the bureaucracy

Official Leadership in the City James H. Svara, 1990-03-29 The burden of addressing the problems of urban society fall increasingly on cities as the federal government cuts back domestic spending This book examines the roles of mayors councils and administrators in governing and managing their cities Positing that the internal dynamics of city governments are largely shaped by their structures the author shows how council manager governmental structures often foster more cooperation than do mayor council structures Svara provides contrasting models of interaction among officials in the two forms and shows how conflict and cooperation affect the performance of officials in the two structures he contends that proper understanding of the roles and behavior appropriate to each will lead to equal effectiveness between the two

Virtual Communities: Concepts, Methodologies, Tools and Applications Management Association, Information Resources, 2010-10-31 Covers the development design and utilization of virtual organizations and communities and the resulting impact of these venues

*Australian Local Government* Brian Dollery, Neil Marshall, 1997 The last few years have seen unprecedented change taking place in the Australian local government arena In all states the functions and responsibilities of local authorities have been subjected to extensive reform New legislation has redefined the role of councillors Local governments have been required to introduce more efficient and effective management practices and become more open and responsive to their constituencies The scope of traditional regulatory practices has been altered and councils forced to develop a competitive environment for the

provision of services The place of local authorities in the intergovernmental landscape has also changed Different forms of interaction between Commonwealth state and local government are evolving along with the emergence of new funding strategies to encourage a regional focus This is the first book to offer a detailed discussion of the reforms that have taken place and at the same time provide an informative and readable analysis for practitioners and students of government politics and public sector management

**Transforming Public Leadership for the 21st Century** Ricardo S. Morse, Terry F. Buss, C. Morgan Kinghorn, 2014-12-18 The forces of globalization are shifting our world including the public sector away from hierarchy and command and control toward one of collaboration and networks The way public leadership is thought about and practiced must be and is being transformed This volume in the Transformational Trends in Governance Democracy series explores what the shift looks like and also offers guidance on what it should look like Specifically the book focuses on the role of career leaders those in public service who are agents of change not only in their own organizations but also in their communities and policy domains These leaders work in network settings making connections and collaborating to create public value and advance the common good Featuring the insights of an authoritative group of contributors the volume offers a mix of scholarship from philosophical discussions to conceptual models to empirical studies that taken together will help inform the transformation of public leadership that is already underway

*Budgeting for Local Governments and Communities* Douglas Morgan, Kent S. Robinson, Dennis Strachota, James A. Hough, 2017-09-19 Budgeting for Local Governments and Communities is designed as the primary textbook for a quarter or semester long course in public budgeting and finance in an MPA programme Many currently available texts for this course suffer from a combination of defects that include a focus on federal and state budgeting a lack of a theoretical governance framework an omission of important topics and typically a lack of exercises and datasets for student use Budgeting for Local Governments and Communities solves all of these problems The book is exceptionally comprehensive and well written and represents the efforts of veteran authors with both teaching and real world experience Key Features Special Focus on Local Government Budgeting focuses exclusively on budgeting at the local levels of American government which are responsible for spending 40 percent of the taxes collected from citizens Integration of Theory and Practice teaching cases and chapters capture the lessons learned by professional practitioners who have extensive experience in making local public budgeting work on the ground Polity Approach to Local Budgeting presents an introduction to local budgeting as the central political activity that integrates the resources of the community into a unified whole Budgeting is presented as governance work rather than as a unique set of skills possessed by analysts and financial specialists Legal Historical Economic and Moral Foundations of Local Government Budgeting provides readers with an understanding of how the structures and processes of local budgeting systems are firmly tethered to the underlying core values legal principles and historical development of the larger American federal state and local political systems Electronic Datasets and Budgeting Exercises the text includes access to extensive electronic datasets and practice

exercises that provide abundant opportunities for students to learn through doing Extensive Glossary and Bibliography covers terms on the history and practice of local public budgeting Managing E-Government Projects: Concepts, Issues, and Best Practices Aikins, Stephen Kwamena, 2012-01-31 This book collects the work of some of the best scholars and practitioners in the fields of e government and project management who explore how e government projects can be managed planned and executed with effective project management techniques and methodologies Provided by publisher
