John L. Fennell, 2014-01-14 The Russian church is central to an understanding of early Russian and Slav history but for many years there has been no accessible up to date introduction to the subject in English until now The late John Fennell's last book is a masterly survey of the development nature and role of the early Church in Russia from Christianization of the country in 988 through Kievan and Tatar periods to 1448 when the Russian Church finally became totally independent of its mother church in Byzantium *Mongols, Turks, and Others* Reuven Amitai, Michal Biran, 2021-12-28 The interaction

between the Eurasian pastoral nomads most famously the Mongols and Turks and the surrounding sedentary societies is a major theme in world history Nomads were not only raiders and conquerors but also transmitted commodities ideas technologies and other cultural items At the same time their sedentary neighbours affected the nomads in such aspects as religion technology and political culture The essays in this volume use a broad comparative approach that highlights the multifarious nature of nomadic society and its changing relations with the sedentary world in the vicinity of China Russia and the Middle East from antiquity into the contemporary world *Saint Sergius of Radonezh, His Trinity Monastery, and the Formation of the Russian Identity* David B. Miller, 2010-11-05 When Sergius of Radonezh founded a monastery near Moscow
