

THE EMERGING REPUBLICAN MAJORITY

by
KEVIN P. PHILLIPS

The Emerging Republican Majority

Ross Douthat,Reihan Salam

The Emerging Republican Majority:

The Emerging Republican Majority Kevin P. Phillips, 2014-11-23 One of the most important and controversial books in modern American politics *The Emerging Republican Majority* 1969 explained how Richard Nixon won the White House in 1968 and why the Republicans would go on to dominate presidential politics for the next quarter century Rightly or wrongly the book has widely been seen as a blueprint for how Republicans using the so called Southern Strategy could build a durable winning coalition in presidential elections Certainly Nixon s election marked the end of a New Deal Democratic hegemony and the beginning of a conservative realignment encompassing historically Democratic voters from the South and the Florida to California Sun Belt in the book s enduring coinage In accounting for that shift Kevin Phillips showed how two decades and more of social and political changes had created enormous opportunities for a resurgent conservative Republican Party For this new edition Phillips has written a preface describing his view of the book its reception and how its analysis was borne out in subsequent elections A work whose legacy and influence are still fiercely debated *The Emerging Republican Majority* is essential reading for anyone interested in American politics or history *The Emerging Republican Majority* Kevin Phillips, 1970 [The Emerging Republican Majority \[By\] Kevin P. Phillips](#) Kevin Phillips, 1970 [The Emerging Democratic Majority](#) John B. Judis, Ruy Teixeira, 2004-02-10 ONE OF THE ECONOMIST S BEST BOOKS OF THE YEAR AND A WINNER OF THE WASHINGTON MONTHLY S ANNUAL POLITICAL BOOK AWARD Political experts John B Judis and Ruy Teixeira convincingly use hard data demographic geographic economic and political to forecast the dawn of a new progressive era In the 1960s Kevin Phillips battling conventional wisdom correctly foretold the dawn of a new conservative era His book *The Emerging Republican Majority* became an indispensable guide for all those attempting to understand political change through the 1970s and 1980s At the beginning of the twenty first century with the country in Republican hands *The Emerging Democratic Majority* is the indispensable guide to this era In five well researched chapters and a new afterword covering the 2002 elections Judis and Teixeira show how the most dynamic and fastest growing areas of the country are cultivating a new wave of Democratic voters who embrace what the authors call progressive centrism and take umbrage at Republican demands to privatize social security ban abortion and cut back environmental regulations As the GOP continues to be dominated by neoconservatives the religious right and corporate influence this is an essential volume for all those discontented with their narrow agenda and a clarion call for a new political order **The Lost Majority** Sean Trende, 2025-06-25 In today s fraught political climate one thing is indisputable the dream of the emerging Democratic majority is dead How did the Democrats who seemed unstoppable only two short years ago lose their momentum so quickly and what does it mean for the future of our two party system Here RealClearPolitics senior analyst Sean Trende explores the underlying weaknesses of the Democratic promise of recent years and shows how unlikely a new era of liberal values always was as demonstrated by the current backlash against unions and other Democratic pillars Persuasively arguing that both

Republicans and Democrats are failing to connect with the real values of the American people and that long held theories of cyclical political realignments are baseless Trende shows how elusive a true and lasting majority is in today s climate how Democrats can make up for the ground they ve lost and how Republicans can regain power and credibility Trende s surprising insights include The South didn t shift toward the Republicans because of racism but because of economics Barack Obama s 2008 win wasn t grounded in a new transformative coalition but in a narrower version of Bill Clinton s coalition The Latino vote is not a given for the Democrats as they move up the economic ladder they will start voting Republican Even before the recent fights about the public sector Democratic strongholds like unions were no longer relevant political entities With important critiques of the possible Republican presidential nominations in 2012 this is a timely inspiring look at the next era of American politics

The Question of an Emerging Republican Majority and the Future of American Politics

Donald P. Russo,1974

The Emerging Populist Majority Troy M. Olson,Gavin M. Wax,2024-01-23 The Emerging

Populist Majority analyzes America s political future and changing coalitions through long term and emerging trends across demography geography and ideology America is on a new rendezvous with destiny at least that s what co authors Troy M Olson and Gavin M Wax explore in The Emerging Populist Majority With confounding consensus narratives in our media and culture and building on Donald Trump s historical upset in the 2016 presidential election Olson and Wax make the case that the populist revolt remaking American politics is merely at the midfield point Furthermore they argue that this revolt is poised to continue long term and more recent trends predict that populism will become the major political movement in America for the remainder of the twenty first century Building on the late 1960s tradition when Kevin P Phillips accurately predicted the next generation of Republican dominance at the presidential level and considering the forecasted coalition of the ascendent that found its way through the electoral process in the 2006 midterm wave and election of Barack Obama in 2008 The Emerging Populist Majority exists both in that tradition and sets itself apart Casting doubt and scrutiny on realignments and the traditionally agreed upon narrative about them this book is an exploration of the elite corridors of American society Leaving no stone unturned this analytical dive into the past present and future of America s changing electorate and emerging coalitional makeup running through its two major parties has something for the politically obsessed across the divide at home and abroad

Richard Nixon and the Quest for a New Majority Robert Mason,2005-10-12 In

recent years historians have paid substantial attention to the origins of modern political conservatism and the record of the Nixon administration in building a Republican majority in the late twentieth century In Richard Nixon and the Quest for a New Majority Robert Mason analyzes Nixon s response to the developing conservative climate and challenges revisionist claims about the activist nature of the Nixon administration Nixon was an activist in intent Mason contends but not in deed Nixon s silent majority speech of 1969 not only undermined the growth of the antiwar movement Mason shows but also identified a constituency for Nixon to cultivate in order to secure reelection However the implementation of his new majority

project was hindered by the resort to dirty tricks against political opponents and the ineffectual pursuit of a policy agenda. Although some Nixon initiatives were enacted, says Mason, they were not substantial enough to rival the Democrats' bread and butter issues. While Nixon built Republican strength at the presidential level, Mason argues that he did not succeed in mobilizing popular support for broad-based political conservatism.

From George Wallace to Newt Gingrich: Race in the Conservative Counterrevolution, 1963-1994 Dan T. Carter, 1996

Realignment Theodore Rosenof, 2003-05-07
Realignment: The Theory that Changed the Way We Think About American Politics tells the dramatic story of how a new approach to American politics emerged in the aftermath of Harry Truman's stunning 1948 election upset victory. This approach, realignment theory, held that critical elections such as those of the Civil War era, the 1890s, and the 1930s shaped politics for decades to come. Theodore Rosenof details how realignment theory emerged as the predominant explanation of electoral change and how, after decades of analysis, it remains a subject of continuing influence and controversy. The first history of this important theory, Realignment weaves history and political science into a compelling look at American elections.

Republican Populist Charles J. Holden, Zach Messitte, Jerald Podair, 2019-10-28 Typically a maligned figure in American political history, former vice president Spiro T. Agnew is often overlooked. Although he is largely remembered for his alliterative speeches, attacks on the media and East Coast intellectuals, and his resignation from office in 1973 in the wake of tax evasion charges, Agnew had a significant impact on the modern Republican Party that is underappreciated. It is impossible in fact to understand the current internal struggles of the Republican Party without understanding this populist everyman and prototypical middle-class striver who was one of the first proponents of what would become the ideology of Donald Trump's GOP. Republican Populist examines Agnew's efforts to make the Republican Party representative of the silent majority. Under the tutelage of a group of talented speechwriters assigned to Agnew by President Richard Nixon, including Pat Buchanan and William Safire, Agnew crafted the populist-tinged anti-establishment rhetoric that helped turn the Republican Party into a powerful national electoral force that has come to define American politics into the current era. A fascinating political portrait of Agnew from his pre-vice-presidential career through his scandal-driven fall from office, and beyond, this book is a revelatory examination of Agnew's role as one of the founding fathers of the modern Republican Party and of the link between Agnew's People's Party and the fraught party of populists and businessmen today.

The Silent Majority Matthew D. Lassiter, 2013-10-24 Suburban sprawl transformed the political culture of the American South as much as the civil rights movement did during the second half of the twentieth century. The Silent Majority provides the first regionwide account of the suburbanization of the South from the perspective of corporate leaders, political activists, and especially of the ordinary families who lived in booming Sunbelt metropolises such as Atlanta, Charlotte, and Richmond. Matthew Lassiter examines crucial battles over racial integration, court-ordered busing, and housing segregation to explain how the South moved from the era of Jim Crow fully into the mainstream of national currents. During the 1960s and 1970s

the grassroots mobilization of the suburban homeowners and school parents who embraced Richard Nixon's label of the Silent Majority reshaped southern and national politics and helped to set in motion the center right shift that has dominated the United States ever since. The Silent Majority traces the emergence of a color blind ideology in the white middle class suburbs that defended residential segregation and neighborhood schools as the natural outcomes of market forces and individual meritocracy rather than the unconstitutional products of discriminatory public policies. Connecting local and national stories and reintegrating southern and American history, The Silent Majority is critical reading for those interested in urban and suburban studies, political and social history, the civil rights movement, public policy, and the intersection of race and class in modern America.

The Republican Right since 1945 David W. Reinhard, 2021-10-21. In 1981 a Right Wing Republican at long last resided in the White House presiding over what may prove to be the most fundamental restructuring of American political life since the days of Franklin D. Roosevelt. Fortunately, The Republican Right since 1945 now provides us with the necessary historical understanding of conservative Republicans. David Reinhard's dispassionate yet lively book recounts the Republican Right's political struggles from the death of FDR in 1945 to the inauguration of Ronald Reagan. Younger readers will discover that Right Wing Republicans are older than Ronald Reagan or Barry Goldwater and that some conservative Republicans once feared the overextension of American power abroad and the rise of the garrison state at home. Those old enough to remember when the Republican Right was called the Old Guard will rediscover the events and personalities of those earlier years thanks to Reinhard's use of more than thirty-five manuscript collections and the most recent historical writing. Not content to let this history end where traditional manuscript sources run thin, Reinhard has brought the story of the Republican Right Wing forward to President Ronald Reagan's inauguration, placing Right Wing Republican reaction to the Johnson and the Nixon-Ford years within the context of the earlier period and chronicling the electoral triumph of Ronald Reagan and the Republican Right. Students of the past and observers of the present will appreciate Reinhard's treatment of the always troubled Nixon-Republican Right association, challenger Ronald Reagan's battle against President Gerald Ford in 1976, the decline of GOP moderation, and the rise of the New Right Moral Majority forces and their relationship to the now ascendant Republican Right. Reinhard illuminates the conservative Republican past and thereby makes the current political scene more understandable. Thoroughly researched and brilliantly written, The Republican Right since 1945 will fascinate scholars and general readers alike.

The Non-emerging Republican Majority Edward J. McGlynn, 1974

The Republican Party and American Politics from Hoover to Reagan Robert Mason, 2011-11-21. During a long period of the twentieth century stretching from the Great Depression until the Reagan years, defeat generally characterized the electoral record of the Republican party. Although Republicans sometimes secured victory in presidential contests, a majority of Americans identified with the Democratic party, not the GOP. This book investigates how Republicans tackled the problem of their party's minority status and why their efforts to boost GOP fortunes usually ended in

failure At the heart of the Republicans minority puzzle was the profound and persistent popularity of New Deal liberalism This puzzle was stubbornly resistant to solution Efforts to develop a Republican version of government activism met little success Only the Democratic party's decline eventually created opportunities for Republican resurgence This book is the first to offer a wide ranging analysis of the topic which is of central importance to any understanding of modern US political history

The New Majority Stanley B. Greenberg, Theda Skocpol, 1997-01-01 The contributors to this volume argue that America is ready for progressive politics and that embarking on a popular progressive course the Democratic Party can become the moral voice of all American families striving for a better life

Beyond the New Deal Order Gary Gerstle, Nelson Lichtenstein, Alice O'Connor, 2019-11-29 Ever since introducing the concept in the late 1980s historians have been debating the origins nature scope and limitations of the New Deal order the combination of ideas electoral and governing strategies redistributive social policies and full employment economics that became the standard bearer for political liberalism in the wake of the Great Depression and commanded Democratic majorities for decades In the decline and break up of the New Deal coalition historians found keys to understanding the transformations that by the late twentieth century were shifting American politics to the right In *Beyond the New Deal Order* contributors bring fresh perspective to the historic meaning and significance of New Deal liberalism while identifying the elements of a distinctively neoliberal politics that emerged in its wake Part I offers contemporary interpretations of the New Deal with essays that focus on its approach to economic security and inequality its view of participatory governance and its impact on the Republican party as well as Congressional politics Part II features essays that examine how intersectional inequities of class race and gender were embedded in New Deal labor law labor standards and economic policy and brought demands for employment economic justice and collective bargaining protections to the forefront of civil rights and social movement agendas throughout the postwar decades Part III considers the precepts and defining narratives of a post New Deal political structure while the closing essay contemplates the extent to which we may now be witnessing the end of a neoliberal system anchored in free market ideology neo Victorian moral aspirations and post Communist global politics Contributors Eileen Boris Angus Burgin Gary Gerstle Romain Huret Meg Jacobs Michael Kazin Sophia Lee Nelson Lichtenstein Joe McCartin Alice O'Connor Paul Sabin Reuel Schiller Kit Smemo David Stein Jean Christian Vinel Julian Zelizer

Network Propaganda Yochai Benkler, Rob Faris, Harold Roberts, 2018 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Is social media destroying democracy Are Russian propaganda or Fake news entrepreneurs on Facebook undermining our sense of a shared reality A conventional wisdom has emerged since the election of Donald Trump in 2016 that new technologies and their manipulation by foreign actors played a decisive role in his victory and are responsible for the sense of a post truth moment in which disinformation and propaganda thrives *Network Propaganda* challenges that

received wisdom through the most comprehensive study yet published on media coverage of American presidential politics from the start of the election cycle in April 2015 to the one year anniversary of the Trump presidency Analysing millions of news stories together with Twitter and Facebook shares broadcast television and YouTube the book provides a comprehensive overview of the architecture of contemporary American political communications Through data analysis and detailed qualitative case studies of coverage of immigration Clinton scandals and the Trump Russia investigation the book finds that the right wing media ecosystem operates fundamentally differently than the rest of the media environment The authors argue that longstanding institutional political and cultural patterns in American politics interacted with technological change since the 1970s to create a propaganda feedback loop in American conservative media This dynamic has marginalized centre right media and politicians radicalized the right wing ecosystem and rendered it susceptible to propaganda efforts foreign and domestic For readers outside the United States the book offers a new perspective and methods for diagnosing the sources of and potential solutions for the perceived global crisis of democratic politics

Grand New Party Ross Douthat,Reihan Salam,2009-06-02 In a provocative challenge to Republican conventional wisdom two of the Right s rising young thinkers call upon the GOP to focus on the interests and needs of working class voters Grand New Party lays bare the failures of the conservative revolution and presents a detailed blueprint for building the next Republican majority Blending history analysis and fresh often controversial recommendations Ross Douthat and Reihan Salam argue that it is time to move beyond the Reagan legacy and the current Republican power structure With specific proposals covering such hot button topics as immigration health care and taxes Grand New Party shakes up the Right challenges the Left and confronts the changing political landscape

The Emerging Republican Majority Introduction

In today's digital age, the availability of The Emerging Republican Majority books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Emerging Republican Majority books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Emerging Republican Majority books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Emerging Republican Majority versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The Emerging Republican Majority books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Emerging Republican Majority books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Emerging Republican Majority books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Emerging Republican Majority books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Emerging Republican Majority books and manuals for download and embark on your journey of knowledge?

FAQs About The Emerging Republican Majority Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Emerging Republican Majority is one of the best book in our library for free trial. We provide copy of The Emerging Republican Majority in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Emerging Republican Majority. Where to download The Emerging Republican Majority online for free? Are you looking for The Emerging Republican Majority PDF? This is definitely going to save you time and cash in something you should think about.
