The Emperors Gift:

The Emperor's Gift Aaron Dembski-Bowden, 2012 The Grey Knights are all that stands between mankind and the ravages of Chaos Since their secretive beginnings during the Horus Heresy these legendary Space Marine daemon hunters have journeyed into the dark realms of the warp and beyond in pursuit of their supernatural enemies *The Conqueror's Gift* Michael Maas, 2025-02-25 The essential role of ethnographic thought in the Roman empire and how it evolved in Late Antiquity Ethnography is indispensable for every empire as important as armies tax collectors or ambassadors It helps rulers articulate cultural differences and it lets the inhabitants of the empire especially those who guide its course understand themselves in the midst of enemies allies and friends In *The Conqueror's Gift* Michael Maas examines the ethnographic infrastructure of the Roman Empire and the transformation of Rome's ethnographic vision during Late Antiquity Drawing on a wide range of texts Maas shows how the Romans' ethnographic thought evolved as they attended to the business of ruling an empire on three continents Ethnography the conqueror's gift gave Romans structured ways of finding a place for foreigners in the imperial worldview and helped justify imperial action affecting them In Late Antiquity Christianity revolutionized the imperial ethnographic infrastructure by altering old concepts and introducing credal models of community The Bible became a source for organizing the Roman world At the same time many previously unseen collective identities emerged across Western Eurasia in reaction to the diminution of Roman power These changes deeply affected the Empire's ethnographic infrastructure and vision of the world Maas argues that a major consequence of these developments was the beginning of a sectarian age as individuals and political communities came to identify themselves primarily in terms of religion as well as ethnicity As they adjusted to changing ethnographic realities Romans understood their place among the peoples of the world in new ways Willingly or not we continue to be recipients of the conqueror's gift today **The Emperors' Album** Stuart Cary Welch, 1987 Fifty leaves that form the sumptuous Kevorkian Album one of the world's greatest assemblages of Mughal art Metropolitan Museum of Art website **Kat and the Emperor's Gift** Emma Bradford, 1998 Having traveled in her time machine to the court of Kublai Khan Kat comes to the aid of a Mongolian princess who is facing a fearful future **A Gift of the Emperor** Therese Park, 2005-05 In World War II Soon-ah is among a class of Korean schoolgirls abducted by Japanese troops to serve as comfort women A Japanese reporter falls in love with her they manage to escape and are rescued by the U.S. Navy *A History of Rome Under the Emperors* Theodor Mommsen, 2005-11-03 A full and detailed transcript of Mommsen's famous lectures made by two of his students has been edited to provide an authoritative reconstruction Includes detailed notes and references and an introduction by Thomas Wiedemann **Rembrandt, Vermeer, and the Gift in Seventeenth-Century Dutch Art** Michael Zell, 2025-10-01 Rembrandt Vermeer and the Gift in Seventeenth-Century Dutch Art offers a new perspective on the art of the Dutch Golden Age by exploring the interaction between the gift's symbolic economy of reciprocity and obligation and the artistic culture of

early modern Holland Gifts of art were pervasive in seventeenth century Europe and many Dutch artists like their counterparts elsewhere embraced gift giving to cultivate relations with patrons art lovers and other members of their social networks Rembrandt also created distinctive works to function within a context of gift exchange and both Rembrandt and Vermeer engaged the ethics of the gift to identify their creative labor as motivated by what contemporaries called a love of art not materialistic gain In the merchant republic s vibrant market for art networks of gift relations and the anti economic rhetoric of the gift mingled with the growing dimension of commerce revealing a unique chapter in the interconnected history of gift giving and art making

Ancient Roman Statutes Rome,Allan Chester Johnson,Paul Robinson Coleman-Norton, Frank Card Bourne,1961 *The Emperor and the World* Alicia Walker,2012-04-30 Byzantine imperial imagery is commonly perceived as a static system In contrast to this common portrayal this book draws attention to its openness and responsiveness to other artistic traditions Through a close examination of significant objects and monuments created over a 350 year period from the ninth to the thirteenth century Alicia Walker shows how the visual articulation of Byzantine imperial power not only maintained a visual vocabulary inherited from Greco Roman antiquity and the Judeo Christian tradition but also innovated on these artistic precedents by incorporating styles and forms from contemporary foreign cultures specifically the Sasanian Chinese and Islamic worlds In addition to art and architecture this book explores historical accounts and literary works as well as records of ceremonial practices thereby demonstrating how texts ritual and images operated as integrated agents of imperial power Walker offers new ways to think about cross cultural interaction in the Middle Ages and explores the diverse ways in which imperial images employed foreign elements in order to express particularly Byzantine meanings

The Cultural Lives of Domestic Objects in Late Antiquity Jo Stoner,2019-03-19 In this study Jo Stoner investigates the role of domestic material culture in Late Antiquity Using archaeological visual and textual evidence from across the Roman Empire the personal meanings of late antique possessions are revealed through reference to theoretical approaches including object biography Heirlooms souvenirs and gift objects are discussed in terms of sentimental value before the book culminates in a case study reassessing baskets as an artefact type This volume succeeds in demonstrating personal scales of value for artefacts moving away from the focus on economic and social status that dominate studies in this field It thus represents a new interpretation of domestic material culture from Late Antiquity revealing how objects transformed houses into homes during this period
