Hédervári,1984 Space and Time David C. Wright, Jr.,Allan W. Austin,2010-04-19 Essays in this work examine treatments of history in science fiction and fantasy television programs from a variety of disciplinary and methodological perspectives Some essays approach science fiction and fantasy television as primary evidence demonstrating how such programs consciously or unconsciously elucidate persistent concerns and enduring ideals of a past era and place Other essays study television as secondary evidence investigating how popular media construct and communicate narratives about past events

The Earth in Context David M. Harland,2001-10-18 Distinguished space historian Harland tells an inspiring tale of scientific discovery with two interwoven strands tracing the earths geological history and the Earth in relation to the solar system 100 illustrations **Moses in Biblical and Extra-Biblical Traditions** Axel Graupner,Michael Wolter,2012-02-13 The papers in this volume revolve around the history of the influence exerted by the person of Moses and the traditions associated with him They deal not only with the function of the figure of Moses in the Pentateuch the salvation in the Red Sea and the final day of Moses life but also with the way Moses was received in the Deuteronomic history the Psalms the Book of Jeremiah the Septuagint in Qumran early Jewish extra biblical literature the New Testament and the Early Church

Ancient Astronauts, Cosmic Collisions William H. Stiebing,2010-06-03 Controversial archaeological and astronomical discoveries have been the subject of countless news stories best selling books movies and television programs Promoted but seldom critically evaluated are the theories that markings in the desert of Peru are the remains of an ancient airfield used by space visitors that the Great Pyramid of Giza in Egypt exhibits advanced technology unknown to the ancient Egyptians and that there were near collisions between planets of our solar system in historical times This book critically evaluates many of these popular hypotheses about man s early history It presents the most important evidence and arguments for and against theories of a universal flood the lost continent of Atlantis mysterious pyramid powers pre Columbian voyages to America by ancient Egyptians and Phoenicians and Velikovsky s cosmic catastrophism Professor Stiebing stresses the need for careful and objective analysis of the evidence used to support radical reconstructions of the past The book discusses radio carbon dating archaeological stratigraphy textual interpretation and epigraphy as well as emphasis on the proper use of data provided by geology astronomy and other sciences It is written in non technical language and will appeal to a wide audience

The Nonviolent Coming of God James W. Douglass,2006-04-01 In this his most eloquent and far reaching book James Douglass explores the haunting parallels between the situation of Jesus and our situation today Jesus who lived in anticipation of the impending destruction of Jerusalem by the Romans and suffered from this vision called urgently for a

radical conversion to avert the tragedy The choice then as now was between nonviolence and nonexistence This choice is even more stark in the nuclear age Whether describing the visions of Gandhi Martin Luther King Jr Archbishop Romero or the witness of his own community against the White Train carrying warheads across the country Douglass can discern the sights of a second coming a nonviolent coming of God The possibility for a different future depends on a different kind of humanity renewed and transformed by the nonviolent cross of Christ **Jason and the Argonauts through the Ages**

Jason Colavito,2014-04-04 The story of Jason and the Argonauts is one of the most famous in Greek myth and its development from the oldest layers of Greek mythology down to the modern age encapsulates the dramatic changes in faith power and culture that Western civilization has seen over the past three millennia From the Bronze Age to the Classical Age from the medieval world to today the Jason story has been told and retold with new stories details and meanings This book explores the epic history of a colorful myth and probes the most ancient origins of the quest for the Golden Fleece a quest that takes us to the very dawn of Greek religion and its close relationship with Near Eastern peoples and cultures Earth Under Fire

Paul A. LaViolette,2005-10-25 In Earth Under Fire Paul LaViolette investigates the connection between ancient world catastrophe myths and modern scientific evidence of a galactic destruction cycle demonstrating how past civilizations accurately recorded the causes of these cataclysmic events knowledge of which may be crucial for the human race to survive the next catastrophic superwave cycle **Before the Flood** Ian Wilson,2014-04-01 In the six hundredth year of Noah s life

in the second month the seventeenth day of the month the same day were all the fountains of the great deep broken up and the windows of heaven were opened And the rain was upon the earth forty days and forty nights The great Biblical flood so described in Genesis has long been a subject of fascination and speculation In the 19th century the English archbishop James Ussher established it as having happened in the year 2348 B C calculating what was then taken as the age of the earth and working backward through the entire series of Biblical begets Proof of the flood which is an element of so many creation myths began in earnest when archaeology started connecting physical evidence with Biblical story The dream of proving the Bible as literal truth has proven irresistible producing both spurious claims and serious scholarship As best selling historian Ian Wilson reveals in this fascinating new book evidence of a catastrophic event has been building steadily culminating in the work of William Ryan and Walter Pitman Several years ago Ryan and Pitman had posited that around 5600 BC there had an inundation in the Black Sea of such proportions that it turned the freshwater lake into a saltwater lake by connecting it to the Mediterranean Were that true they estimated that there would be signs of civilization 300 feet below the surface of the Black Sea In September 2000 using his famous underwater equipment Robert Ballard of SS Titanic fame explored parts of the Black Sea near the Turkish shore and found the remains of wood houses There had been a flood and whether God s wrath or not it had destroyed everything around it for hundreds of miles killing tens of thousands of people Exploring all the archeological evidence Wilson explains how the Black Sea flood and the Biblical flood have to be connected In particular

Wilson argues learnedly and persuasively that the center of the civilized world was further to the West than previously thought not in Egypt or Mesopotamia but in what is today Northern Turkey The earliest antediluvian civilizations may have migrated east into those places we have come to call the cradles of civilization forced by the Black Sea flood to create new settlements

Scrupulous in its details and compelling in its sweep Before the Flood is narrative detective history at its most provocative contributing a vital new chapter to the debate about the Bible and origins of the modern world Legends of the Earth Dorothy B. Vitaliano, 1973 The slower geologic processes are represented by myths associated with natural landforms rocks and minerals rivers and mountains and other outstanding features of the landscape Examples are also given to show some minor ways in which folklore and geology impinge on one another misconceptions about geologic phenomena such as earthquakes which are so prevalent as to constitute a form of modern folklore and conversely ideas long considered to be pure folklore which may prove to have some basis in scientific fact The most dramatic example of geomythology so far discovered is the theory the origin of the lost continent of Atlantis may be found in the Minoan civilization of Crete which suddenly disappeared from view around 1450 B C about the time of a tremendous eruption known to have occurred in the nearby volcano Santorin This theory variously developed by Marinatos and Galanopoulos is examined in the light of new evidence gathered in Crete by Mrs *When the Sky Fell* Rand Flem-Ath, Rose Flem-Ath, 1997-12-15 The fascinating truth about Atlantis leads to a chilling conclusion about the environmental catastrophe that destroyed it Now you can find out how the forces that shattered the first great civilization on Earth can happen again bringing the end of the world to us all With an Introduction by Colin Wilson Martin's Press A History of Greek Philosophy: Volume 5, The Later Plato and the Academy W. K. C. Guthrie, William Keith Chambers Guthrie, 1986-04-24 In this volume Professor Guthrie continues and completes his account of Plato's philosophy *Topography and Deep Structure in Plato* Clinton DeBevoise Corcoran, 2016-11-15 In this book Clinton DeBevoise Corcoran examines the use of place in Plato's dialogues Corcoran argues that spatial representations such as walls caves and roads as well as the creation of eternal patterns and chaotic images in the particular spaces times characterizations and actions of the dialogues provide clues to Plato's philosophic project Throughout the dialogues the Good serves as an overarching ordering principle for the construction of place and the proper limit of spaces whether they be here in the world deep in the underworld or in the nonspatial ideal realm of the Forms The Good since it escapes the limits of space and time equips Plato with a powerful mythopoetic tool to create settings frames and arguments that superimpose different dimensions of reality allowing worlds to overlap that would otherwise be incommensurable The Good also serves as a powerful ethical tool for evaluating the order of different spaces Corcoran explores how Plato uses wrestling and war as metaphors for the mixing of the nonspatial eternal forms in the world and history and how he uses spatial images throughout the dialogues to critique Athens's tragic overreach in the Peloponnesian War Far from merely an incidental backdrop in the dialogues place etches the tragic intersection of the mortal and the immortal good and evil and Athens's past present and

future **Digging through History Again** Richard A. Freund, 2023-01-07 Digging through History Again New Discoveries from Atlantis to the Holocaust follows archaeologist Richard Freund's journey through some of the most fascinating archaeological sites of human history including the mysterious Atlantis Qumran and the Dead Sea Scrolls a medieval synagogue in northern Spain and the long buried Holocaust camp Sobibor and long neglected sites of the Holocaust Each chapter takes readers through a different archaeological site showing what we can learn about past religious life and religious faith through the artifacts found there as well as what has given each site such strong staying power over time It also highlights the technological developments in geoscience and archaeology of the last 25 years that allows us to uncover more with less time expense and labor while observing the sensitivities associated with Jewish traditions Digging Through History Again further explores just how expansive the lost Atlantis Civilization really is expands upon information known about the Dead Sea Scrolls and the newly discovered caves where more scrolls will be found and uncovers new excavations of the death camp of Sobibor the secrets of the Warsaw Ghetto and escapes from Sobibor Ponar and Fort IX that will help set a standard for future archaeology of the Holocaust Richard Freund and the research in Digging through History are featured in the National Geographic documentary Atlantis Rising which premiered on National Geographic in 2017 and a documentary follows Oscar winning executive producer James Cameron and Emmy winning filmmaker Simcha Jacobovici as they investigate the myths and realities of Atlantis The chapter on the Archaeology of Jewish Resistance during the Holocaust is also a part of the new television documentary Resistance They Fought Back set to air in 2023 Digging through History is the only book that details Freund's groundbreaking research on Atlantis and on Jewish resistance during the Holocaust that is featured in the films Principalities and Powers John Warwick Montgomery, 2018-01-27 A fascinating look at the paranormal the supernatural and the hidden things including prophecy divination poltergeist cabala extra sensory perception fairies ghosts astrology and other bizarre phenomena **Out of the Desert** William H. Stiebing, 2012-07-03 Two of the best known stories in the Bible are those of Moses leading his people out of Egypt and Joshua's conquest of the Promised Land Indeed they form one of the cornerstones of the Judeo Christian tradition But is the Bible a reliable source of information for Israel's early history Are the Exodus and Conquest actual historical events And if they are when and where did they occur Out of the Desert rigorously examines accounts of these historic events and traces the authenticity dates and explanations for the Israelites departure from Egypt and subsequent conquest of Canaan Clarifying these events in a straightforward informative manner Out of the Desert includes a generous number of charts and illustrations William H Stiebing Jr places the Exodus within its cultural context during the beginning of the Iron Age 1200 1100 B C a time of drought famine and collapse of social order which gave way to the emergence and dominance of the tribes that joined forces to become the confederation of Israel Many conventional ideas concerning the Exodus and Conquest are radically challenged in Out of the Desert Stiebing's accounts of archaeological digs and rival theories make the narrative lively and engrossing his unique insight into the field

of modern archaeology provides a rare glimpse into the wonders of man's history

Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. The End Of Atlantis New Light On An Old Legend : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The End Of Atlantis New Light On An Old Legend : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
