**Hellhole: Awakening** Brian Herbert, Kevin J. Anderson, 2013-03-26 General Adolphus knows the Monarchy crackdown is coming. Now he needs to pull together all the resources of the Hellhole colony, the ever-expanding shadow Xayan settlement, and his connections with the other Deep Zone worlds. *Surprised at Being Alive* Robert F. Curtis, 2014-12-30 From flying with the Screaming Eagles in Vietnam to serving with the Marines and the Royal Navy, this memoir recounts the life of a career military pilot. Sometimes it just isn't your day. Whether your helicopter comes apart in flight due to equipment failure or another aircraft runs into you in midair or an enemy gunner lands his rounds in exactly the right spot to take you out of the sky. That's why, after twenty-four years and more than five thousand flight hours with four armed services, Maj Robert Curtis was surprised to still be alive when he passed his retirement physical. His flying career began in the thick of the war flying Chinooks over Vietnam with the 101st Airborne. From there, Curtis continued to serve with the National Guard while attending college. By then, flying had become an addiction for Curtis, so he continued on with the Marine Corps and Royal Navy. Over the next seventeen years, he would fly off US and British ships from Egypt to Norway and all points in between. Curtis flew eight different helicopters: the wooden-bladed OH-13E, the Chinook, SeaKnight, and SeaKing, in war and peace around the world. During that time, many of his friends died in crashes, both in combat and in accidents. But some combination of skill, luck, and superstition saw him through. *Fractured: Athena Rising* Greg Jackson, 2012 The United States is in a state of organized chaos. It is a melting pot run by the corporate-appointed President Walter Kane. The military has been eradicated, democracy has been abolished, and the citizens are kept in line under the strict word of God. But a revolution has been set in motion with a ground-breaking technology eighteen years in the making, courtesy of Dr. Dana Dalton. She is the head research scientist reporting directly to President Kane, who is also the CEO of Olympus Tech. She has been working in the shadows against all rules for the good of the people, but she soon realizes that the lines between research and morality become increasingly blurred. Welcome to The Athena Initiative. Welcome to the dawn of the New Republic. Join the revolution in the first book of the pulse-pounding, mind-bending science fiction *Fractured Saga*, where 18-year-old Dylan King escapes a life of abuse only to be thrown into a political game where her sanity will be tested and her very existence will hang in the balance. Will she embrace this technological gift that she's been given, or will she fight it to the death? Dylan is a street-smart, lost girl who lives among the dregs of society in Prison Ward Four, among the rapists, thieves, junkies, and killers. Will she rise to her calling as a catalyst for the new world, or will she survive Ward Four at all? Take a ride into Dylan's twisted reality and witness *Athena Rising*. **Tuff** Paul Beatty, 2012-11-07 From the author of the 2016 Man Booker Prize winner *The Sellout* comes a novel as fast-paced and hard-edged as the Harlem streets it portrays. Age nineteen and weighing in at 320 pounds, Winston Tuffy Foshay is an East Harlem denizen who breaks jaws and shoots dogs and dreams of millions from his idea, Cap'n Crunch The Movie, starring Danny DeVito. His best friend is a disabled Muslim who

wants to rob banks his guiding light is an ex hippie Asian woman who worked for Malcolm X and his wife Yolanda he married from jail over the phone He s funny and fierce frustrated and feared And when Tuff decides to run for City Council this dazzling novel goes from profoundly funny to acerbically sublime Populated with an incisively hilarious supporting case and filled with meaning and irreverent Tuff is satire at its hard edged best J.A.P. EDWARD LANDERS,2013-12-10 JAP is a story about a young man who somehow through a series of accidents intentions mistakes and drive became a Naval Aviator no mean feat by any accounts Having survived the grim reaper several times during his eight years of flying on active duty with the Navy he has come to believe sort of that he is a good aviator and can take care of just about anything that arises in the realm of flying He has disgustedly left active duty flying with the Navy as the result of witnessing inept officers who should never have made the grade continue to fly and serve without any leadership skills or command authority amounting to anything effective Most of them were in the young mans opinion timid beings who were only concerned with keeping their status quo resulting in their refusal to make decisions let alone lead in any forward power projections His decision to leave the Navy and throw his lot in with the airline pilots career was based on his perception that an airline captain just had to be made of stronger stuff That idea was also doomed to an early failure when he actually started to fly with the pilots who make up the airborne operation of the airline He found the same weaknesses on the part of the airline pilots that he had witnessed in the Navy pilots he had flown with Still struggling to find perfection the young man named Kruger in the book tries flying with the Naval Reserve pilots only to find once more that those pilots were even worse than the two groups that he had flown with earlier Krugers worst nightmare finally comes to pass when he finds himself making some bad mistakes and decisions just like all of the other pilots he has ever encountered He has become a JAP or just another pilot like all of the others In spite of all of the disappointments he encounters he still has fun and fulfillment flying and is convinced that he could really do no job other than flying Flying has always been described as hours and hours of boredom punctuated by moments of stark terror Krugers experiences follow that pattern except the boring hours are interesting also Kruger had always considered that the most exhilarating and exciting time you could ever experience was when you were right on the dangerous edge of things when you had less than a fifty percent chance of surviving the situation you were in and when you finally came out on top alive and well albeit that your heart was trying to go into tachycardia and your breathing could only be described as panting There is no rush better than this There are no punches pulled in the book The author tells it like it really was without cutting corners or glossing over the facts It is what it was People are people and no one is perfect We all have warts no matter how good we look and usually the ones who boast the most and are the models of perfection are the ones who have the most faults As the Bible says Judge not lest ye be judged Kruger finds that to be very true and as a result he mulls each flight in his mind in an effort to try to perfect what he has just done There are no heroes in the book but there are a lot of truths if you can find them
