The Helping Hand Caroline Matilda Kirkland,1853

Helping the Problem Drinker

Tim Stockwell,Sue Clement,2023-12-01 Originally published in 1987 Helping the Problem Drinker addressed the realisation that only a small proportion of problem drinkers ever contacted existing treatment agencies and that therefore a more comprehensive community oriented approach should be developed This included training of primary care health workers and the development of multidisciplinary Community Alcohol Teams At the time other community based initiatives such as self help groups for early problem drinkers and early intervention programmes in general practice and general hospitals had been implemented This book draws together what had been learned about these new developments a number of which had now been evaluated The book will still be of interest to all planners and professional staff concerned with alcohol problems both specialists and non specialists in general medicine psychiatry psychology and the social services

From Individual to Collective Intentionality Sara Rachel Chant, Frank Hindriks, Gerhard Preyer,2014-02-28 Many of the things we do we do together with other people Think of carpooling and playing tennis In the past two or three decades it has become increasingly popular to analyze such collective actions in terms of collective intentions This volume brings together ten new philosophical essays that address issues such as how individuals succeed in maintaining coordination throughout the

performance of a collective action whether groups can actually believe propositions or whether they merely accept them and what kind of evidence if any disciplines such as cognitive science and semantics provide in support of irreducibly collective states The theories of the Big Four of collective intentionality Michael Bratman Raimo Tuomela John Searle and Margaret Gilbert and the Big Five of Social Ontology which in addition to the Big Four includes Philip Pettit play a central role in almost all of these essays Drawing on insights from a wide range of disciplines including dynamical systems theory economics and psychology the contributors develop existing theories criticize them or provide alternatives to them Several essays challenge the idea that there is a straightforward dichotomy between individual and collective level rationality and explore the interplay between these levels in order to shed new light on the alleged discontinuities between them These contributions make abundantly clear that it is no longer an option simply to juxtapose analyses of individual and collective level phenomena and maintain that there is a discrepancy Some go as far as arguing that on closer inspection the alleged discontinuities dissolve

Social Class and the Helping Professions Deborah Crawford Sturm, Donna M. Gibson, 2012-04-27 This book provides a comprehensive examination of the intersection of social class and the helping professions including examinations of the role of social class in American culture classism social class and mental health and the American Dream It will be a valuable tool for practitioners in a variety of mental health professions providing a clearer understanding of social class as it relates to themselves and their clients The first section contains an introduction to the global historical and sociological aspects of class and an in depth look at urban and rural poverty the middle class and the upper class and economic privilege The reader will find not only an examination of these social constructs but also an opportunity to examine their own experience with social class The next section brings the reader into the world of their clients in more specific ways examining the role social class plays in mental health and mental health counseling in the family structure and in counseling families and in the experiences people have throughout the educational process and in schools Finally the last section of the book discusses specific techniques and models to use in the reader's clinical practice including how to assess clients experiences of class and classism and how these experiences have shaped their worldview and view of the self Case studies throughout demonstrate fair and accurate diagnosis assessment and treatment

Transformational Leadership for the Helping Professions Jean F. East, 2018-09-03 Twenty first century challenges abound for people in leadership roles in the helping professions i e social work nursing teaching public health and social services It is the mission of these professionals to facilitate change not only for consumers of their work but also for organizations and communities While many books written for human services leaders focus on leadership roles and tasks Transformational Leadership for the Helping Professions explores growth in leadership coupled with key competencies The text also combines both classic and current theories on leadership with a philosophical lens on its meaning and practice in human services settings Social workers nurses teachers public health workers and community leaders will find the text to be a useful guide in strengthening their

consideration of leadership theory while they practice in day to day work Additionally educators and students of leadership in the helping professions will gain a solid understanding of key facets of leadership practice within a framework that inspires a social justice empowerment and cultural humility perspective

Essential Interviewing Skills for the Helping Professions Nicole Nicotera, 2018-04-26 *Essential Interviewing Skills for the Helping Professions* reaches beyond most other essential skills for clinical interviewing books with its emphasis on social justice attention to the role of microaggressions in clinical practice and the utmost importance of practitioner wellness as integral to longevity in the helping professions Each chapter addresses interviewing skills that are foundational to the helping professions from mental health to physical health includes detailed exercises addresses social justice and discusses practitioner wellness opportunities Sometimes clients stories are fraught with trauma other times their stories are bound within generations of substance addiction or family violence while other clinical stories present personal and social obstacles that arise from years of oppression at the hands of prejudice and discrimination This book therefore goes beyond the basic ideas of choosing when to use an open question or to reflect emotions by covering how to integrate social justice and knowledge of power privilege and oppression into the interviewing arena Essential interviewing skills require the practitioner to not only purposefully listen to the client s story but also to be self aware and willing to acknowledge mistakes and learn from them The work of the clinical interviewer is a continuous challenge of balancing listening responding action and self awareness and this book is designed to help
