as to whether or not the film was altered Finding the original Nix film would answer one of the most enduring questions related to this horrific event Was there a conspiracy to kill John F Kennedy on November 22 1963 Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home The Complete Guide to Shadow People Robert J Dornan,2025-04-04 The Complete Guide to Shadow People is the ultimate exploration into one of the most chilling and enigmatic paranormal phenomena of our time Shadow beings have been whispered about for centuries dark figures lurking in the corners of vision faceless entities watching from the foot of the bed and eerie presences that vanish the moment they are fully seen But what are they Where do they come from And most disturbingly what do they want This gripping book takes readers on a journey through the history folklore and modern day encounters with shadow entities From the infamous Hat Man to glowing eyed figures that speak in whispers from black eyed children knocking at the door to government conspiracies linking shadow beings to interdimensional visitors every chilling account is backed by research eyewitness testimonies and deep investigations into the unknown Are shadow people merely tricks of the mind or do they feed on fear Can technology detect them And what should someone do if they find themselves face to face with one of these beings The Complete Guide to Shadow People provides answers chilling case studies and methods of protection for those who dare to look into the darkness For believers and skeptics alike this book will challenge perceptions of reality and leave readers questioning what might be watching them from just beyond the veil **Black City Demon** Richard A.
