intrusive persona of the Defence of Poetry Focusing on the significance of these and other self representations throughout Sidney s career Berry combines biography social history and literary criticism to achieve a carefully balanced portrayal of the poet s life and work This is a book that makes a significant contribution to our understanding of Sidney and is likely to appeal to both students and scholars of Sidney as well as to those wishing to understand the cultural events that shaped this central figure of the English Renaissance Electronic Format Disclaimer Figure 2 removed at the request of the rights holder
